Members of the public attempting to make complaints or charges against an employee before the Board in open session will be offered the option to meet with staff to file a complaint under GDPSN's established complaint procedures.

4.4.3 Disturbance of Meetings

In such a session, final disposition may be taken only on matters appearing on the agenda. Representatives of the press or other news media, except those participating in the disturbance, shall be allowed to attend any session held pursuant to this section. - (1) A special meeting may be called at any time by the Chair of the Board of the corporation or by a majority of the members of the Board by delivering written notice personally, by mail, by fax, or by electronic mail to each member of the Board. Written notice shall be deemed waived in the following circumstances:
 - (a) a Director submits a written waiver of notice with the secretary of the Board at or prior to the time the meeting convenes. A written waiver may be given by telegram, fax, or electronic mail; or

- (3) The call and notices required under Articles 4.5(1) and 4.5(2) shall specify the time and place of the special meeting and the business to be transacted. Final disposition shall not be taken on any other matter at such meetings by the Board.
- (4) The notices provided in this section may be dispensed with in the event a special meeting is called to deal with an emergency involving injury or damage to persons or property or the likelihood of such injury or damage, when time requirements of such notice would make notice impractical and increase the likelihood of such injury or damage.

4.6 Emergency Meetings

In the event of an emergency, as defined by RCW 42.30.070, and there is a need for expedited action by the Board to meet the emergency, the Chair of the Board may provide for a meeting site other than the regular meeting site and the notice requirements of RCW 42.30.070 shall be suspended during such emergency.

Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconferencing location shall be accessible to the public. The agenda shall provide an opportunity for members of the public to address the Board directly at each teleconference location. Participation in a meeting through use of teleconferencing pursuant to this section constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. All votes taken during a teleconferenced meeting shall be by roll call.

For purposes of this section 4.11, "teleconference" means a meeting of the Board, the members of which are in different locations, connected by electronic means, though either audio or video, or both. Nothing in this section shall prohibit the corporation from providing the public with additional teleconference locations.

If the Washington Nonprofit Corporation Act is amended in the future to authorize corporate action further eliminating or limiting personal liability of directors, then the liability of a director for the corporation shall be eliminated or limited to the full extent permitted by the Washington Nonprofit Corporation Act, as so amended, without any requirement of further action by the corporation.

ARTICLE 7. INDEMNIFICATION

7.1 Right to Indemnification

The corporation shall indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a "*Proceeding*"), by reason of the fact that such person, or a person for whom such person is the legal representative, is or was a Director or officer of the corporation or, while a Director or officer of the corporation, is or was serving at the request of the corporation as a Director, officer, partner, trustee, employee or agent of another corporation, or of a foundation,

partnership, joint venture, limited liability company, trust, enterprise or other nonprofit entity, including service with respect to employee benefit plans (each such other entity, "*Another Enterprise*") (such person, an "*Indemnified Person*"), against all liability and loss suffered and expenses (including attorneys' fees) actually and reasonably incurred by such Indemnified Person in connection with such Proceeding. Notwithstanding the preceding sentence, except as otherwise provided in Section 7.4 of this Article 7, the corporation shall be required to indemnify an Indemnified Person in connection with a Proceeding (or part of such Proceeding) commenced by such Indemnified Person only if the commencement of such Proceeding (or part of such Proceeding) by the Indemnified Person was authorized in advance by the Board of Directors.

7.2 Restrictions on Indemnification

The corporation may not indemnify any Indemnified Person for: (a) acts or omissions of the Indemnified Person finally adjudged to be intentional misconduct or a knowing violation of law; (b) conduct of the Indemnified Person finally adjudged to be in violation of violation of Section 24.03.043 of the Washington Nonprofit Corporation Act in reference to Section 23B.08.310 of the Washington Business Corporation Act; or (c) any transaction with respect to which it was finally adjudged that such Indemnified Person personally received a benefit in money, property or services to which the Indemnified Person was not legally entitled or if the corporation is otherwise prohibited by applicable law from paying such indemnification; provided, however, that if Section 23B.08.560 or any successor provision of the Washington Business Corporation Act is hereafter amended, the restrictions on indemnification set forth in this Section 7.2 shall be as set forth in such amended statutory provision.

7.3 Expenses Payable in Advance

The corporation shall pay the reasonable expenses (including attorneys' fees) incurred by an Indemnified Person in defending any Proceeding in advance of such Proceeding's final disposition (such expenses, "*Advanced Expenses*"), provided, however, that, to the extent required by law, such payment of Advanced Expenses in advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Indemnified Person to repay all Advanced Expenses if it should be ultimately determined that the Indemnified Person is not entitled to be indemnified under this Article 7 or otherwise. Notwithstanding any of the foregoing in this Section 7.3, the corporation shall not be required to pay any Advanced Expenses to a person against whom the corporation directly brings a claim alleging that the corporation is not required to indemnify such person under Section 7.2 of this Article 7.

7.4 Written Statement Required and Right of Indemnified Person to Bring Suit

An Indemnified Person seeking indemnification pursuant to Section 7.1 or Advanced Expenses pursuant to Section 7.3 must first submit to the Board a sworn statement requesting indemnification or Advanced Expenses, as the case may be, and reasonable evidence of all such amounts requested by such Indemnified Person (such statement, a "*Claim*"). If (a) a Claim pursuant to Section 7.1 above is not paid in full by the corporation within 60 days after such Claim has been received by the corporation, or (b) a Claim pursuant to Section 7.3 above is not paid in full by the corporation within 30 days after such Claim has been received by the corporation, then the Indemnified Person may at any time after the expiration of the applicable period bring suit against the corporation to recover the unpaid amount of such Claim. If an Indemnified Person succeeds in whole or in part in any such suit or in a suit brought by the corporation to recover Advanced Expenses pursuant to the terms of an undertaking, then such Indemnified Person is also entitled to receive reimbursement from the corporation for the expense of prosecuting or defending such suit. The Indemnified Person shall be presumed to be entitled to indemnification under this Article 7 upon submission of a Claim (and, in an action brought to enforce a Claim for Advanced Expenses, where the required undertaking has been delivered to the corporation), and, thereafter, the corporation shall have the burden of proof to overcome the presumption that the Indemnified Person is so entitled.

7.5 Procedures Exclusive

Pursuant to Section 24.03.043 of the Washington Nonprofit Corporation Act in reference to Section 23B.08.560(2) or any successor provision of the Washington Business Corporation Act, the procedures for indemnification and Advanced Expenses set forth in this Article 7 are in lieu of the procedures required by Section 23B.08.550 or any successor provision of the Washington Business Corporation Act.

7.6 Nonexclusivity of Rights

The right to indemnification and Advanced Expenses conferred by this Article 7 shall not be exclusive of any other right that any person may have or hereafter acquire under (a) any statute, (b) provision of these Articles of Incorporation, (c) the Bylaws of the corporation, (d) by general or specific action of the Board of Directors, (e) by contract or (f) otherwise.

7.7 Insurance, Contracts and Funding

The corporation may maintain insurance, at its expense, to protect itself and any Director, officer, partner, trustee, employee or agent of the corporation or Another Enterprise against any expense, liability or loss, whether or not the corporation would

have the power to indemnify such person against such expense, liability or loss under the Washington Business Corporation Act. The corporation may enter into contracts with any Director, officer, partner, trustee, employee or agent of the corporation in furtherance of the provisions of this Article 7 and may create a trust fund, grant a security interest or use other means (including, without limitation, a letter of credit) to ensure the payment of such amounts as may be necessary to effect indemnification and Advanced Expenses as provided in this Article 7.

7.8 Indemnification of Employees and Agents of the Corporation

The corporation may, by action of the Board of Directors, grant rights to indemnification and advancement of expenses to employees and agents or any class or group of employees and agents of the corporation (a) with the same scope and effect as the provisions of this Article 7 with respect to the indemnification and Advanced Expenses of Directors and officers of the corporation, (b) pursuant to rights granted under, or provided by, the Washington Business Corporation Act, or (c) as are otherwise consistent with law.

7.9 Persons Serving Other Entities

Any person who, while a Director or officer of the corporation, is or was serving (a) as a Director or officer of another foreign or domestic corporation of which a majority of the shares entitled to vote in the election of its Directors is held by the corporation or (b) as a partner, trustee or otherwise in an executive or management capacity in a partnership, joint venture, trust or other enterprise of which the corporation or a wholly owned subsidiary of the corporation is a general partner or has a majority ownership shall be deemed to be (i) so serving at the request of the corporation and (ii) entitled to indemnification and Advanced Expenses under this Section 7.

Attachment 5: Conflict of Interest Policy

CONFLICTS OF INTEREST POLICY

GREEN DOT PUBLIC SCHOOLS WASHINGTON STATE

Article I Purpose

The purpose of the conflict of interest policy is to protect Green Dot Public Schools Washington State's ("GDPSWA") interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the GDPSWA or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Article II Definitions

1. Interested Person

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person. If a person is an interested person with respect to any entity in which the organization is a part, he or she is an interested person with respect to all entities.

2. Financial Interest

A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

- a. An ownership or investment interest in any entity with which the GDPSWA has a transaction or arrangement.
- b. A compensation arrangement with the GDPSWA or with any entity or individual with which the GDPSWA has a transaction or arrangement, or
- c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the GDPSWA is negotiating a transaction or arrangement. Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial. A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

Article III Procedures

1. Duty to Disclose

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

2. Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

3. Procedures for Addressing the Conflict of Interest

- a. An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.
- b. The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
- c. After exercising due diligence, the governing board or committee shall determine whether GDPSWA can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
- d. If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in GDPSWA's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

4. Violations of the Conflicts of Interest Policy

- a. If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.
- b. If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee

determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Article IV Records of Proceedings

The minutes of the governing board and all committees with board delegated powers shall contain:

- a. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.
- b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

Article V Compensation

- a. A voting member of the governing board who receives compensation, directly or indirectly, from GDPSWA for services is precluded from voting on matters pertaining to that member's compensation.
- b. A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from GDPSWA for services is precluded from voting on matters pertaining to that member's compensation.

- a. Whether compensation arrangements and benefits are reasonable, based on competent survey information, and the result of arm's length bargaining.

Article VIII
Use of Outside Experts

When conducting the periodic reviews as provided for in Article VII, GDPSWA may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.

Attachment 6: Education Service Provider (ESP) Contract Guidelines

1. The maximum term of an ESP agreement must not exceed the term of the Contract. After the second year that the ESP agreement has been in effect, the school must have the option of terminating the contract without cause or a financial penalty.
2. ESP agreements must be negotiated at 'arms-length.' The Contract school's board and ESP must have independent legal counsel to represent their interests in reaching a mutually acceptable management agreement.
3. No provision of the ESP agreement shall interfere with the Contract school board's duty to exercise its statutory, contractual and fiduciary responsibilities governing the operation of the Contract school. No provision of the ESP agreement shall prohibit the Contract school board from acting as an independent, self-governing public body, or allow decisions to be made other than in compliance with the Washington Sunshine Law.
4. An ESP agreement shall not restrict the Contract school board from waiving its governmental immunity or require a Contract school board to assert, waive or not waive its governmental immunity.
5. No provision of an ESP agreement shall alter the Contract school board's treasurer's legal obligation to direct that the deposit of all funds received by the Contract school be placed in the Contract school's account.
6. ESP agreements must contain at least one of the following methods for paying fees or expenses: 1) the Contract school board may pay or reimburse the ESP for approved fees or expenses upon properly presented documentation and approval by the Contract board; or 2) the Contract board may advance funds to the ESP for the fees or expenses associated with the Contract school's operation provided that documentation for the fees and expenses are provided for Contract school board ratification.
7. ESP agreements shall provide that the financial, educational and student records pertaining to the Contract school are Contract school property and that such records are subject to the provisions of the Washington Open Records Act. All Contract school records shall be physically or electronically available, upon request, at the Contract school's physical facilities. Except as permitted under the Contract and applicable law, no ESP agreement shall restrict the Commission's access to the Contract school's records.
8. ESP agreements must contain a provision that all finance and other records of the ESP related to the Contract school will be made available to the Contract school's independent auditor.
9. The ESP agreement must not permit the ESP to select and retain the independent auditor for the Contract school.

10. If an ESP purchases equipment, materials and supplies on behalf of or as the agent of the Contract school, the ESP agreement shall provide that such equipment, materials and supplies shall be and remain the property of the Contract school.

11. ESP agreements shall contain a provision that if the ESP procures equipment, materials and supplies at the request of or on behalf of the Contract school, the ESP shall not include any added fees or charges with the cost of equipment, materials and supplies purchased from third parties.

12. ESP agreements must contain a provision that clearly allocates the respective proprietary rights of the Contract school board and the ESP to curriculum or educational materials. At a minimum, ESP agreements shall provide that the Contract school owns all proprietary rights to curriculum or educational materials that (i) are both directly developed and paid for by the Contract school; or (ii) were developed by the ESP at the direction of the Contract school governing board with Contract school funds dedicated for the specific purpose of developing such curriculum or materials. ESP agreements may also include a provision that restricts the Contract school's proprietary rights over curriculum or educational materials that are developed by the ESP from funds from the Contract school or that are not otherwise dedicated for the specific purpose of developing Contract school curriculum or educational materials. All ESP agreements shall recognize that the ESP's educational materials and teaching techniques used by the Contract school are subject to state disclosure laws and the Open Records Act.

13. ESP agreements involving employees must be clear about which persons or positions are employees of the ESP, and which persons or positions are employees of the Contract school. If the ESP leases employees to the Contract school, the ESP agreement must provide that the leasing company accepts full liability for benefits, salaries, worker's compensation, unemployment compensation and liability insurance for its employees leased to the Contract school or working on Contract school operations. If the Contract school is staffed through an employee leasing agreement, legal confirmation must be provided to the Contract school board that the employment structure qualifies as employee leasing.

14. ESP agreements must contain insurance and indemnification provisions outlining the coverage the ESP will obtain. The ESP's insurance is separate from and in addition to the insurance for the Contract school board that is required according to the Contract. Insurance coverage must take into account whether or not staff at the school are employees of the ESP or the school.

15. Marketing and development costs paid by or charged to the Contract school shall be limited to those costs specific to the Contract school program, and shall not include any costs for the marketing and development of the ESP.

