INTRODUCTION

The Washington State Charter School Commission (Commission) was created in 2013, after the approval of Initiative 1240, and ratified when Engrossed Second Substitute Senate Bill 6194 became law in April 2016, to serve as a statewide charter school authorizer. The 11-member Commission is tasked with running a process to approve new charter schools, and effectively monitoring the schools it authorizes through ongoing oversight. Per the Charter School Act, the Commission has established its strategic vision for authorizing to guide its work:

The Washington State Charter School Commission seeks to authorize high-quality schools that will significantly improve student outcomes, particularly for at-risk students. The Commission will hold schools accountable for student learning using multiple measures of student achievement.

The Commission seeks to build a diverse portfolio of school delivery models that expands the authority of teachers and school leaders and encourages and accelerates the identification and use of best practices in teaching and learning. It also seeks to develop, test, and document innovative, new ideas that can be replicated in other Washington schools.

The Commission expects schools to have authentic and sustainable connections to the communities they serve. These connections are evidenced by strong commitments from community and business stakeholders, systems for ensuring cultural sensitivity, responsiveness to all students and their families, and effective, engaged governance boards.

The Commission is an agency that is guided by its mission, strives to achieve its vision and aspires to operate in alignment with a set of core values.

Mission

To authorize high-quality charter public schools and provide effective oversight and transparent accountability to improve educational outcomes for at-risk students.

Values

Student-Centered

Cultural and Community Responsiveness

Excellence and Continuous Learning

Accountability/Responsibility

Transparency

Innovation

Vision

Foster innovation and ensure excellence so that every student has access to and thrives in a high-quality public school.

The Charter School Act requires the Commission to annually issue a solicitation for applications (New Charter School Application) to open new charter schools. Through the issuance of this New Charter School Application, the Commission seeks applications to open new high-quality charter schools that are aligned with its strategic vision throughout the state of Washington. To that end, the Commission worked closely with a national third-party, the National Association of Charter School Authorizers (NACSA), in 2013 to develop a rigorous, thorough, and transparent response and review process.

The Commission is committed to being culturally responsive. To that end, the Commission strongly encourages applicants to demonstrate how they will implement the following concepts throughout their application:

Cultural Inclusion

Inclusion is widely thought of as a practice of ensuring that people in organizations feel they belong, are engaged, and are connected through their work to the goals and objectives of the organization. Miller and Katz (2002) present a common definition: “Inclusion is a sense of belonging: feeling respected, valued for who you are, feeling a level of supportive energy and commitment from others so that you can do your best work.” Inclusion is a shift in organization culture. The process of inclusion engages each individual and makes each feel valued and essential to the success of the organization. Individuals function at full capacity, feel more valued and are included in the organization’s mission. This culture shift creates higher-performing organizations where motivation and morale soar.¹

Cultural Responsive Education Systems

Culturally responsive educational systems are grounded in the beliefs that all culturally and linguistically diverse students can excel in academic endeavors when their culture, language, heritage, and experiences are valued and used to facilitate their learning and development, and they are provided access to high-quality teachers, programs, and resources.²

Cultural Competency

Cultural competence provides a set of skills that professionals need in order to improve practice to serve all students and communicate effectively with their families. These skills enable the educator to build on the cultural and language qualities that young people bring to the classroom rather than viewing those qualities as deficits.

Cultural competence allows educators to ask questions about their practice in order to successfully teach students who come from different cultural backgrounds.

Developing skills in cultural competence is like learning a language, a sport or an instrument.

The learner must learn, relearn, continuously practice, and develop in an environment of constant change. Cultures and individuals are dynamic – they constantly adapt and evolve.

Cultural competence is:

- Knowing the community where the school is located,
- Understanding all people have a unique world view,
- Using curriculum and implementing an educational program that is respectful of and relevant to the cultures represented in its student body,
- Being alert to the ways that culture affects who we are,
- Places the focus of responsibility on the professional and the institution,
- The examination of systems, structures, policies and practices for their impact on all students and families viewing those systems as deficits.

Eligibility

This New Charter School Application process seeks applications for schools that plan to open and serve students in the 2018-2019 school year. If an applicant submits an application for the 2019-2020 school year, it will be reviewed for the same readiness standards as the schools intending to open in the designated solicitation year (2018-2019). Applicants for the 2019-2020 school year must *also* provide good cause for delaying the proposed school's opening for one year beyond the designated solicitation year. This delay, if granted by the Commission, will count as an extension of the school's one year planning delay under RCW 28A.710.160.