16. If the Contract school intends to enter into a lease, execute promissory notes or other negotiable instruments, or enter into a lease-purchase agreement or other financing relationships with the ESP, then such agreements must be separately documented and not be a part of or incorporated into the ESP agreement. Such agreements must be consistent with the school's authority to terminate the ESP agreement and continue operation of the school.

The school must also provide any documents, data or information that the Commission deems necessary for ongoing oversight, accountability, and compliance monitoring.

Attachment 10: Enrollment Policy

Enrollment Policy

Nondiscrimination Statement

Green Dot Public Schools Washington State (GDPSWS) does not discriminate in any programs or activities, including enrollment, on the basis of sex, race, creed, religion, color, national origin, age, veteran or military status, sexual orientation, gender expression or identity, disability, or the use of a trained dog guide or service animal and provides equal access to the Boy Scouts and other designated youth groups.

Enrollment Process

Admissions for Independent Charters

GDPSWS operates independent charter schools in Washington State.

An “Independent Charter School”, as defined by this policy, is one that operates independently of the school district in almost all respects and has the greatest degree of flexibility to design and implement the goals and procedures described in their charter petition.

Independent charters are open to all students. Students must fill out a lottery form and meet all deadlines for the application process. If the number of completed lottery forms exceeds the grade-level capacity, a random, public lottery will determine enrollment.

Lottery Forms

All students, including siblings, need to turn their lottery form in prior to the lottery deadline to be eligible for enrollment. Existing students will be exempt from the public random lottery. Preference will be provided to students with siblings currently attending a GDPSWS school.

Lottery forms received after the lottery deadline will **be** placed on the waitlist in the order they were received.

Sibling Preference

Sibling Preference is defined as:

- Siblings of a currently enrolled student at any grade level are eligible to receive admissions preference to the same GDPSWS
- Siblings must share at least one biological parent or legal guardian.

Recommended Lottery Process

At the lottery, a presentation will be made in English, with translation services made available in other languages as needed, to all interested parties about the lottery process and rules. The school may choose to conduct the lottery using an automated online system to ensure that the process is fair and equitable for all participants. If the school uses a manual system, it will follow these procedures:

- Each applicant's name and birthdate will be put on a card. Each card will be identical in size, shape and weight.
- The cards will be put into a container or lottery device that will mix them.
- The cards will be drawn from the container randomly.
- Two separate observers will collect lottery cards and enter the results into an electronic database. The database will be double checked to the physical cards to ensure accuracy.

In both the automated online and manual lotteries, applicants will be admitted to the school in the order they are drawn, up to the grade level capacity.

- The school reserves the right to select more than the applicable 6th grade or 9th grade capacity for admission to ensure the school's overall enrollment is stable as long as the increase would not require a material revision to the charter (more than 20% or 100 students, whichever is less, above the enrollment capacity).
- Should the Principal elect to enroll more students than the grade level capacity, an announcement will be made at the lottery and additional students will be enrolled based on the lottery and the methods described.
- All lottery cards and databases will be kept on file by the school or GDPSWS.
- Results will be mailed to applicants (notify them of acceptance or waitlist status)
- Follow-up phone calls will also be made.

After the acceptance list is set, a waitlist will be created and maintained. Should vacancies occur, admission will be offered to applicants on the waitlist in the order their names appear. Lottery preferences may no longer be extended to applicants applying post-lottery. Applicants applying after the lottery will be added to the bottom of the waitlist.

If we have not received confirmation within two weeks, the student will be dropped and a student on the waitlist will be offered placement.

Waitlist Management

All students that do not receive a placement during the random, public lottery will be placed on a waitlist to enroll should space become available. Waitlist ranking will be assigned in the order selected. Should vacancies occur, admission will be offered to applicants on the waitlist in the order their names appear. A student is allowed to be on multiple waitlists, and must be offered a placement should space become available, even if the student is enrolled in another GDPSWS school.

If vacancies should arise during the school year, the school will notify parents/guardians of applicants on the waitlist. Typically, multiple phone calls on different days are made, with accompanying documentation made available to the parents/guardians. If parents/guardians of applicants do not respond within ten calendar days, the next applicant's parents/guardians will be contacted and the previously contacted applicant may be removed from the waitlist.

Required Enrollment Documents

GDPSW requests the following document to secure enrollment:

- **Completed New Student Enrollment Packet**
- **Photo ID of Parent/Guardian**
- **Proof of Birth** (*documented by one of the following*):
 - Birth Certificate
 - Passport/Visa
 - Affidavit
- **Immunization Records**
- **Records from Previous School**
- **OSPI Home Language Survey**
- **Individualized Education Plan (IEP)** (*If Applicable*)
- **Section 504 Plan** (*If Applicable*)

GDPSW may require students or their parents to provide proof of residence within the state of Washington, such as copies of phone and water bills or lease agreements. GDPSWS will not require proof of residency or any other information regarding an address for any student who is eligible by reason of age for GDPSWS services if the student does not have a legal residence. GDPSWS will not inquire into a student's citizenship or immigration status or that of his/her parents or guardians.

Introduction

The Washington State Charter School Commission (the Commission) was created in 2013, after the approval of Initiative 1240, to serve as a statewide charter school authorizer. The nine-member commission is tasked with running a process to approve new charter schools and effectively monitoring the schools it authorizes through ongoing oversight. Per the Charter Schools Act, the Commission has established its strategic vision for authorizing to guide its work:

The Washington State Charter School Commission seeks to authorize high quality schools that will significantly improve student outcomes, particularly for at-risk students. The Commission will hold schools accountable for student learning using multiple measures of student achievement.

The Commission seeks to build a diverse portfolio of school delivery models that expands the authority of teachers and school leaders and encourages and accelerates the identification and use of best practices in teaching and learning. It also seeks to develop, test, and document innovative new ideas that can be replicated in other Washington schools.

The Commission expects schools to have authentic and sustainable connections to the communities they serve. These connections are evidenced by strong commitments from community and business stakeholders, systems for ensuring cultural sensitivity, and responsiveness to all students and their families, and effective, engaged governance boards.

The Charter Schools Act requires the Commission to annually issue a Request for Proposals (RFP) to open new charter schools. Through the issuance of this RFP the Commission seeks proposals to open new high-quality charter schools that are aligned with its strategic vision throughout the state of Washington. To that end, the Commission has worked closely with a national third-party, the National Association of Charter School Authorizers (NACSA), to develop a rigorous, thorough, and transparent application and review process.

Eligibility

By law, only non-profit organizations may operate charter schools in the state of Washington. An applicant must be either a public benefit nonprofit corporation as defined in RCW 24.03.490, or a nonprofit corporation as defined in RCW 24.03.005 that has applied for tax exempt status under section 501(c)(3) of the internal revenue code of 1986 (26 U.S.C. Sec. 501(c)(3)). The nonprofit corporation may not be a sectarian or religious organization and must meet all of the requirements for a public benefit nonprofit corporation before receiving any funding under RCW 28A.710.220. Additionally, contracts for management operation of a charter school may only be with nonprofit organizations.

Administrative Requirements

Reservation of Rights

Guidelines for Submission

Opening a new charter school that is prepared to be successful on day one requires investment in a thoughtful process to address the requirements to ensure a highly effective charter school. This Request for Proposals (RFP) requires information that will allow the Commission to consider and determine if the proposal presents a school that is sufficiently well planned and researched – and that it not only has a compelling and rigorous academic model but that it is fiscally and operationally sound, as well. The RFP also seeks information that will allow the Commission to assess the capacity of the founding team to successfully implement the proposed plan.

In order for a thorough and rigorous review to occur, all applicants must respond to all questions and requests for information contained in this RFP. Failure to address all questions may result in the application being deemed incomplete and ineligible for review. Additionally, applicants are encouraged to reference the Evaluation Rubric when preparing their proposals to ensure that the responses address all of the evaluation criteria. For information on how approved schools will be evaluated once they have opened, applicants should reference the Commission’s performance framework (Chapter 108-30 WAC) which is available on the website, and incorporated by reference. All applicants must submit a letter of intent, using the template provided in Fluid Review, no later than 5:00PM PST on October 22, 2013. For the 2013 RFP all electronic submission must be uploaded to the online application portal, hosted by Fluid Review at <http://wscsc-charterapp.fluidreview.com>, by the deadline. Orientation sessions covering the application process and online submission process will be conducted via webinar on September 30 and October 7, 2013. It is *strongly* encouraged that all prospective applicants attend one of these sessions to ensure that all submissions are made correctly, completely, and on time.

Who We Are

Green Dot Public Schools (“Green Dot”) is leading the charge to transform public education in Los Angeles **and beyond** so that all children receive the education they need to be successful in college, leadership and life. Founded thirteen years ago, Green Dot operates 14 small high schools and 5 small middle schools serving more than 10,000 students in the greater Los Angeles area.² All nineteen schools are addressing the needs of students who have traditionally struggled in the public school system and achieving far greater results than comparable schools in standardized test scores, graduation rates and college matriculation.

Mission and Vision

As with all Green Dot schools, the mission of our Founding School, Green Dot Charter Middle School, will be to empower students to see their full potential and to prepare students for high school, college, leadership and life by providing a small, college-preparatory program where all stakeholders actively engage in the education process.

Track Record

In August 2000, Green Dot opened with one 9th-grade class of 140 students. Today, our organization operates a mix of start-up and conversion schools serving over 10,000 students in communities across Los Angeles. Green Dot schools average more than 50 points higher on the California Academic Performance Index (“API”) than comparable public schools in similar neighborhoods.³ Our start-up schools are graduating students at rates previously unheard of in the communities they serve - the cohort graduation rate for 9th graders entering a Green Dot start-up school in 2008 averaged 86% in 2012, compared to 79% for the state of California and 65% for the Los Angeles Unified School District (“LAUSD”). This year, Green Dot graduated more than 1,500 students, the most of any charter school organization in the nation for the second year in a row. In its 13-year history, Green Dot has graduated more than 8,000 students with nearly 90% being accepted to two- or four-year colleges

Why Washington State?

Green Dot is excited to be part of the founding community of charters in the state of Washington. Green Dot identified Washington State as being a good match for our model and mission given the critical need to close the achievement gap within sub-groups, the momentum around education reform, the community of political and philanthropic supporters, the opportunity to forge a new labor partnership and the potential of long-term sustainability for charters. Should the first Green Dot middle school be successful, Green Dot will seek to open three to five schools in Washington State over the next five years.

Why Tacoma?

Green Dot is excited by the innovative reforms under way in Tacoma. Both the innovation schools and the collective action effort by the Foundation for Tacoma Students (to engage high needs students and families and increase high school graduation rates and post-secondary completion rates by 50%) resonate greatly with Green Dot. Lastly, Tacoma has pockets of high need student populations. Green Dot has had a successful track record and experience in serving such high need students.

² Four of Green Dot’s transformation high schools on the Alain LeRoy Locke College Preparatory Academy campus are clustered under one country-district-school (CDS) code in California. In California, CDS codes are used primarily for purposes of school identification as well as tracking student demographics and student achievement levels.

³ API is a measurement of academic performance and progress of individual schools in California. API scores range from a low of 200 to a high of 1000, with the California Department of Education having set a goal of 800.

Target Students and Community

Green Dot is seeking to serve middle school students in Southeast Tacoma in the area south of Interstate 5, east of Interstate 5 and west of Waller Road. Our final location will depend on where we can find a facility. However, we are seeking to prioritize areas that have high free and reduced lunch populations and reasonable enrollment prospects (given the concentration of new and future schools).

Goals and What Success will Look Like

Success for Green Dot Public Schools Washington State (“Green Dot Washington State”) will be measured across multiple facets of the model. First and foremost, Green Dot seeks academic growth for our students. In addition, we would look at measures of culture, including stakeholder feedback from teachers, students, families and staff. We will look at cultural data, including violations of the code of conduct, attendance rates and tardies. Lastly, we will take into account professional growth for teachers. Success requires a highly effective teacher in every classroom and Green Dot will support, grow and develop teachers to meet this standard. Green Dot will set rigorous performance targets for Green Dot Charter Middle School and support the school in achieving these ambitious goals.

Educational Need and Anticipated Student Population

Green Dot anticipates serving a student population that is 15% special education (“SPED”), 17% English Language Learners (“ELLs”) and 82% Free and Reduced Lunch (“FRL”). This is a composite of all schools in Southeast Tacoma. While demographics differ slightly from north to south within our target area, we have used the average of all schools in Southeast Tacoma until we find a facility. In addition, Green Dot anticipates that students will be multiple grade levels behind and require a set of academic and socio-emotional interventions to help remediate and accelerate all groups of students.

Education Plan / School Design

Green Dot’s traditional school model represents over 13 years of successful practices and has been created to ensure that Green Dot can consistently open high-quality schools in which students are being prepared for college, leadership and life. To accomplish this, four common elements are embedded in the model of each and every Green Dot school:

- **Quality Teaching and Instruction:** Green Dot schools ensure that a great teacher leads every classroom, and a great principal leads each school.
- **Master Scheduling that Meets the Needs of Students:** All of the students attending Green Dot schools are required to complete a rigorous, college-preparatory curriculum. Based on incoming student need, a schedule of intervention and acceleration courses are offered so that students can complete the required courses for promotion.
- **Data-Driven Decision-Making:** Green Dot schools use the latest technology to collect and analyze student-, school- and consortium-level data to guide decision-making and continuous improvement.
- **College-Going Culture:** Green Dot schools have adopted standards and assessments that promote college- and career-readiness. Teachers and administrators also ensure that a college-going culture permeates the school community.

The foundation for this work is Green Dot’s 1) firm commitment to serve all students, 2) highly effective teachers, 3) strong school leaders and 4) a culture of transparency, performance and accountability.

School Culture

Green Dot’s school culture emphasizes high care, high structure and high expectations. Each small school creates a network of support for students and a sense of a school family. Multiple adults know each

student’s name and story. Students stay with the same Advisory instructor over time and build close relationships with their Advisor and peers. Visually, Green Dot schools are orderly. Students wear uniforms and adhere to a Code of Conduct based on the Safe and Civil program. Safe and Civil promotes respectful interaction in resolving conflict. Most importantly, the school culture is a college-going culture. Each student participates in a college-preparatory curriculum, reflects on their learning and has extensive college exposure so that they can ultimately graduate from high school on-time and college-ready.

Community Engagement

Support from the community is critical for Green Dot students to have a positive experience at the school. Green Dot has already begun to reach out to community members and leaders to start building our understanding of Washington State and the Tacoma community, and we look forward to continuing these conversations and seeking the community’s input and feedback if given the opportunity to establish a presence in Tacoma. Green Dot identifies which community members to reach out to by first building an understanding of the local institutions that will be around the school or that can provide critical supports to students and families (community centers, neighborhood councils, churches, and non-profit/social service providers). We will work with the Washington State Charter School Commission (the “Commission”) to ensure that all key stakeholders are part of this plan including current teachers, media, community leaders, school Board members, elected officials, students and alumni. If approved for authorization, Green Dot Charter Middle School’s Principal and Vice President of National Expansion (“VP of National Expansion”) will work to reach community members, students and families through door-to-door meetings, house meetings and community meetings. Green Dot will have a planning year in which the School Leadership Team (“SLT”) will spend extensive time getting to know students, families and community leaders.

Risks

Green Dot is aware of the challenges of trying to replicate Green Dot’s success in a new community. We are working to transfer practices from existing successful schools by seeding our leadership team with Green Dot leaders who know our model. We plan to hold extensive conversations with the surrounding community over the course of our planning year. We are also working to marshal the philanthropic resources required to make us sustainable and plan to grow at a moderate pace within Washington State so that we have the time to execute our academic program and processes successfully.

5. Leadership and Governance. List the members of the school’s proposed leadership team and governing board, including their roles with the school and their current professional affiliation (add lines to this table as needed). A complete application requires the Applicant to submit a signed Certification and Authorization Form for A Criminal History Background Check (Criminal History Authorization Form) for each of the school’s proposed leadership team and governing board. The Criminal History Authorization Form, which is incorporated by reference, is located at the Commission’s website and on the Review Room portal. Provide, as **Attachment 1**, the required criminal background check authorization for each of the individuals listed below.

Complete the following table, removing any rows for grades the school will not serve during the term of the charter. Number of students must include the minimum and maximum planned enrollment per grade per year.

	Year 1 2015-2016	Year 2	Year 3	Year 4	Year 5	At Capacity 2020

8			165-200	165-200	165-200	165-200

Describe the rationale for the number of students and grade levels served in year one and the basis for the growth plan illustrated above.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

Green Dot Washington State is respectfully requesting approval of a charter that would authorize the opening of one new charter middle school starting with a sixth grade class of 200 students. The school will matriculate approximately 165-200 sixth grade students each year. When fully enrolled in Year 3 (2017-2018), the school estimates it will serve approximately 600 students in grades 6–8. This is based on the school model that Green Dot has successfully executed in Los Angeles. Green Dot schools strive to maintain a student-to-teacher ratio of approximately 20:1 and, on average, have 25 students per class. Our staffing ratios and smaller school model allows us to provide a wide range of intervention courses so that we can best meet the needs of all students.

Based on the success of Green Dot Charter Middle School, Green Dot Washington State will seek to apply for additional charters so that we are able to open a small cluster of schools within Washington State. Collaboration across schools is an important aspect of our model, and we need a sufficient number of schools in order for this collaboration to happen and to create the types of teacher leadership roles we seek for our teachers. These schools would need to be in geographic proximity to each other within the Puget Sound Region for these collaboration opportunities to arise.

Section 1. Educational Program Design and Capacity

(25 pages)

Program Overview

Summarize the education program, including primary instructional methods and assessment strategies, and any non-negotiable elements of the school model. Briefly describe the evidence that promises success for this program with the anticipated student population. Highlight the culturally responsive aspects of the program.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

The mission of Green Dot Charter Middle School will be to prepare students for success in college, leadership and life by providing a small, college-preparatory educational program. Students will graduate from our middle school prepared for high school and on a college-ready path. Given our current knowledge of the concentration of Priority, Focus and Emerging schools (based on the Office of Superintendent of Public Instruction for the State of Washington or "OSPI"), Green Dot anticipates opening its first charter middle school in Southeast Tacoma, where there is a higher concentration of high-need students. Based on the demographics in this community, Green Dot anticipates serving a student population with approximately 82% FRL, 15% SPED and 17% ELLs. In addition, Green Dot anticipates that students will be multiple grade levels behind. Green Dot has already had success serving such a low-income, at-risk population at our existing schools in California. This year, Green Dot graduated more than 1,500 students, the most of any charter school organization in the nation for the second year in a row. In its 13-year history, Green Dot has graduated more than 8,000 students with nearly 90% being accepted to two- or four-year colleges. Green Dot's proven school model is a living example of what is possible when a system combines a college-preparatory, standards-based curriculum with tailored instruction and support.

Theory of Change

Green Dot's approach to education includes a four-pronged theory of change:

- **Firm Commitment to Serve All Students:** Green Dot is committed to serving the needs of every student, no matter their background. Green Dot schools are located in communities of highest need, where for many diverse reasons students are often falling behind and at risk of dropping out. Approximately 99% of current Green Dot students are African-American or Latino and more than 92% qualify for FRL. Green Dot is also committed to serving high need students with a 20% ELL and 11% SPED population at our existing schools. Moreover, all nineteen Green Dot schools in California are currently addressing the needs of students who have traditionally struggled in the public school system, and they are achieving greater results than comparable schools in standardized test scores, graduation rates and college matriculation.
- **Highly Effective Teachers:** Green Dot has collaborated with The College-Ready Promise ("TCRP"), a partnership of four high-performing charter management organizations, to build a Teacher Development and Evaluation System that provides a common language to guide teacher professional development, evaluation and collaboration for all Green Dot teachers. This framework identifies areas of support for teachers and uses multiple measures of teacher effectiveness (student growth, classroom observations and survey feedback) to create teacher effectiveness scores from Level 1 to Level 4 (Level 4 being a highly effective teacher). Green Dot plans to align this effective teaching framework to Common Core and Washington State Standards to ensure that an effective teacher is in every classroom at Green Dot Charter Middle School.
- **Strong School Leaders:** Green Dot has made a large investment to develop an Administrator-in-Residence ("AIR") program in which candidates are selected to participate in an intensive 12-month, multiple school-site, training program. We plan to leverage this program to build a strong

pipeline of administrators equipped to lead our Washington State schools. Specifically, Washington State residents will be selected to relocate to Green Dot's California schools to complete the residency and become fully immersed in Green Dot's practices. These residents will then be placed as school leaders in future Washington State schools. Green Dot may also hire external highly qualified Principals, including from Washington State, and place them directly into school leadership positions in Washington State schools.

- **Culture of Transparency, Performance & Accountability:** Green Dot values results and has built systems and processes to enable accountability and earned autonomy. Washington State educators will be able to view assessment results in Green Dot's data systems and generate customizable reports with school-, department-, and individual teacher-level data. Washington State will also be able to take advantage of Green Dot's knowledge-sharing platform *Connect* to access resources and will be able to access professional evaluation data and a collection of training modules designed to improve teacher effectiveness on *Bloomboard*. Students and parents will have access to the web-based, student information system *PowerSchool* where they can access student grades, test scores and attendance.

Fundamental Features of a High-Performing School

Green Dot Charter Middle School will contain four fundamental features of a high-performing school that is present in all Green Dot schools: 1) Quality Teaching and Instruction, 2) Master Scheduling that Meets the Needs of Students, 3) Data-Driven Decision-Making and a 4) College-Going Culture.

- **Quality Teaching & Instruction:** Green Dot ensures high quality teaching and instruction in every classroom through its research-based methods of instruction, teacher effectiveness initiatives and robust professional development and supports. At the heart of the TCRP Teacher Development and Evaluation System is the *College-Ready Teaching Framework* ("CRTF") – a rubric that defines the core competencies expected of all Green Dot teachers. In addition, Washington State teachers will be able to pursue professional development and coaching support from the Instructional Coaches in the Washington State Regional Office as well as from the Green Dot Home Office Education Team. [Refer to the Curriculum & Instructional Design, Question 6 for more detail.](#)
- **Master Scheduling that Meets the Needs of Students:** All of the students attending Green Dot Charter Middle School will be required to complete a rigorous, college-preparatory curriculum, with intervention and acceleration courses offered beyond the core content areas. Intensive interventions, including literacy and math support, will be built into the school day to ensure that all students are successful. Green Dot Charter Middle School students will also participate in a weekly Advisory class with the same group of students and teachers for the entirety of their middle school career. These relationships serve as the foundation for safe, personalized learning environments where students can develop academically, emotionally and socially. [Refer to the Curriculum & Instructional Design, Questions 2-3 for more detail.](#)
- **Data-Driven Decision Making:** Green Dot Charter Middle School will use the latest technology to collect and analyze student-, school- and consortium-level data to guide decision-making and continuous improvement. Green Dot Charter Middle School will also use quarterly interim assessments and benchmarks to evaluate student progress and identify opportunities for intervention and acceleration. Green Dot Charter Middle School plans to use internal interim and benchmark assessments including but not limited to unit tests, essays, oral presentations and projects to target students' needs, differentiate instruction and assess mastery of learning standards. [Refer to the Student Performance Standards Section, Question 2 for more detail.](#)
- **College-Going Culture:** Green Dot Charter Middle School's Principal, counselors and teachers

will provide extensive college exposure during Advisory and school time. Students will receive academic support from their Advisor and teachers and engage in “college-knowledge” lessons. To ensure a college-going culture, Green Dot Charter Middle School will have regular assemblies to reinforce college expectations. Counselors will organize college field trips, and students will be encouraged to pursue additional college-related opportunities such as summer college programs at local campuses. [Refer to the School Culture Section, Questions 1-3 for more detail.](#)

Curriculum and Instructional Design

Propose a framework for instructional design that both reflects the needs of the anticipated population and ensures all students will meet or exceed the state standard.

1. Describe the basic learning environment (e.g., classroom-based, independent study), including class size and structure.
2. Provide an overview of the planned curriculum, including, as **Attachment 2**, a sample course scope and sequence for one subject for each division (elementary, middle, high school) the school will serve. In addition, identify course outcomes and demonstrate alignment with applicable state standards.
3. Evidence that the educational program or key elements of the program are based on proven methods; evidence that the proposed educational program has a sound base in research, theory, and/or experience, and has been or is likely to be rigorous, engaging, and effective for the anticipated student population.
4. If the curriculum is fully developed, summarize curricular choices such as textbook selection, by subject, and the rationale for each. Describe the evidence that these curricula will be appropriate and effective for the targeted students.
5. If the curriculum is not already developed, provide, as **Attachment 3**, a plan for how the curriculum will be developed between approval of the application and the opening of the school, including who will be responsible and when key stages will be completed.
6. Describe the primary instructional strategies that the school will expect teachers to use and why they are well-suited for the anticipated student population. Describe the methods and systems teachers will have for providing differentiated instruction to meet the needs of all students.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1.-3. Green Dot has developed a research-based curriculum that is currently used throughout our 19 schools in California. This curriculum includes course offerings, textbooks, curriculum maps, pacing guides, sample lesson plans, interim assessments and intervention programs. Green Dot Charter Middle School has chosen to align the existing Green Dot curriculum to the Common Core and Washington State Standards. More specifically, Green Dot Charter Middle School will use the Common Core State Standards for English language arts and math, and the Washington State Learning Standards for science, social studies and visual and performing arts. Teaching mastery of the Common Core and Washington State Standards through Green Dot’s college-preparatory curriculum framework will ensure that the specific needs and academic aptitudes of our targeted Washington State student population will be addressed. Green Dot Charter Middle School will also offer a range of electives to provide opportunities for students to explore their passions. Green Dot’s basic learning environment will be classroom-based with target student-teacher ratios of 20:1. Students will be grouped in heterogeneous classrooms where all teachers will use differentiated instruction. Since Green Dot works to develop intervention programs that address the needs of all students, we require smaller class sizes and offer more courses within our master schedule.

Below is an outline of Green Dot’s recommended middle school curriculum. This curriculum will likely be followed at Green Dot Charter Middle School. However, please note that some adjustments may be made in certain courses as the Principal and teachers make adjustments to adapt to the specific needs of their

students. Refer to **Attachment 2** for a scope and sequence for sixth grade English and language arts.

Intervention Supports

Based on incoming student need, a schedule of intervention and acceleration courses will be available to Green Dot Charter Middle School students so that all students can complete the required courses:

- **Read 180:** Standards-aligned program for reading is provided to students that test low in reading. Typically, this course is given to students through an elective class or during Advisory.
- **Math Tutorial:** Students struggling in math receive intervention through small group and personalized attention from their math teacher. Utilizing a group tutorial structure, students pose questions in a small group setting to support their classmates in solving math problems.
- **English Language Development (“ELD”):** ELD classes are provided for students entering school as beginning ELLs. These classes aim to improve the English listening, speaking, reading and writing skills of beginning students to at least intermediate proficiency.
- **Special Needs/Academic Success:** Designated SPED students will be provided extra support to reflect the needs outlined in the Individualized Education Plan (“IEP”) and in all of their academic courses through one-on-one instruction, group support and guided instruction.
- **Guided Study:** All students who do not complete their homework or struggle with it must attend Guided Study after school where a teacher helps them with their work. All assignments must be turned in the following day.
- **Homework Club:** Students who are struggling with a particular class or want more support in a

subject can attend Homework Club, which is offered for an hour every day after school and run by a credentialed teacher and/or college interns.

- **Office Hours:** Teachers hold office hours twice a week after school to provide additional support.

Social and Life Skills Development

Green Dot Charter Middle School students will participate in a weekly Advisory class with the same group of students and teachers for the entirety of their middle school career. Advisory serves as a structured time and space for students to reflect on their learning and to discuss the connection between learning and life-long success. Advisory activities are organized around four pillars: 1) school culture and safety, 2) academics, 3) social life skills and 4) civic engagement. During Advisory, students will:

- Discuss issues related to the pressures of being a young adult in middle school including but not limited to puberty, relationships, mental health, family, substance abuse, etc.
- Acquire different study skill strategies, test-taking strategies and communication tools that will enable them to succeed in their academic career
- Learn about the college process as they are encouraged to think beyond middle and high school in an effort to realize that the tools they gain today will be beneficial in the near future
- Gain self-efficacy skills that will allow them to address the barriers of learning with resiliency

Working with the same teacher and student peers for the duration of middle school, students benefit from a familiar support system built into the school day. The high level of attention that Green Dot devotes to developing such personalized, teacher-student relationships is best demonstrated through our 2012-2013 School Stakeholder Surveys in which more than 80% of students across all Green Dot schools agreed or strongly agreed with the statements that 1) My teacher makes me feel that s/he really cares about me and 2) Teachers and administrators treat me with respect.