By law, only nonprofit organizations may operate charter schools in the state of Washington. An applicant must be either a public benefit nonprofit corporation as defined in RCW 24.03.490, or a nonprofit corporation as defined in RCW 24.03.005 that has applied for tax exempt status under section 501(c)(3) of the Internal Revenue Code of 1986 (26 U.S.C. Sec. 501(c)(3)). The nonprofit corporation may

not be a sectarian or religious organization and must meet all of the requirements for a public benefit nonprofit corporation before receiving any funding under RCW 28A.710.220.

Additionally, contracts for management operation of a charter school may only be with nonprofit organizations. Contracts with education service providers for substantial educational services, management services, or both, must also be with a nonprofit organization. Proof of nonprofit corporation status of such contractors must be provided.

Applications will be reviewed for satisfaction of the eligibility requirements (see Completeness Review). If these eligibility requirements are not met, the application may be summarily rejected.

Additionally, new, for schools opening in 2018 -2019 and 2019-2020, applicants will have the option of also applying for federal Charter School Program (CSP) planning and/or implementation grants – *when* they submit their New Charter School Application (See Section 30). Approved new charter school applicants are then eligible to receive the CSP federal planning and implementation funds.

This conference will not include any discussion of or comparison to applications from any other applicant.

Protest Procedures

Only applicants whose applications are not approved by the Commission AND who participate in a debriefing conference may make protests. Upon completion of the debriefing conference, the applicant will have five (5) business days to file a formal protest of the New Charter School Application with the New Charter School Application Coordinator.

Protests must be received by the New Charter School Application Coordinator no later than 5:00 pm PDT on the fifth (5th) business day following the debriefing. Protests may be submitted by email, but must be followed in hard-copy form with an original signature.

In the event a protest may affect the interest of another applicant that also submitted an application, such applicant will be given an opportunity to submit its views and any relevant information on the protest to the New Charter School Application Coordinator.

Applicants submitting protests shall follow the procedures described below. Protests that do not follow these procedures will not be considered. This protest procedure constitutes the sole administrative remedy available to applicants. 2. The protests must contain a description of the relief or corrective action being requested.
3. Only protests stipulating an issue of fact concerning the following subjects will be considered:
 - a. A matter of bias, discrimination, or conflict of interest on the part of an evaluator; and/or
 - b. Non-compliance with procedures described in the New Charter School Application or Commission policy.
4. Protests not based on the issues itemized in paragraph 3 will not be considered.
5. Protests will be rejected as without merit if they address issues such as:
 - a. An evaluator's professional judgment on the quality of an application; and/or
 - b. The Commission's assessment of its own and/or other agencies' or communities' needs or requirements.
6. Upon receipt of a protest, a protest review will be held by the Commission. The Commission will assign responsibility for responding to the protest to a person who was not involved in the New Charter School Application or evaluation process; this person will prepare a recommendation report and submit it to the Commission.
7. The Commission will consider the protest recommendation report, record all available facts, and issue a decision; the decision must be issued within five (5) business days of receipt of the protest. If additional time is required, the protesting party will be notified of the delay.

The final determination of the protest shall:

1. Find the protest lacking in merit and uphold the Commission's action, denying the protest; or
2. Find only technical or harmless errors in the New Charter School Application and evaluation process and determine the Commission to be in substantial compliance, denying the protest; or
3. Find merit in the protest and provide the Commission options, which may include:
 - a. Correcting the errors and reevaluating all applications;
 - b. The reissue of the New Charter School Application and conducting a new process; and/or
 - c. The making of other findings and the determination of other courses of action as appropriate.

Notification of Commission Decisions

All applicants will be notified by email after a decision has been made. The date of notification will be the date the email is sent.

INSTRUCTIONS AND GUIDELINES

Opening a new charter school that is prepared to be successful on day one requires investment in a thoughtful process to address the requirements to ensure a highly effective charter school. This New Charter School Application requires information that will allow the Commission to consider and determine if the application presents a school that is sufficiently well planned and researched, and that it not only has a compelling and rigorous academic model, but is fiscally and operationally sound as well. This New Charter School Application also seeks information that will allow the Commission to assess the capacity of the founding team to successfully implement the proposed plan.

In order for a thorough and rigorous review to occur, all applicants must respond to all questions and requests for information contained in this New Charter School Application. Failure to address all questions may result in the application being deemed incomplete.

Applicants are encouraged to reference the New Charter School Application Evaluation Rubric (for schools opening in 2018-2019) when preparing their applications to ensure that the responses not only answer the items below, but also address all of the evaluation rubric criteria. For information on how approved schools will be evaluated once they have opened, applicants should reference the Commission's performance framework (WAC 108-30), which is available on the website and incorporated by reference.