4.-5. Refer to **Attachment 3** for details on textbook selection and curriculum development.

6. Green Dot's methods of instructions were derived from multiple research-based sources, including Charlotte Danielson's (2011) research-based *Framework for Teaching*. Green Dot's Teaching Framework is comprised of five domains that address the key factors necessary to ensure success for all students: 1) Data-Driven Planning and Assessing Student Learning; 2) The Classroom Learning Environment; 3) Instruction; 4) Developing Professional Practice; and 5) Developing Partnerships with Family and Community. Throughout the CRTF, three priorities are reflected in Green Dot's descriptors of teacher performance that highlight our organization's underlying beliefs around what constitutes good instruction:

- **Constructivism:** Individuals construct new knowledge from their experiences and prior understandings. The learner does the work of learning; for example, through thinking, talking, writing or making. Teachers create and facilitate opportunities for students to construct meaning through inquiry, academic discourse, experiential learning and problem solving.
- **Cognitive Engagement:** Individuals give sustained, engaged attention to a task requiring mental effort and that is within the zone of proximal development. As a result, teachers demonstrate high level of performance when their students are engaged in cognitively complex learning.
- **College Readiness:** Individuals have the knowledge, skills and attributes to succeed in college including key cognitive strategies, academic knowledge and skills and academic behaviors including self-monitoring, study skills and awareness such as "college knowledge."

Green Dot Charter Middle School's curriculum will also draw from the following research-based practices:

- **Planning and Preparation:** *“Essential Elements of Effective Instruction” by Madeline Hunter*
Madeline Hunter developed the teacher “decision-making model” for planning instruction known as Instructional Theory in Practice (“ITIP”). This approach to teaching uses Direct Instruction (“DI”) as the framework for planning. DI refers to a rigorously developed, highly scripted method that is fast-paced and provides constant interaction with students.
- **Assessment and Learning:** *“Understanding by Design” by Jay McTighe and Grant Wiggins*
The emphasis of Understanding by Design (“UbD”) is on “backward design”, the practice of identifying the desired outcomes in order to design curriculum units, performance assessments and classroom instruction that will enable students to achieve these outcomes. The backward design approach is developed in three stages. Stage 1 starts with educators identifying the desired results of their students by establishing the overall goal of the lessons by using content standards, common core or state standards. Stage 2 focuses on evidence of learning by assessment. Teachers plan performance tasks and evidence of understanding. Performance tasks determine what the students will demonstrate in the unit and what evidence will prove their understanding. This can include self-reflections and self-assessments on learning. Lastly, Stage 3 lists the learning activities that will lead students to the desired results.
- **Instructional Technique:** *“Teach Like a Champion” by Doug Lemov*
Teach Like a Champion offers effective teaching techniques to help teachers become champions in the classroom. The techniques used at Green Dot include:
 - No Opt Out: A sequence that begins with a student unable to answer a question should end with the student answering that question as often as possible.
 - Right Is Right: Set and defend a high standard of correctness in your classroom.
 - Stretch It: The sequence of learning does not end with a right answer; reward right answers with follow-up questions that extend knowledge and test for reliability. This technique is especially important for differentiating instruction
 - Format Matters: It’s not just what students say that matters but how they communicate it. Students must take their knowledge and express it in the language of opportunity.
 - Cold Call: In order to make engaged participation the expectation, call on students regardless of whether they have raised their hands.
 - Wait Time: Delay a few strategic seconds after you finish asking a question and before you ask a student to begin answering it.
 - Everybody Writes: Set your students up for rigorous engagement by giving them the opportunity to reflect first in writing before discussing.
 - Do Now: Students are both productive during every minute and ready for instruction as soon as you start.
 - SLANT: Sit up, Listen, Ask and answer questions, Nod your head, Track the speaker.
- **Classroom Environment:** *Safe and Civil Schools, Randy Sprick*
Building on over 30 years of experience, this third-party vendor offers programming that helps foster respect and responsibility in students as well as improve overall school culture.

Green Dot seeks to raise the achievement level of every student and allocates resources to ensure that students with unique learning needs have equal access to a rigorous, college-preparatory education. Differentiated instruction will take a number of forms including purposeful group structures, varying assessments based on need and accommodations and modifications for students with disabilities. This flexible grouping enables students requiring intervention or those with advanced abilities to receive suitably challenging instruction. Teachers will use an appropriate mix of direct instruction, cooperative learning and individual student practice for all lessons. Research has shown these methods are most effective for middle

school students, especially students who arrive with lower levels of preparation for rigorous academic study. Additionally, Green Dot has developed a Response to Intervention (“RTI”) model to appropriately match student needs with specific services and resources. [Refer to the Special Populations and At Risk Students Section for more details on Green Dot’s RTI model.](#)

Student Performance Standards

Responses to the following items regarding the proposed school’s student performance standards must be consistent with state standards.

1. Describe the student performance standards for the school as a whole.
2. Provide the school’s plan for using internal and external assessments to measure and report student progress.
3. If the applicant plans to adopt or develop additional academic standards beyond the state standards, provide an explanation of the types of standards (content areas, grade levels). Be sure to highlight how the proposed standards exceed the state standards.
4. Explain the policies and standards for promoting students from one grade to the next. Discuss how and when promotion and graduation criteria will be communicated to parents/guardians and students.
5. Provide, as **Attachment 4** the school’s exit standards for graduating students. These should clearly set forth what students in the last grade served will know and be able to do.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. Green Dot Charter Middle School will develop personalized student performance standards for its students based on student, teacher and community input. These student performance standards will align with the four pillars that Green Dot deems critical for 21st century learners (below) and will be monitored by classroom and Advisory teachers. Below is a sample of students’ student performance standards:

<p>Pillar #1 College-Directed Learners</p> <ul style="list-style-type: none"> • Able to think critically and analytically to understand complex concepts across the curriculum • Prepared for high school curriculum and knowledge of college requirements and application process • Knowledgeable regarding career field choices and educational pathways 	<p>Pillar #2 Cultural Learners</p> <ul style="list-style-type: none"> • Aware of cultural differences, unique group histories and diverse perspectives • Exposure to world languages and able to understand the dynamics of language and culture • Able to communicate with sensitivity within and across diverse communities
<p>Pillar #3 Innovative Leaders</p> <ul style="list-style-type: none"> • Models ethical behavior through involvement in school functions, clubs and committees • Able to contribute to the success of individuals and their community through voluntary service • Effective oral communicators in distinct situations • Informed participants in the democratic process 	<p>Pillar #4 Life-Long Learners</p> <ul style="list-style-type: none"> • Responsible, mature decision-makers • Goal-oriented in their personal pursuits • Able to integrate multiple uses of technology • Adaptive to a wide array of professional and cultural settings through exposure to events outside the immediate community

2-3. Green Dot Charter Middle School will use quarterly interim assessments and benchmarks to evaluate student progress and identify opportunities for intervention and acceleration:

- **Placement Exams:** Each year, Green Dot plans for all incoming 6th graders to take two placement exams (Scholastic Reading Inventory Diagnostic Test and the Green Dot Math Diagnostic Test). Students who score basic or below basic on the reading assessments are placed in a year-long Read 180 course to support them in English language arts. Students who score basic or below basic on the math assessments are placed in a course to support them in their mathematics.
- **Interim Assessments:** Green Dot Charter Middle School will use quarterly interim assessments in core areas such as English, math, science and history. In school year 2015-2016, these interim

assessments will be aligned to grade-level Common Core State Standards in English and math and Washington State Standards in Science and History. These benchmarks will 1) provide the ability for the school to track individual student progress and 2) provide opportunities for students to become accustomed to standardized testing. Following each benchmark, Green Dot Charter Middle School will host quarterly “Data Days,” during which teachers review interim assessment results together and find best practices. Then, teachers review specific subject areas in which students have struggled so that they can return to the classroom and re-teach that information.

3. Each and every Green Dot Charter Middle School student will take a rigorous, college-preparatory curriculum that will eventually include a character-building, community service element. Green Dot Washington State will encourage all students to complete forty service hours during their middle school career. Designed to instill a sense of individual and civic responsibility, service learning will enable students to use newly gained skills to solve community challenges. Specifics of this service learning program will be determined in the future based on community needs and interaction with community leaders.

4-5. Green Dot’s promotion and graduation policies will initially be communicated to families in the Student Policy Manual at the beginning of the school year during Parent Orientation/Registration. When a student experiences academic difficulties, a parent-teacher conference will be scheduled with the student to identify areas of difficulty and possible strategies for remediation. An action plan that aims to meet the needs of the students will be formulated at that meeting. In addition, parent conferences will be scheduled at the completion of the first and third quarters to provide an opportunity to evaluate each student’s progress. Refer to **Attachment 4** for Green Dot’s promotion and graduation policies for our middle school students.

High School Graduation Requirements (High Schools Only)

High schools will be expected to meet the state graduation standards.

1. Describe how the school will meet these requirements. Explain how students will earn credit hours, how grade-point averages will be calculated, what information will be on transcripts, and what elective courses will be offered. If graduation requirements for the school will exceed state standards, explain the additional requirements.
2. Explain how the graduation requirements will ensure student readiness for college or other postsecondary opportunities (e.g. trade school, military service, or entering the workforce).
3. Explain the systems and structures the school will implement for students at risk of dropping out and/or not meeting the proposed graduation requirements.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

Not applicable. Green Dot is respectfully requesting approval of a charter for a middle school.

School Calendar and Schedule

1. Discuss the annual academic schedule for the school. Explain how the calendar reflects the needs of the educational program. In **Attachment 5**, provide the school’s proposed calendar for the first year of operation, including total number of days/hours of instruction at a minimum of 180 days.
2. Describe the structure of the school day and week. Include the number of instructional hours/minutes in a day for core subjects such as language arts, mathematics, science, and social studies. Note the length of the school day, including start and dismissal times. Explain why the school’s daily and weekly schedule will be optimal for student learning. Provide the minimum number of hours/minutes per day and week that the school will devote to academic instruction in each grade. Provide, also in **Attachment 5**, a sample daily and weekly schedule for each division of the school.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. Green Dot Charter Middle School will work with its teachers to implement a longer school year to maximize learning. Green Dot may adapt our school calendar and schedule once we determine our facility and the district calendar is finalized. Refer to **Attachment 5** for a draft school calendar and bell schedule.

- **School Year:** Green Dot Charter Middle School will provide approximately 190 days of instruction, which is 10 more days more than required by Washington State law.
- **Daily Instructional Hours:** The number of daily instructional hours will be 6.25 hours (excluding lunch). Out of the 190 days, Green Dot plans to have approximately 10 early release days for parent-teacher conferences, exams and teacher professional development. The number of daily instructional hours for early release days will be approximately 4.5 hours (excluding lunch).

2. The Washington State Executive Director (“Executive Director”) and School Leadership Team (“SLT”) will work together to determine the final bell schedule that best meets the needs of each school. Green Dot Charter Middle School will use a schedule that affords students and teachers the time to do more in-depth studies, projects, experiments, etc. on a daily basis. Based on the below guidelines, Green Dot Charter Middle School students will receive approximately 1,170 hours of instructional time during the school year.

- **School Day:** All of the students attending Green Dot will be required to complete a rigorous, college-preparatory curriculum. The regular school day will start at approximately 8:00am and end at approximately 3:20pm, exceeding the required instructional minutes in Washington State law.
- **Interventions:** Based on initial placement exams, students identified as needing additional support in English language arts will be given an additional period of reading in lieu of an elective. Similarly, students identified as needing additional support in math will be given an additional period of math in lieu of an elective.

School Culture

1. Describe the culture of the proposed school. Explain how it will promote a positive academic environment and reinforce student intellectual and social development.
2. Explain how you will create and implement this culture for students, teachers, administrators, and parents/guardians starting from the first day of school. Describe the plan for enculturating students who enter the school mid-year.
3. Explain how the school culture will take account of and serve students with special needs, including students receiving special education services, English Language learners, and any students at risk of academic failure.
4. Describe a typical school day from the perspective of a student in a grade that will be served in your first year of operation.
5. Describe a typical day for a teacher in a grade that will be served in your first year of operation.

1-2. Green Dot Charter Middle School teachers and school leaders will ensure that a college-going culture permeates the school community as soon as a student steps foot onto the campus with the “Road to College Begins Here” pennants hanging above each classroom door. Teachers and principals will proudly share their college-going experiences, diplomas and challenges. Green Dot Charter Middle School students will also promote and exemplify Green Dot’s core values, which will be displayed prominently around the school campus.

Green Dot Public Schools’ Core Values

The following core values guide the philosophical core of each and every Green Dot school:

- **An Unwavering Belief in all Students’ Potential:** Creating an environment that nurtures the potential of all and understanding how decisions impact student learning
- **Passion for Excellence:** Continuously striving to demonstrate excellence, reflecting on practice and making data-driven decisions
- **Personal Responsibility:** Assuming responsibility and accountability for performance and demonstrating personal integrity
- **Respect for Others and the Community:** Appropriately representing the school/organization and collaborating with others
- **All Stakeholders are Critical in the Education Process:** Creating an environment in which all perspectives are valued and communicating transparently with stakeholders

Green Dot Charter Middle School’s college-readiness commitment will be predicated on creating a personalized learning environment where every adult on campus will be responsible for establishing respectful, nurturing relationships with students. On campus, the Principal, Assistant Principal and teachers will know students not only by name but as individuals with unique feelings and personal traits. All new students registering at a Green Dot school will be brought together during the summer for an initial introduction to our culture of high expectations ([refer to the Supplemental Programming Section, Question 1 for additional details on Summer Bridge.](#)) During **Summer Bridge**, Green Dot introduces a program called **Safe and Civil** to build a safe and orderly environment. Safe & Civil emphasizes effective communication and conflict resolution for students and describes how adults provide non-contingent attention (versus attention tied to discipline). The full Safe and Civil course is taught over three years. Principals and Assistant Principals provide ongoing professional development to support the Safe & Civil philosophy around school culture and classroom norms. Safe and Civil training is built into initial training for teachers and administrators. For students who enroll mid-year, the Advisory class also serves to integrate them into the Green Dot culture. Lastly, Green Dot Charter Middle School’s culture will be based on partnerships with student families. Green Dot’s tight-knit partnership with families includes open invitations to attend their children’s classes, open and regular communication with teachers, the opportunity to rate the performance of teachers and the school and eligibility to serve on the School Advisory Council (“SAC”), which provides input to the Principal about school policies and procedures.

3. Green Dot’s college-going culture is intended to instill in all students an *unwavering belief* that they can and will go to and through college. Green Dot believes that with the right supports, high expectations and college-going attitude, all students can and will succeed in school and be a life-long learner. Green Dot sets high expectations for all students and is committed to working with students who are not meeting outcomes to help them achieve. Green Dot’s small schools, small classroom environment and staff commitment to a shared responsibility for learning contributes to a learning environment of safety and literacy. Caring teachers and culturally responsive classrooms will positively impact student achievement and help students develop the resilience and self-confidence to succeed in spite of pervasive risk-factors.

4. Time	Activity
7:40–7:55	I arrive at school and am greeted by Principal Johnson as I enter the campus. I head to the cafeteria to eat breakfast with my fellow students. At 7:55, the bell rings, and our group immediately heads to the all-school morning assembly.
8:00-8:55	At the assembly, our principal announces a College Dress Day for Friday because everyone did their homework last week. I immediately begin thinking about which college t-shirt I will wear on Friday instead of my school uniform.

9:00-9:55	Arriving at English class, Ms. Youman greets me with a “Good morning, Kiera” and handshake. Last class, we worked in small groups focusing on understanding one poem. Today, we go around the room, and one student from each group leads a discussion of their group’s interpretation.
10:00-10:55	I head with my class to physical education. After warming up, I work through the small group centers that focus on balance. The teacher encourages me and challenges some groups to complete the centers with their eyes closed.
11:00-11:45	We start Advisory reading silently for twenty minutes. Afterwards, Ms. Smith reviews the agenda for our upcoming field trip to local universities next week. I’m so excited since this will be the first time I have ever visited a college!
11:50-12:20	During lunch, I eat with my friends and talk about the upcoming basketball tournament happening this weekend at our school.
12:25-1:20	Math! It’s definitely my hardest subject this year. I review the math “Do Now” on the whiteboard and begin to tackle the problem. After our class finishes the “Do Now”, we complete independent practice on the math concepts we learned last week and share our responses to the class. I feel frustrated that I missed four out of the ten practice problems but make a note to myself to stop by Mr. Torres’ office hours so I can work on this with him.
1:25-2:20	It’s finally time for my favorite class - Earth and Space Science! I’ve been working hard on my 3D solar system model since the whole school will get to see it, including my mom and aunt, at our Parent Night tomorrow.
2:25-3:20	My last class for the day is Art. This year, our school has been working on a project to improve our outdoor space, and we spend the class painting a mural.
3:30-4:30	I walk to the extended learning program with my brother. After eating a snack and reading a book, I work on my math homework with the tutor. When I get stuck, I get permission to walk back to my classroom and ask Mr. Torres. Around 4:30pm, I head home to enjoy some family time.

5. Time	Activity
----------------	-----------------

7:00-7:55	I arrive at school. The energy level is invigorating as teachers are already making copies, checking e-mails and meeting with families. I set up my classroom and write out the day’s agenda, homework and aim on the whiteboard. Next, I meet with my department team to collaborate on lesson planning.
8:00–8:55	Principal Johnson has called a special, all-school morning assembly. I begin my classroom morning routine by greeting each of my students as they enter the room and reminding them of the morning procedure while they unpack. Then, after a few enthusiastic college cheers, I quickly grab the college banner for our class and line my students up to head to the assembly.
9:00–9:55	Today, I’m excited to begin a brand new unit in Math! After teaching the new concept to my students, my students work independently and then in partners. I spend every second of in-class time working with students to be sure they are mastering the math concepts to get them to college.
10:00-10:55	My students start Advisory reading silently. Afterwards, I teach a mini-lesson on financial responsibility and the importance of saving for college.
11:00-11:45	During my planning period, I review this week’s formative assessments and adjust my weekly plan based on the data. A few minutes into the period, Principal Johnson stops by my classroom to give me feedback on yesterday’s lesson. I

	love the frequency of feedback that I receive at my school, and I'm eager to implement Principal Johnson's recommendations into my next lesson plan.
11:50-12:20	I eat in the staff lounge and chat with other teachers on strategies to improve rigor and ratio in our classrooms. At 12:10pm, I head back to my classroom to set up for my next lesson. Mike, a student that had struggled in the early months, comes into my classroom a few minutes early to ask for help on last night's homework. It's incredible to see how much progress Mike has made, and I enthusiastically give him a five-high once he completes the problem.
12:25-1:20	My second math class begins. After reviewing the "Do Now" with the class, I put several problems on the board and have small groups work on them. When I see groups become stuck, I come over to assist them. Before the class ends, I review the homework assignment for tomorrow.
1:25-2:20	At 2:00pm, the peaceful buzz of students' group work is interrupted by a ruckus from one table. After investigating, I find that Jason and his partner, Amanda are having a disagreement. I revisit the behavior expectations and conflict resolution strategies we learned in Safe & Civil and soon they resolve their conflict.
2:25-3:20	Last class of the day! At 2:45pm, I administer the mini-assessment to see if last week's work paid off and then continue work on our new math unit. I'm excited to analyze the mini-assessment results to see how much my students have grown!
3:30-4:30	On Wednesdays, I hold office hours for my students. Providing one-on-one tutoring to my students is the favorite part of my week since it helps me learn so much more about their needs and how to improve their growth.
4:30-5:00	I pop into my colleague's classroom to say hi and end up helping her display writing samples on the wall. I notice that one of the best samples is by Corrina, a student who has been disengaged in my class. I ask my colleague about the tricks she's used to help Corrina make so much progress. Around 5:00pm, I pack up. This evening, I'll complete my lesson plans for the week.

Supplemental Programming

1. If after-school or summer school will be offered, describe the program(s). Explain the schedule and length of the program including the number of hours and weeks. Discuss the anticipated participants including number of students and the methods used to identify them. What are the anticipated resource and staffing needs for these programs?
2. Describe the extra- or co-curricular activities or programming the school will offer; how often they will occur; and how they will be delivered and funded.
3. Describe the programs or strategies to address student mental, emotional, and social development and health.
4. If applicable, describe any other student-focused activities and programs that are integral to the educational and student-development plans.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. All new students registering at a Green Dot school are brought together at a Green Dot campus during the summer for an introduction to our culture of high expectations and personal accountability. At most Green Dot schools, **Summer Bridge** lasts for two weeks, runs from 8am-12pm and is staffed by existing teachers at the school. During Summer Bridge, students meet with their future teachers, attend classes and take initial placement exams. Throughout the summer, Green Dot academic teams analyze test scores and students assessed below grade level are assigned to Response to Intervention ("RTI") levels. Counselors, special education teachers and curriculum specialists review Individual Education Plans ("IEPs") and student transcripts, developing appropriate interventions that are shared with classroom teachers.

2. Green Dot Charter Middle School believes that co-curricular sports, clubs and community service activities are central to an effective education. Depending on student interest and sufficient fundraising, we aim to eventually offer a variety of boys' and girls' sports. Based on the operating history of other Green Dot schools, sports are offered as early as the school's first year of operation (typically one boys' and one girls' sports team in the first year). Practice and game facilities are secured through partnerships with local parks, recreation centers, Boys' and Girls' Clubs, and in some cases, district facilities. Green Dot Charter Middle School will also offer a variety of clubs & activities outside of the academic program. Depending on student interest and budgetary constraints, this may include, but would not be limited to, backpacking trips, ropes courses, debating teams, chess club and other student-initiated activities. We plan to take advantage of charter status flexibility in adjusting our schedule to allow these activities. Based on the operating history of other Green Dot schools, a smaller number of clubs, sports and activities are offered in the school's first year of operation but are then expanded in subsequent years based on student interest and demand.

3-4. Green Dot recognizes the critical importance of community-based services and parental involvement in addressing the out-of-school challenges that present barriers to student attendance and ultimately stall gains in student achievement. The Washington State Executive Director will work with the Home Office community partnerships teams to replicate Green Dot's approach to collaborating with the community and providing a comprehensive and integrated set of wraparound services and supports to students, families and community members including vision screenings, programs for high-risk youth and supports for youth in foster care. In recruiting partners, Green Dot Charter Middle School will seek out both national organizations as well as local community partners with an established track record of providing high-quality, culturally competent services. Green Dot Washington State has identified **Comprehensive Life Resources** and **Good Samaritan Behavioral Health**, local behavioral health agencies licensed through the state of Washington Division of Behavioral Health and Recovery, as potential partners to help integrate mental health supports into the Green Dot Washington State classrooms as well as build emotional and social resiliency. Green Dot Washington State will also seek out additional organizations with an established track record of providing high-quality, culturally competent services to the community. The design process will involve a comprehensive needs assessment and input from teachers, parents and community members to ensure that solutions are community-driven. Efforts will also ultimately be focused on building the capacity of partner agencies to monitor performance and operations.

Special Populations and At-Risk Students

Schools are responsible for hiring licensed and endorsed special educators pursuant to law. School personnel shall participate in developing Individualized Education Programs (IEPs); identify and refer students for assessment of special education needs; maintain records; and cooperate in the delivery of special education instruction and services, as appropriate. All responses should indicate how the school will comply with applicable laws and regulations governing service to these student populations.

1. Describe the overall plan to serve students with special needs, including but not limited to students with Individualized Education Programs or Section 504 plans; English Language learners; students identified as intellectually gifted; and students at risk of academic failure or dropping out. The plan should address how the school will meet students' needs in the least restrictive environment.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. Green Dot Charter Middle School will follow child-find procedures to identify all students who may require assessment for special education and related services. If a student is referred to be assessed for special education, Green Dot Charter Middle School will comply with all provisions of the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1974 and the Americans with

Disabilities Act of 1990, Title II. Green Dot Charter Middle School will also comply with all Washington State statutes and regulations including the Revised Code of Washington (RCW 28A.155) and the Washington Administrative Code (WAC 392-172A). Several processes will act as safety nets for students to make sure they are getting the support they need and not falling through the cracks including: **1) Data Analysis, 2) Response to Intervention** and **3) the Student Success Team**. Specific supports may vary depending on what would be most helpful for all students within the school, or for specific groups or individual students.

Green Dot strives to provide students with a learning experience characterized by appropriate rigorous academic instruction and high expectations for college readiness within an inclusive learning environment. Green Dot Charter Middle School leaders (primarily the Regional Instructional Coach and Executive Director in Year 1 until a Regional SPED Administrator is hired in Year 2) will work with Green Dot's Home Office Special Education Team and outside organizations such as **Comprehensive Life Resources** or **Good Samaritan Behavioral Health** to create an environment where all students are held to high expectations but still individually supported. An inclusion model with external support will be utilized at all grade levels to ensure students' needs are being met in the least restrictive environment ("LRE").

2. Identify the special populations and at-risk groups that the school expects to serve, whether through data related to the targeted district or neighborhood or more generalized analysis of the population to be served. Discuss how the course scope and sequence, daily schedule, staffing plans, and support strategies and resources will meet or be adjusted for the diverse needs of students.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

While open to all students, Green Dot Charter Middle School will make a substantial effort to recruit the underserved special populations and at-risk groups in Southeast Tacoma in the area south of Interstate 5, east of Interstate 5 and west of Waller Road. Since demographics differ slightly from north to south within our target community, Green Dot is using the average of all K-12 schools in Southeast Tacoma to estimate our anticipated population until we find a facility. Based on this composite, Green Dot Charter Middle School anticipates serving a student population that is 15% SPED, 17% ELLs, and 82% FRL. In addition, Green Dot anticipates that students will be multiple grade levels behind and require a set of academic and socio-emotional interventions to help remediate and accelerate all groups of students.

Green Dot has targeted Southeast Tacoma as an area of great need after conducting a thorough analysis of the available research on school quality, educational opportunity, student demographics and academic achievement across the state of Washington. According to the Washington State Report Card, Southeast Tacoma currently serves 9,820 K-12 students with approximately 2,600 of these students attending one of the four neighborhood middle schools (Baker, First Creek, Giaudrone, and Stewart). For the 2013-2014 school year, the Office of Superintendent of Public Instruction for the State of Washington ("OSPI") identified three of the four Southeast Tacoma middle schools as being on the Priority Schools List, placing these schools among the lowest 5 percent of Title I schools in the state, based on achievement on the statewide assessments, with a demonstrated lack of progress on those assessments over three years. Despite these challenges, Tacoma has proven itself to be an incredibly innovative and vibrant district where current models around expanded learning and enrichment and restorative practice in discipline are beginning to show early success. Green Dot believes that providing a high-quality, rigorous middle school education will help contribute to changing the odds for families and their students in Southeast Tacoma.

As described in more detail in Questions 3-5, Green Dot will deploy several support strategies and use multiple resources to meet the diverse needs of the middle school students in Southeast Tacoma including **1) Data Analysis, 2) Response to Intervention** and **3) Student Success Team**. Community involvement

and parent engagement will also be critical success factors to ensure that students' needs are being met. Green Dot seeks to partner with families, community members and Tacoma Public Schools to improve education and student outcomes in Washington State. We are continuing to learn about Southeast Tacoma and, if approved, we will be anxious to gain a deeper understanding about the needs of students and families in the Southeast Tacoma community as well as strengthen partnerships with community members.