All applicants must submit a Notice of Intent to Apply (NOI), prepared using the template provided on the Commission's website, no later than **5:00 pm PDT on February 17, 2017** to the New Charter School Application Coordinator by email, postal service, or hand delivery. Once the Commission receives an applicant's NOI, the applicant will receive access to their secure Box Application file.

Applications must be submitted no later than **5:00 pm PDT on March 31, 2017**. Commission rules governing the application and approval process (WAC 108-10 and 108-20) are incorporated by reference and available on the Commission's website. All applicants must initially submit their applications electronically. For the New Charter School Application for schools opening in 2018-2019, all electronic submissions must be uploaded to the Commission assigned secure, online Box file, by the deadline.

CATEGORY 2: EXECUTIVE SUMMARY

Section 1: Executive Summary (1500 Words)

The Executive Summary should provide a concise summary of the following:

- 1. Educational Need, Anticipated Student Population, and Challenges:** Describe the proposed student population and the educational needs of the anticipated student population and non-academic challenges the school is likely to encounter. Provide the rationale for the number of students and grade levels served in year one of the attendance projection and the basis for the growth plan in the enrollment attendance projection (Section C of Category 1: General Information of the online application portal). Describe how the applicant team has assessed demand and/or need for the school.
 - 2. Geographic Location:** Describe the geographic location of the school and the rationale for selecting the school location, grade levels served, and student body. Identify any enrollment priorities the school intends to employ, consistent with applicable restrictions on enrollment eligibility and selection.
 - 3. Plan, Mission, Vision, Objectives, and Goals:** Describe the school plan and state the mission, vision, objectives and goals of the proposed school.
 - a.** The **mission** is a statement of the fundamental purpose of the school, describing why it exists; the **vision** statement outlines how the school will operate and what it will achieve long term. The mission and vision statements provide the foundation for the entire application. The mission and vision statements, taken together, should:
 - i)** Identify the students and community to be served;
 - ii)** Articulate the objectives and goals for the school;
 - iii)** Illustrate what success will look like; and
 - iv)** Align with the purposes of the Washington charter school law (RCW 28A.710) and the Commission's stated priorities for new schools (WAC 108).
 - b.** The **objectives** are operations and governance focused; they are the conditions that must exist in order for the school's **goals** to be realized.
 - 4. Request for Additional Planning Year.** If the applicant is planning to open their school in the fall of 2019, please provide a rationale for this request. An applicant must describe the circumstances surrounding the proposed delay in opening the school.
-

Attachment 1: Pending Authorization and School Opening Form and **Attachment 2:** Written Assurance of Board background checks.

CATEGORY 3: EDUCATIONAL PROGRAM DESIGN AND CAPACITY

Section 2: Program Overview (1500 Words)

The Program Overview should:

- Describe how the applicant will “provide a program of basic education that meets the goals in RCW 28A.150.210, including instruction in the essential academic learning requirements and participates in the statewide student assessment system;”
- Provide the Educational Program Terms, including the essential design elements of the school model;
- Provide evidence that the educational program or essential design elements of the program are based on proven methods. Provide evidence that the proposed educational program has a sound base in research, theory, and/or experience, and has been or is likely to be rigorous, engaging, and effective for the anticipated student population; and
- Highlight the culturally responsive aspects of the program.

The Educational Program Terms identify the characteristics of the essential components of the educational program that the applicant considers critical to the school’s success *and* for which the applicant is prepared to be held accountable to the Commission and the public. The Commission’s oversight and evaluation of the proposed school’s educational program will focus on successful implementation of the program’s design elements and educational program terms. **Applicants should identify no fewer than three and no more than five Educational Program Terms.**

The Educational Program Terms should be *minimum* expectations. Applicants need not – and should not – include all of the things that they want the school to be. Rather, applicants should include a set of minimum measurable programmatic components that will enable the Commission to objectively validate that the program the proposed school is offering is fundamentally consistent with what the school is advertised to be.

Articulate the terms in a way that indicates the objective measurable evidence that can be used to determine whether the proposed school has met the expectations. Avoid general statements about the school culture or learning environment. **Focus on specific, measurable components** that will establish that culture or learning environment.

The Educational Program Terms will become an attachment to the charter contract. It will not replace the Commission's ultimate focus on performance standards set out in the Academic Performance Framework.

Note: The Educational Program Terms are different from *school-specific measures* (Section 25) that the proposed school may develop as a part of its Academic Performance Framework, because they focus on *process* rather than student *outcomes*. In other words, the school-specific academic performance measures focus on what students will *achieve*. By contrast, the Educational Program Terms should capture the essentials of what students will *experience*. See the Commission's website for examples of Educational Program Terms.