3. Explain more specifically how you will identify and meet the learning needs of students with mild, moderate, and severe disabilities in the least restrictive environment possible. Specify the programs, strategies, and supports you will provide, including the following:
 - a. Methods for identifying students with special education needs (and avoiding misidentification);
 - b. Specific instructional programs, practices, and strategies the school will employ to provide a continuum of services; ensure students' access to the general education curriculum; and ensure academic success for students with special education needs;
 - c. Plans for monitoring and evaluating the progress and success of special education students with mild, moderate, and severe needs to ensure the attainment of each student's goals as set forth in the Individualized Education Program (IEP);
 - d. Plans for promoting graduation for students with special education needs (high school only); and
 - e. Plans for qualified staffing adequate for the anticipated special needs population.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

3a-b. In accordance with the child find requirements under IDEA, Green Dot Charter Middle School will use a Student Success Team ("SST") and the Response to Intervention ("RTI") model to ensure students receive high-quality instruction matched to their needs. Green Dot will provide all students, including students with disabilities, with access to the general academic curriculum as well as all other educational programs and services provided for other students. Non-academic services and extracurricular activities will be provided in a manner that ensures an equal opportunity for participation by students with disabilities. Students with mild/moderate and/or moderate/severe disabilities will be included within our general education classroom environment and will be provided the accommodations, modifications, supports and resources necessary to be educated in the least restrictive environment (LRE), unless the IEP requires otherwise. Whenever a student's IEP determines that he/she be educated outside the general education environment, every effort will be made to ensure it would be the LRE and that all supports, accommodations or resources have been tried.

- **Student Success Team ("SST"):** Green Dot Charter Middle School will implement a SST to ensure that all students who are struggling academically or behaviorally are identified by key stakeholders. Members of the SST can include administrators, teachers, counselors, parents, students as well as outside service providers, if applicable. When a student first enrolls, the SST team will review the student's cumulative file records to identify history and analyze various sources of data such as attendance, grades, standardized tests and other assessments, teacher reports and observations. Through the examination of this data, the student will be grouped into the appropriate tier of leveled support. Strategies of various intensity levels will be applied to students within each RTI.
- **Response to Intervention ("RTI"):** RTI is a process that improves academic success through data analysis, targeted instruction and interventions and progress monitoring to prepare students for college, leadership and life. Green Dot's RTI process uses extensive intervention programs and supports, monitors the progress of the students who are receiving targeted interventions and uses data to identify how students are responding to interventions. Additional interventions are then determined to meet the targeted population that are making little to no progress.

- Tier I RTI Intervention: A classroom teacher is expected to deliver high-quality instruction to the whole class. To do so, teachers must differentiate their lessons by adapting objectives, modeling concepts and developing activities to address a range of learning styles and educational needs. Teachers assess student progress regularly and identify those struggling to keep up, in which case, they are placed in Tier II.
- Tier II RTI Intervention: Students in Tier II (approximately 20% of a class) are placed in small working groups within the classroom to focus three or four times a week on more targeted learning objectives and activities. Group work, directed by the teacher, gives students the opportunity to work through ideas at their own pace and the teacher the freedom to tailor his/her instruction to individual students. Students are evaluated on an ongoing basis and when objectives are achieved, they return to Tier I. Students who do not respond in Tier II are placed in Tier III.
- Tier III RTI Intervention: Students in Tier III (approximately 5% of a class) receive more focused, daily one-on-one instruction from either the classroom teacher or a SPED specialist either within the classroom or in out-of-class sessions. Students continue to be evaluated on, at a minimum, a weekly basis. When objectives are achieved, they are moved back into Tier II or Tier I settings. Students who remain unresponsive are referred for clinical evaluation by a school psychologist to determine the presence of any learning disabilities.

The RTI process identifies and tracks interventions for approximately six weeks to determine whether or not the student is responding. In the event of inadequate progress, the SST proceeds with making a referral for the student to be evaluated for SPED and related services. The Individuals with Disabilities Education Act (“IDEA”) Child Find and Referral provides that a referral may be initiated by a parent, teacher and student, or by another knowledgeable person concerned about a child.

3c. Once it has been determined that a student qualifies for SPED and/or related services, the IEP team, including members outlined in WAC 172A-03095, will meet to discuss the identified areas of need. The team will collaborate to create an IEP for the student that includes strengths, weaknesses, measurable annual learning goals and behavioral goals that may include the development of a Functional Behavioral Assessment (“FBA”) and Behavior Intervention Plan (“BIP”) for students with identified difficulties in behavior. Green Dot Charter Middle School will provide appropriate personnel, including SPED and related service personnel, with copies of the IEP and training in using special education strategies. Each special education student’s progress towards his/her IEP goals will be monitored regularly in accordance with IDEA and WAC 392 172A-13110 to ensure that the student’s needs are met and necessary supports are provided to ensure his/her success. Parents will also be provided reports of progress within the school quarterly progress reporting system, as well as within the annual IEP review.

Only certain classifications of disability are eligible for an IEP. Students who do not meet those classifications but still require some assistance to be able to participate fully in school may be candidates for a 504 plan. Green Dot will ensure that, in accordance with Section 504, the student has equal access to an education and there are no barriers to participation in the activities of school. A school 504 team, composed of school staff and professionals, will screen all referrals to determine whether evaluation is needed and whether or not a student is found eligible for services under Section 504. The assessment report will include the child’s educational performance including instructional strengths and weaknesses. This report will also include a summary of standardized test data, attendance information and samples of classroom performance. Other information may be used where appropriate, such as results of medical, psychological, speech/language, physical therapy (PT), occupational therapy (OT), developmental, vision and hearing evaluations. Once a 504 Plan is determined necessary, the student may receive accommodations and modifications in the 504 Plan to ensure success in the general education.

3d. Not applicable. Green Dot Charter Middle School is seeking to open a charter middle school.

3e. Green Dot Charter Middle School will hire SPED teachers and SPED aides to serve students with disabilities in accordance with the support level needed to implement the related services and specialized instruction detailed on the IEP. In Year 1, Green Dot anticipates a SPED student to teacher ratio of 12:1 as well as a SPED student to aide ratio of 15:1. All personnel who provide related services (e.g. psycho-social counseling will be provided by a psychologist, social worker or mental health professional) to students will meet all required licensure and/or certification requirements pertaining to their area of related service. Speech language, occupational and physical therapy services may be provided internally or contracted to external providers for students who qualify. These SPED and related service providers will have the opportunity to collaborate with their general education peers in grade-level department meetings.

4. Explain how the school will meet the needs of English Language Learner (ELL) students, including the following:
 - a. Methods for identifying ELL students (and avoiding misidentification);
 - b. Specific instructional programs, practices, and strategies the school will employ to ensure academic success and equitable access to the academic program for these students;
 - c. Plans for monitoring and evaluating the progress and success of ELL students, including exiting students from ELL services;
 - d. Means for providing qualified staffing for ELL students.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. a.-d. Green Dot Charter Middle School will serve English Language Learners (“ELLs”) based on the U.S. Department of Education’s six steps of progression through an ELL program. Green Dot Charter Middle School will also comply with WAC 392-160, including but not limited to, WAC 392-160-015.

- 1) **Enrollment:** Green Dot will not discriminate based on English language proficiency or immigration status. Our enrollment form will not request a social security number. We will provide our families communication in a language they understand. The current budget includes at least one ELL teacher. Once we identify the percentage of ELL students at our schools, we will tailor our ELL staffing needs. All teachers will also be given professional development in teaching English language learners in their appropriate content areas.
- 2) **Identification:** The identification process for every student will include a Home Language Survey that will serve to identify all students’ primary or home language as well as a family’s potential need for interpretation or translation. The ELL Coordinator will meet with guardians of all students identified as having a primary or home language other than English to discuss the results of the assessment and the educational plan the school will follow to support their child’s educational needs.
- 3) **Assessing Students’ Language Proficiency:** If a student’s Home Language Survey indicates that a language other than English is spoken in the home, Green Dot Charter Middle School will administer the Washington English Language Placement Assessment (“WELPA”) within 30 calendar days of initial enrollment and annually thereafter during the state-established testing window until the student is re-designated as fluent English proficient.
- 4) **Placement and Services:** Green Dot will use a number of bilingual teaching strategies in addition to its core program, including Specially Designed Academic Instruction in English (“SDAIE”). On a bi-monthly basis, the ELL Coordinator will meet with both classroom teachers and grade level teams to assess the progress of ELL students. The ELL Coordinator and classroom teachers will be responsible for monitoring the assessment of ELL students, reevaluating ELL services and

- communicating with ELL students' families on a quarterly basis about their children's progress.
- 5) **Transition/Exiting ELL Support:** The progress of ELL students towards proficiency will be assessed annually using the WELPA. Results will be used to determine whether each ELL student is meeting Annual Measurable Achievement Objectives for English language proficiency as well as determine which students are no longer considered ELLs. The WELPA results will be used to regularly assess a student's ELL designation and ongoing need for any extra language support.
 - 6) **Monitoring:** Once a student gains sufficient proficiency in English, he/she will be re-classified and will no longer participate in extra language support programs. The ELL Coordinator and the classroom teachers will continue to monitor the student's progress for an additional two years.

5. Explain how the school will identify and meet the learning needs of at-risk students as defined in RCW 28A.710.010(2). *"At-risk student" means a student who has an academic or economic disadvantage that requires assistance or special services to succeed in educational programs. The term includes, but is not limited to, students who do not meeting minimum standards of academic proficiency, students who are at risk of dropping out of high school, students in chronically low-performing schools, students with higher than average disciplinary sanctions, students with lower participation rates in advanced or gifted programs, students who are limited in English proficiency, students who are members of economically disadvantaged families, and students who are identified as having special educational needs.*

To identify and meet the learning needs of at-risk students, Green Dot uses a data-driven approach to understanding our student population as early as possible, which in turn, enables our administrators and teachers to adequately plan the right portfolio of services and develop **Individualized Learning Plans** ("ILPs"). Green Dot's approach to implementing a portfolio of interventions for students that struggle with achieving educational success, whether due to academic or economic disadvantages, includes: 1) using data to identify and ensure targeted interventions and 2) providing tailored academic as well as non-academic supports in order to promote high achievement.

Green Dot Charter Middle School's culture of data analysis will help determine which students are not making expected levels of progress in reading or math on standard measures. The school's annual data review will include analysis of standardized testing results, a quarterly review of benchmark assessments or student behavioral or attendance data and ongoing grade-level progress monitoring. Other data reviewed may include discipline data or classroom progress reports. Green Dot's practice of continuous assessment of progress ensures appropriate instructional decision-making, teacher supports based on student performance outcomes and the provision of rigorous learning experiences for at-risk students. Lastly, as mentioned before, Green Dot's RTI model supports academic success through data analysis, targeted interventions and progress monitoring in order to prepare all students for college, leadership and life.

6. Explain how the school will identify and meet the needs of highly capable students, including the following:
 - a. Specific research-based instructional programs, practices, strategies, and opportunities the school will employ or provide to enhance their abilities;
 - b. Plans for monitoring and evaluating the progress and success of intellectually gifted students; and
 - c. Means for providing qualified staffing for intellectually gifted students.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

Green Dot Charter Middle School will also serve the needs of intellectually gifted students in accordance with Washington State law and policies. Students achieving above grade level will be identified through

standardized test scores, teacher assessments and grades and benchmark data. Green Dot Charter Middle School will support all instructors in the development of materials and curricular enrichment activities so that gifted students are pushed across content areas. Students found to be achieving above grade level will have an opportunity to excel through flexible grouping of students within classes, differentiated instruction in the classroom in all subject areas and community service/leadership courses that allow them to apply their knowledge in authentic contexts to improve the school. Flexible grouping allows more appropriate, advanced and accelerated instruction that more closely aligns with the rapidly developing skills and capabilities of students above grade level.⁴ Differentiated learning classrooms where gifted students reside will be given additional or complementary assignments that challenge their thinking, while adding greater depth and complexity to the curriculum.⁵ The community service/leadership courses that the Principal leads will push academically gifted students to apply their intellect to authentic projects that serve to improve the school's culture, structure, and environment.

Student Recruitment and Enrollment

1. Explain the plan for student recruitment and marketing that is culturally inclusive and will provide equal access to interested students and families. Specifically describe the plan for outreach to at-risk students.
2. Provide, as **Attachment 6** the school's Enrollment Policy, which should be culturally inclusive and include the following:
 - a. Tentative dates for application period; and enrollment deadlines and procedures, including explanation of how the school will receive and process Intent to Enroll forms;
 - b. A timeline and plan for student recruitment/engagement and enrollment;
 - c. The lottery procedures that will be used should student interest exceed capacity;
 - d. Policies and procedures for student waiting lists, withdrawals, re-enrollment, and transfers; and
 - e. Explanation of the purpose of any pre-admission activities for students or parents.

1-2. Green Dot is highly experienced in engaging with parents, students and the community. Refer below for our student recruitment and marketing plan and to **Attachment 6** for Green Dot's enrollment policy.

- **Pre-work:** During the initial planning year, the National Expansion Growth Team will continue researching and learning about the public education landscape in Washington State and build upon relationships Green Dot has started to form in Tacoma. [Refer to the Existing Operators Section, Question 1 for details on the National Expansion Growth Team and Washington State Regional Office.](#) Green Dot will reach out to key community, civic and political leaders to introduce the organization and obtain a better understanding of the needs of the community. We will also conduct extensive neighborhood analysis to understand our school feeder patterns and other elementary and middle schools in the area. Green Dot will also connect with the Commission to learn about the charter landscape and community partners.
- **Student Recruitment and Marketing:** The Washington State Executive Director will partner with the Home Office Director of Communications to develop a multi-pronged outreach strategy:

- Prong #1 – Meet with Key Influencers: The Washington State Executive Director will be responsible for leading community organizing to gain support for the school. He/she will host one-on-one meetings with major influencers including community organizations, administrators, counselors and teachers at feeder elementary schools, churches, elected officials, non-profit/social service providers, neighborhood councils, alumni and the media at least **nine months** prior to the opening of the school. The purpose of these meetings will be to build relationships, learn about each group’s interests and understand how to earn their support. The Executive Director will also make an effort to meet with any opposition to clarify any misinformation and understand the potential sources of concern. Following the one-on-one meetings, Green Dot will continue to build support for its schools by asking advocates to speak on its behalf and hosting large community gatherings.
- Prong #2 – Meet with Parents: Green Dot will directly reach out to current, surrounding area and feeder school parents through brochures, flyers, phone banking, door knocking, open houses and information sessions at least **six months** prior to the opening of the school. The purpose of these communications will be to provide information about Green Dot, identify common concerns around charters (e.g., serving at-risk students, anxiety around change, concern with the unknown) and address concerns through direct and consistent messaging. Green Dot will highlight its service to students, demonstrate to parents and other key stakeholders what high performing schools look like and honor the traditions and culture of the existing community while offering the promise of a safe and high quality education. In addition, we plan to highlight the additional supports we provide including wrap-around services, leadership opportunities, after-school programming, alumni associations, etc. To build credibility, Green Dot will have key community influencers attend parent meetings, and we will offer virtual tours of Green Dot California schools and testimonials from Green Dot students and families.
- Prong #3 – Foster Relationship with Students: We plan to launch a number of activities to ensure student involvement at least **six months** prior to the opening of the school. This plan will include presentations and videos at feeder elementary schools and community events so that students understand the “Green Dot Difference” and have a sense of what a Green Dot school is like. In addition, we plan to use these sessions as a two-way conversation so we can learn about their thoughts, worries and concerns and ease their fears about transitioning to middle school. We will set up virtual Q&A sessions for them with current Green Dot students in California so they can hear from actual students, and we will highlight the student organizations and activities they can be involved in upon enrolling.
- **Outreach to At-Risk Students:** The Manager of Finance and Business Affairs and the Principal will be responsible for student recruitment and retention. Green Dot Charter Middle School will tailor its student recruiting efforts and student enrollment processes to attract all students, including those classified as “low-achieving” and “economically disadvantaged.” Specific outreach activities will include: extensive grassroots marketing; simple and easy to understand forms and brochures and removal of any language/messaging that may traditionally deter underserved student populations. We will also adhere to the provisions of the McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth have equal access to the same free, appropriate public education as provided to other children and youths.

Student Discipline

Describe in detail the school’s approach to student discipline. Provide as **Attachment 7** the school’s proposed discipline policy. The proposed policy must be culturally responsive and comply with any applicable state laws and Commission policies. The plan should provide evidence that it is based on research, theory, experience, or best practice. The description of the school’s approach and the proposed policy should address each of the following:

1. Equitable and fair practices the school will use to promote good discipline, including both penalties for infractions and incentives for positive behavior;
2. A list and definitions of the offenses for which students in the school must (where non-discretionary) and may (where discretionary) be suspended or expelled, respectively;
3. An explanation of how the school will take into account the rights of students with disabilities in disciplinary actions and proceedings; and
4. Procedures for due process when a student is suspended or expelled as a result of a code of conduct violation, including a description of the appeal process that the school will employ for students facing expulsion and a plan for providing services to students who are expelled or out of school for more than ten days.
5. Discuss how students and parents/guardians will be informed of the school’s Discipline Policy.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. Green Dot’s discipline policy is based on the research and philosophy of **Restorative Practice**. Restorative Practice means that individuals who hurt the school community must make amends and give back to the community for their infraction. The “giving back” does not necessarily replace punitive actions that may result from the infraction. Rather, they are often in addition to such actions. Therefore, students who violate Green Dot Charter Middle School’s Code of Conduct will often face a *restorative consequence* - an opportunity to give back to the community and repair relationships they have damaged. This concept of honoring the community and the relationships within our community is a foundation of our program. Restorative consequences are typically designed to restore the wrong doing. If graffiti was the infraction, covering the wall with paint is a reasonable restorative consequence. When trust is broken, facilitated conversations and or apologies may result. The goal is that students always take responsibility and make amends. Green Dot has achieved clear success with its discipline philosophy at our existing Green Dot schools in California. In our 2012-2013 School Stakeholder Survey, more than 90% of students either agreed or strongly agreed with the statement “There are clear expectations for behavior in this class”.

Green Dot Charter Middle Schools’ Code of Conduct

Below is an outline of Green Dot Charter Middle School’s recommended Code of Conduct. However, please note that some modifications may be made as the Principal, teachers and students make adjustments to adapt to the specific needs of their school community.

- I’m choosing to be here.
- I’m here to learn and achieve.
- I’m preparing for college, leadership and life.
- I’m responsible for my actions.
- I’m contributing to a safe, respectful, and cooperative community.
- I’m proud of my school!

Discipline System Framework

Green Dot’s **Discipline System Framework** is designed to create a safe, respectful and cooperative community. Within the framework, there are three discipline levels:

- **Level 1 Demerits:** The demerit/merit program serves as the foundation to Green Dot’s approach to

reinforcing positive behavior. Each student receives a merit and demerit card. The merit card tracks exemplary behavior/actions. When a staff member observes exemplary behavior, s/he will ask for the merit card and provide a merit. Students that meet merit goals are awarded according to an incentive menu (i.e., pizza party, BBQ lunch, dances). The demerit card tracks minor infractions (i.e., uniform violation, off-task during class, gum-chewing, foul language). When a staff member observes an offense, s/he respectfully asks for a student's demerit card and records the following: code of offense, date of offense, signature. After receiving six demerits, the student is assigned a three-hour afterschool detention.

- **Level 2 Referrals:** Level 2 violations involve actions that significantly impact a high achievement culture and community of safety, respect and cooperation (i.e., instigating a fight, insubordination, bullying). Students exhibiting Level 2 infractions should be referred to school administration. In addition to a referral, teachers are expected to use the incident as a teaching/relationship building opportunity and follow up with the student and parent. The line between Level 1 and 2 infractions is sometimes gray. During these gray situations, the teacher is expected to balance the needs of the individual student against the needs of the class. It is important to remember that once a student is removed from the classroom, the student loses valuable academic time. However, if the student is uncontrollable and is preventing others from learning, the student should be removed. Reasonable effort to address the situation is expected in order to maximize academic time for all students.
- **Level 3 Suspensions:** Level 3 violations involve actions that are very serious violations of the school's Code of Conduct and/or are criminal violations of Washington State law (i.e., drug possession, theft). Typical consequences include suspension or referral to a Discipline Review Panel.

2. Refer to the **Suspension/Expulsion Offenses** section in **Attachment 7**.

3. In the case of a student who has an IEP or a student who has a 504 Plan, Green Dot Charter Middle School will ensure that it follows disciplinary procedures that comply with the mandates of state and federal laws, including the IDEA and Section 504 of the Rehabilitation Act of 1973.

4. Refer to the **Expulsion Procedures, Appeal Rights** and **Future Placement** sections in **Attachment 7**.

5. The school's discipline policy will be published at the beginning of each school year in the Parent-Student Handbook, which will be reviewed with parents and students at Parent Orientation/Registration.

Conversion Schools

Proposed conversion schools must provide a detailed plan for how they intend to engage the entire school community and any information regarding steps already taken.

1. Provide a detailed plan that demonstrates that the conversion school will have sufficient capacity to enroll all students who wish to remain enrolled in the school after conversion.
2. Provide, as **Attachment 8** evidence of demonstrated support for the proposed conversion in the form of a petition signed by a majority of teachers assigned to the school and/or a petition signed by a majority of parents of students in the school.
3. Provide evidence of the organization's prior experience in taking over or turning around an under-performing school and the ways in which the group will engage and transform the existing school culture.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

Not applicable. Green Dot is not requesting approval to operate a conversion school.

Family and Community Involvement

1. Describe the role to date of any parents/guardians and community members involved in developing the proposed school. Include other evidence of parent/guardian and community support for the proposed charter school.
2. Describe what you have done to assess and build parent/guardian and community demand for your school and how you will engage families and community members from the time that the school is approved through opening.
3. Describe how you will engage parents/guardians in the life of the school (in addition to any proposed governance roles described in Section 2 below). Explain the plan for building family-school partnerships that strengthen support for learning and encourage parental involvement. Describe any commitments or volunteer activities the school will seek from, offer to, or require of parents/guardians.
4. Discuss the community resources that will be available to students and families. Describe any partnerships the school will have with community organizations, businesses, or other educational institutions. Specify the nature, purposes, terms, and scope of services of any such partnerships including any fee-based or in-kind commitments from community organizations or individuals that will enrich student learning opportunities. Include, as **Attachment 9** existing evidence of support from intended community partners such as letters of intent/commitment, memoranda of understanding, and/or contracts.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. To date, Green Dot has spoken with Washington State Charter School Association representatives, district superintendents and union leaders, community partners and foundation leaders to better understand the public education landscape in Washington State. Upon approval by the Commission as an authorized operator, Green Dot will conduct more extensive outreach efforts to community members and parents.
2. The goals of Green Dot's community outreach will be to (1) learn more about the needs of students, families and communities, (2) share information with students, families and communities about the high-quality, rigorous college preparatory education that Green Dot offers and (3) explore potential partnerships that will serve the community. In the year leading up to the school opening, the Washington State Executive Director and the Founding Principal will reach out to the neighborhood groups and associations in the local area. This outreach will include churches, Boys' and Girls' clubs, neighborhood associations and other civically minded organizations. We will also hold open houses and community meetings that will be advertised through newspaper ads, church announcements, door flyers and other communication vehicles.
3. Green Dot Charter Middle School will have the following elements to engage parents/guardians:
 - **Parent Coordinator:** As the front line of communication and relationship with families, a full-time parent coordinator will be at the school. Green Dot views the parent coordinator as a critical team member in the effort to create strong school-family-community partnerships. This role is vital to ensuring that parents are fully integrated into the day-to-day operations of the school and feel a sense of accountability and connection to their child's education. The parent coordinator's responsibilities include conducting community outreach, organizing parent volunteers, addressing parent needs, recruiting new students, giving student tours and organizing workshops for parents and students.
 - **Parent Trainings:** Green Dot Charter Middle School is committed to actively integrating parents/guardians into all aspects of their students' school experience by offering the Green Dot Parent Academy, an eight-month program that consists of one 2-hour workshop per month from October through May culminating in a Parent Graduation in June. The goal of the program is to empower parents to become leaders who engage other parents to support and improve their children's schools. The Parent Coordinator leads this program with support from the Washington State

Executive Director. Specifically, Green Dot provides seven pre-packaged modules with the PowerPoint and notes already completed as options for the Parent Academy. Below are the topics for each module:

Parent Module	Training Description
The Green Dot Difference	What is a charter? What is Green Dot's History? What does it mean to attend a Green Dot school?
Family-School Communication	How can parents communicate with the school effectively? What does an effective parent-teacher conference look like?
Middle School 101	What is GPA? What is a credit? What are the requirements for promotion?
College-Readiness	What does my student need to do to go to college?
PowerSchool	How do I check my student's grades and other important data?
Effective Teaching	What does good teaching look like? What is Green Dot doing through TCRP?
Educational Equity	How can I support Green Dot? How can I get involved and advocate for educational equity for all kids?

- Parent Service Hours:** Green Dot Charter Middle School will recommend that parents provide 35 service hours to the school each year. Parents are encouraged to complete parenting, computer and English (as necessary) classes, as well as college and financial aid workshops. Parents have many additional opportunities to complete volunteer hours including assisting in the office, supervising before and after school, at lunch, during fieldtrips and school events, fundraising and attending parent workshops, meetings, and community events. Parents may also earn volunteer hours for hosting homework and study sessions in their home, regularly checking and signing student homework logs and completing parent surveys.
- School Stakeholder Surveys:** Green Dot Charter Middle School will conduct an annual School Stakeholder survey to gauge family involvement and satisfaction as well as incorporate family feedback. At our existing Green Dot schools in California, in our 2012-2013 School Stakeholder Survey, more than 90% of families across all Green Dot schools either agreed or strongly agreed with the statements that 1) Teachers at this school have helped my student set high academic goals and 2) Teachers at this school have helped my student to meet his/her academic goals.

4. Refer to **Attachment 9** for existing evidence of support from community partners.

Educational Program Capacity

- Identify the key members of the school's leadership team. Identify *only* individuals who will play a substantial and ongoing role in school development, governance and/or management, and will thus share responsibility for the school's educational success. These may include current or proposed governing board members, school leadership/management, and any essential partners who will play an important ongoing role in the school's development and operation. Describe the team's individual and collective qualifications for implementing the school design successfully, including capacity in areas such as:
 - School leadership, administration, and governance;
 - Curriculum, instruction, and assessment;

1. Key school site leaders for Green Dot Charter Middle School will include:

- **Principal:** The Principal is the primary leader of the school, is accountable for the school’s academic performance and operations and reports to the Washington State Executive Director.
- **Assistant Principal(s):** In Year 1, one Assistant Principal will support the Principal in instructional leadership, summer planning, academic interventions, special education, budget, school evaluation and oversight, parent and community outreach, testing, enrollment and attendance, extracurricular programs/activities and other school-site responsibilities. In Year 3, Green Dot Charter Middle School will hire a second Assistant Principal. Both Assistant Principals will report to the Principal.

School-site leaders will be supported by the National Expansion Growth Team, Green Dot’s Home Office and the Washington State Regional Office. [Refer to the Existing Operators Section, Question 1 for additional detail on these support structures.](#) Each school will also have a **School Leadership Team** (“SLT”), comprised of the Principal, Assistant Principals, Counselor(s) and Department Chairs, that will regularly review the school’s performance and make key decisions concerning the school.

2. Green Dot plans to partner with local community organizations to meet the diverse needs of students and families in Washington State. Several organizations we have or will develop relationships with include:

- **Human Capital Partners:** University of Washington, Washington State University, Seattle University, Teach For America, Washington Education Association, Teachers United
- **Mental Health, Social Support Service & Advocacy Providers:** Comprehensive Life Resources, Good Samaritan, Safe & Civil, Stand for Children

3. Green Dot plans to identify its Founding Principal at least **nine months** prior to the school opening. We will look within our existing cadre of administrators in California to identify our first Washington State Principal. Since this Principal will be familiar with the Green Dot mission and values, he/she will serve as a key ambassador of the Green Dot model in Washington State. School leaders new to Green Dot may spend a year in training through Green Dot's internal **Administrator-in-Residence ("AIR") program**. Green Dot's goal is to identify potential AIRs in Washington State and train them as Residents through the AIR program in California before they assume school leadership roles at Green Dot Charter Middle School. These Residents would likely be placed as Assistant Principals in Washington State schools after the completion of their residency. Green Dot may also hire experienced Principals from Washington State and place them directly into school leadership positions if they are highly qualified. [Refer to the Existing Operators Section, Question 1 for details on Green Dot's AIR leadership program.](#)

4. Green Dot conducts extensive diligence to select the most qualified and dedicated school leaders. Refer to **Attachment 10** for the job description and qualifications for the Principal role.