Section 3: Curriculum and Instructional Design (2700 Words)

Propose a framework for instructional design that both reflects the needs of the anticipated population and ensures that all students will meet or exceed the state standards.

Describe the overall plan to serve students with special needs, including, but not limited to, students with IEPs or Section 504 plans, ELLs, students identified as intellectually gifted, and students at risk of academic failure or dropping out. The plan should address how the school will meet students' needs in the least restrictive environment.

CATEGORY 7: OPTIONAL FEDERAL CHARTER SCHOOL PROGRAM (CSP) PLANNING AND IMPLEMENTATION GRANT

Section 30: OPTIONAL Federal Charter School Planning and Implementation Grant (1200 Words)

Background

Authorized by Title V, Part B of the Elementary and Secondary Education Act (ESEA) (P.L. 107-110), the federal CSP provides funding to State Educational Agencies (SEA) with the purpose to increase national understanding of the charter school model and expand the number of high-quality charter schools available to students across the nation by providing financial assistance for planning, program design, and initial implementation of new charter schools, and to evaluate the effects of charter schools, including their effects on students, student academic achievement, staff, and parents.

Note: This section is an *optional* section. Completion or non-completion does not impact an application's approval rating. In order to receive a federal planning and implementation sub-grant, a school must first be an approved charter. This portion of the New Charter School Application is simply an efficiency for the applicant in that the *New Charter School Application* meets the federal eligibility requirements for the CSP sub-grant. This allows for an applicant to complete one application that meets the eligibility requirements for a new charter school in Washington *and* for the federal CSP sub-grant. Should this application receive Commission approval as a charter school, the CSP sub-grant ratings from *this* section will be shared with OSPI (grant administrator), at which point the applicant would need to work with OSPI for the federal CSP grant award and how to comply with all federal grant processes and procedures.

Purpose of the Grant

The Office of Superintendent of Public Instruction (OSPI) has received a competitive grant under this federal program to carry out the following objectives:

Objective 1: Increase and sustain the number of new, high-quality charter schools in Washington state through sub-grants for planning, program design and implementation.

Objective 2: Increase the number of high-quality charter school seats by enhancing the capacity of charter school leaders and board members at new and existing charter schools.

Objective 3: Increase the quality of the state’s charter school authorizer infrastructure through technical assistance, training, and access to necessary resources.

The Washington SEA CSP grant offers two types of sub-grant awards:

- a. One-year *planning and design* of the new charter school educational program sub-grants, and
- b. Up to two-year *initial implementation* of the new charter school sub-grants.

Washington CSP Sub-grant Awards CSP Grant Period (2016-2019)				
Award Type	Planning and Design	Year 1 Implementation	Year 2 Implementation	Total Possible Funds Awarded per School
Amount	\$200,000 (1 year only)	\$305,000	\$280,000	\$785, 000 (Not to exceed \$800,000)

Uses of Funds

The CSP Grant is a reimbursement program, which means recipients will be reimbursed following proof of spending on allowable, approved activities.

Under the allowable activities described in the ESEA, Title V, Part B, Section 5204(f)(3), grant funds must be used for the following:

- A. Post-award planning and design of the educational program, including refining results (standards) and measurements (evaluation) of progress toward those results.
- B. Research-based professional development for teachers and other staff that includes [National Staff Development standards](#).
- C. Initial implementation of the charter school including:
 - i. Informing the community about the school,
 - ii. Acquiring necessary equipment and educational materials and supplies,
 - iii. Acquiring, developing or aligning curriculum, and
 - iv. Other initial operational costs.

To initially apply for this one-time planning grant, applicants must provide for the purposes of Section 30:

- **Attachment 34**, the Project Goals and Objectives Template
Provide specific CSP sub-grant goals and objectives. State goals and objectives clearly in terms of the measures or assessments the school plans to use. All goals must be specific, measurable, action oriented, realistic, relevant, and time-bound.
- **Attachment 35**, the OSPI Project Budget Form and Budget Narrative with a line item detail of proposed expenditures.

Additionally, applicants are responsible for obtaining and reviewing the Federal CSP Regulations and Guidance. Applicants are also responsible for being aware of the following relevant provisions: [January 2014 CSP Nonregulatory Guidance](#); 2 CFR Part 180; Non-procurement Debarment And Suspension as adopted at 2 CFR Part 3485; Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards under [2 CFR Part 200](#) as adopted at 2 CFR Part 3474 (BLOCK 8); and 34 CFR Parts 75, 77, 79, 81, 82, 84, 86, 97, 98, 99(Education Department General Administrative Regulations, [EDGAR](#)).