The Principal interview process includes five steps:

- 1) **Assessment with Human Capital:** The first step includes the initial resume/application screen and a phone interview with the Human Capital team. The interview includes an assessment of attitudes, knowledge of effective teaching and the candidate's alignment to Green Dot's mission and vision.
- 2) **Panel Presentation, In-Box & Writing Prompt:** Successful candidates are moved on to the next round of interviews with the Washington State Executive Director and/or VP of National Expansion. These interviews will be conducted in-person or over the phone.
 - **Panel Presentation:** During this interview, candidates are asked to conduct a 20-minute professional development session based on a pre-specified topic and data. The candidate is evaluated on organization and preparation of the session, presentation of materials, knowledge of the subject matter and knowledge of adult learning theory.
 - **In-Box Scenarios:** The candidate is presented with three different case studies and asked to prepare for a discussion around each scenario. Case-based interviews are used to assess leadership capacity in instructional leadership, problem solving and resource management.
 - **Writing Prompt:** The candidate is asked to complete a writing assignment assessing his/her ability to analyze and communicate an issue effectively in writing. In addition, the writing sample helps to determine a candidate's achievement in people management and problem solving.
- 3) **Campus Observation & Debrief:** Candidates are asked to shadow a Green Dot administrator for two hours. After this shadow experience, candidates reflect on what they saw and write up their insights around instructional leadership, people management, resource management, problem solving and community leadership. Candidates are also asked to describe three areas of strengths and opportunities for improvement and asked to offer specific evidence and ideas on next steps.
- 4) **Reference and Background Checks:** Reference and background checks are conducted for finalists.
- 5) **Community Interview:** – Finalists are asked to complete an in-person interview with a Community Panel comprised of the Washington State Executive Director and/or the VP of National Expansion, Assistant Principal(s), Teachers, Classified Staff Members, Parents and Students. The Washington State Executive Director and VP of National Expansion are responsible for the final hiring decision.

Green Dot will also seek partnership with local and national human capital organizations to identify potential candidates for future Washington State schools. Finally, we will use our extensive relationships with universities across the nation to search for candidates.

5. Green Dot's seasoned management team is experienced in leading public middle school reform. The Home Office supports to Green Dot Charter Middle School will be led by our Chief Executive Officer (CEO), Marco Petruzzi; President and Chief Academic Officer (CAO), Dr. Cristina de Jesus; Chief Financial Officer (CFO), Sabrina Ayala and our VP of National Expansion, Dr. Megan Quaille. The Washington State Executive Director will report to Dr. Quaille. The Executive Director is expected to be announced at least **nine months** before the opening of Green Dot Charter Middle School. Megan Quaille will serve as the Interim Executive Director until the full-time Executive Director is hired. [Refer to the Existing Operations Section, Question 1 for details on Megan Quaille's background and qualifications.](#)

The Washington State Executive Director will oversee the academic performance, instruction and operations across all Green Dot Washington State schools and the Washington State Regional Office. Working with the National Expansion Growth Team, his/her major duties will be to supervise, coach and evaluate all Green Dot Washington State Principals, manage the operations and finances of the region and build community relationships across the schools. The Executive Director will be the primary contact for the Washington State Charter School Commission and local district and serve as the liaison between Green Dot Charter Middle School and the Green Dot Board of Directors. The Executive Director will likely be selected from among Green Dot's existing leadership. The chosen candidate will have demonstrated leadership in both academic and operational settings and be intimately familiar with Green Dot's schools and operations.

Beyond the Washington State Executive Director and Principal, the Assistant Principal ("AP") will also serve as a key school site leader. The Principal will be supported by the Home Office Human Capital team to recruit and hire the remaining school staff positions. The selection process for the AP will begin in the planning year (Year 0) with the goal of having the AP hired before school starts. Recruitment and hiring includes multiple stages. During the first stage, Green Dot's Home Office Human Capital team will vet a series of resumes and applications to identify Assistant Principal candidates who meet our minimum criteria. These candidates will next be screened to ensure alignment with Green Dot's core values. Once a set of top candidates has been identified, the final stage will require the candidate to:

- Create a professional development presentation
- Produce an on-demand writing sample
- Watch a video of a teacher's lesson, providing feedback and next steps for support for that teacher
- Shadow a current Green Dot California Principal for a half day

The **Principal** will make the final hiring decision, followed by reference checks and a contract. Refer to **Attachment 11** for leadership biographies, resumes and job descriptions.

6. Depending on when the school assignment is announced, the **Principal**, in conjunction with the Washington State Regional Office, will lead the development of the school. The Washington State Regional Office will play key roles in recruiting/hiring school staff, building relationships with community partners, ensuring compliance to Washington State regulations and policies and managing all start-up operations for the school. The following staff members in the Washington State Regional Office will work on a full-time or nearly full-time basis: **Executive Director, Instructional Coach, Manager of Finance & Business Affairs**. The **National Expansion Growth Team** will also play a key role during the school's formation. Green Dot is seeking philanthropic funding and/or grants to support the Washington State Regional Office and National Expansion Growth Team in initial years of operation. In the future, these costs will be shared across all Green Dot Washington State schools and covered by shared services fees in steady-state. In addition, Green Dot Washington State will receive support from Green Dot Public Schools National.

Governance

Legal Status and Governing Documents

Describe the proposed school’s legal status, including non-profit status and federal tax-exempt status. Submit, as **Attachment 12** the Articles of Incorporation, proof of non-profit status and tax exempt status (or copies of filings for the preceding items), a completed and signed Statement of Assurances, bylaws, and any other governing documents already adopted, such as board policies.

Green Dot Public Schools Washington State (“Green Dot Washington State”) is a recently incorporated Washington State nonprofit. The organization has applied for federal tax-exempt status and is awaiting a response from the IRS. The Board of Green Dot Washington State is comprised of Board members from the Puget Sound region. Green Dot Washington State is part of the Green Dot Public Schools family of organizations. Green Dot Public Schools (“Green Dot”) is in the process of transitioning its governance structure. Over the course of the next year, Green Dot has plans to separate into Green Dot Public Schools (National), which will provide shared academic, operational and financial services and oversight to all regions, as well as Green Dot Public Schools California and Green Dot Public Schools Tennessee. By accessing shared services from Green Dot Public Schools, Green Dot Washington State will learn from the best practices Green Dot has learned over the last 13 years of experience and by launching and managing the 19 schools in its portfolio.

Each entity listed above will be separately incorporated and have a separate/local Board of Directors. Green Dot Public Schools National will retain the power to appoint and remove Board Members of Green Dot Washington State. In addition, Green Dot Washington State will sign a licensing agreement with Green Dot Public Schools National. This agreement will help clarify the Green Dot model, areas for innovation and tailoring of the model to the local context and ways to collaborate within the Green Dot family. For the purposes of this application, Green Dot refers to Green Dot Public Schools, the current organization that will eventually be split up three entities (National, California and Tennessee). Refer to **Attachment 12** for Green Dot Washington State’s Articles of Incorporation, proof of non-profit status and tax exempt status.

Organization Charts

Submit, as **Attachment 13**, organization charts that show the school governance, management, and staffing plan and structure in: a) Year 1; and b) at capacity.

The organization charts should clearly delineate the roles and responsibilities of – and lines of authority and reporting among – the governing board, staff, any related bodies (such as advisory bodies or parent/teacher councils), and any external organizations that will play a role in managing the school. The organization charts should also document clear lines of authority and reporting within the school.

Governing Board

1. Explain the governance philosophy that will guide the board, including the nature and extent of involvement by key stakeholder groups.
2. Describe the governance structure of the proposed school, including the primary roles of the governing board and how it will interact with the principal/head of school and any advisory bodies. Describe the size, current and desired composition, powers, and duties of the governing board. Identify key skills, areas of expertise, and constituencies that will be represented on the governing

board. Explain how this governance structure and composition will help ensure that a) the school will be an educational and operational success; b) the board will evaluate the success of the school and school leader; and c) there will be active and effective representation of key stakeholders, including parents.

3. Identify all current and prospective board members and their intended roles. Summarize members' interests in and qualifications for serving on the school's board. In **Attachment 14** provide a completed and signed board Member Information Sheet, resume, and professional biography for each board member.
4. If the current applicant team does not include the initial governing board, explain how and when the transition to the formal governing board will take place.

2. The role of the governing Board will be to:

- Green light the launch of Green Dot Washington State
- Set the strategic direction of Green Dot Washington State
- Monitor academic and operational performance of Green Dot Washington State and each campus
- Approve major school policies
- Support the Washington State Executive Director ("Executive Director")
- Ensure financial sustainability of Green Dot Washington State by approving the organizational budget and each campus budget
- Provide consultation in areas of expertise – legal, real estate, finance, public and media relations, education, community engagement, legislation and government relations

- Support and help in fundraising efforts
- Act as an ambassador for Green Dot by promoting the organization and its successes to community leaders, funders and influencers
- Collaborate and share best practices with Green Dot Public Schools National and other Green Dot Public Schools organizations

Interactions with Head of School: The Board of Directors will primarily interact with the Washington State Executive Director, who in turn, will coach the Principal and lead the Regional Office. The School Leadership Team will meet with the Board of Directors intermittently, but Green Dot’s intention is to have the School Leadership Team focus on instructional leadership and managing stakeholders within their school building, while the Executive Director manages the relationship with the Board of Directors.

Interactions with Advisory Bodies: The School Advisory Councils (“SACs”) will interact with the Board indirectly. The SAC bylaws reinforce their steadfast commitment to personalizing learning for all students. SACs will make recommendations around curricula, the school calendar and alignment of the budget with school priorities prior to Board review. In addition, SACs will evaluate the school’s performance against school-specific goals and support efforts around student recruiting and daily attendance. SACs share recommendations with school leaders and the Manager of Finance and Business Affairs. These groups will then share the recommendation with the Washington State Executive Director, who will, in turn, share recommendations with the Green Dot Washington State Board of Directors.

Size: Green Dot Washington State aims to have a Board of as few as three and as many as twenty-five members, per the Bylaws. Over time, this Board could grow and expand based on the organization’s needs. Specifically, the powers and duties of the Green Dot Washington State Board of Directors are listed in the Green Dot Washington State bylaws and include:

- Approving or denying the recommendation from Green Dot Public Schools National regarding the hiring, evaluation and compensation or termination of the Washington State Executive Director
- Approving or denying the budget put forth by the Washington State Regional Office (“Regional Office”) in collaboration with Green Dot National
- Set strategy and policy in collaboration with Green Dot National and the Regional Office

- Conducting and managing the business affairs of the organization
- Assuming obligations and entering into contracts
- Managing risk and liability
- Filling of vacancies on the Board of Directors
- Amending, repealing or adopting new bylaws
- Appointing Board Officers; however, Green Dot Public Schools National will retain ultimate decision rights over the appointment of Directors on the Board

To ensure the success of Green Dot Washington State, the full Board will review academic, cultural and financial data on a regular basis. In addition, the Board can choose to appoint a series of committees that will more closely monitor the school’s performance in certain areas. These may include:

- **Executive:** Comprised of officers and committee chairs, has special authorities/responsibilities, ensures strong governance, oversees recruitment, nomination and selection of Board members
- **Education:** Reviews annual performance goals, monitors school progress, advises Green Dot

- Charter Middle School on curriculum, educator effectiveness, assessment and accreditation
- **Audit and Finance:** Ensures organization is in good fiscal health, compliance with laws and strategic priorities are reflected in budget, oversees selection of auditor and reviews annual audit
- **Development:** Develops strategy for fundraising and development, builds financial support for Green Dot Washington State
- **Governance:** Develops policies and procedures around Board governance including expansion of the Board

The Board of Directors of Green Dot Washington State will evaluate the Washington State Executive Director, with recommendation and input from Green Dot National. The Executive Director will evaluate the School Leadership Team with input from the VP of National Expansion. The Board will evaluate the Executive Director according to a set of competencies. These competencies may include: achievement of annual performance goals, strategic planning, administration, financial management, board relations, relationship-building, communications and public relations, fundraising, leadership skills and interpersonal skills. Green Dot National will provide detailed recommendations regarding the success of the school and the school leader in accordance with the performance management frameworks described in the [Staffing Plans, Hiring, Management, and Evaluation Section](#). The Board can then decide how to incorporate these recommendations as they make the final decision regarding performance of the Executive Director.

Parents and other stakeholders will have a voice through School Advisory Councils and through the opportunity to comment at the open Board meetings that will be held by Green Dot Washington State. Additionally, the Board will have management share trends emerging in stakeholder data and listen as the Executive Director communicates high priority discussion items from the School Advisory Councils. A meeting calendar and agenda will be posted publicly.

3. The Green Dot Washington State Board of Directors will consist of business, non-profit, education and community leaders who are dedicated to preparing Green Dot Washington State students to be successful in college, leadership and life. Board members are selected for their proven dedication to Green Dot's mission. Board members also have skills in one or more of the following areas: teaching and learning, teacher effectiveness and assessment, governance, financial audits and budgeting, fundraising, marketing, real estate, public affairs and advocacy, technology, legal services and strategic management.

Current and prospective Board members include: Kimberly Mitchell, Andrew Buhayar, Marguerite Kondracke and Kaaren Andrews. Ms. Mitchell currently serves as a Founder and Consultant at Inquiry Partners, where she helps education organizations think through inquiry-based strategies and professional development to prepare teachers and students for the Common Core as well as promote deeper learning. She has worked at a variety of education nonprofits and local foundations, has extensive connections within Washington State and serves as Board Treasurer at another nonprofit. Mr. Buhayar is currently the Head of User Research and Data Analytics at Nordstrom People Lab. In this role, he is charged with enhancing Nordstrom's workplace and empowering employees to work to their potential. He brings strategic planning and analytical expertise as well as a multidisciplinary background. Mrs. Kondracke was most recently President and CEO of America's Promise Alliance. Ms. Andrews is the Principal of Interagency Academy. Together, this group brings together a diverse set of experiences that will ensure Green Dot Washington State is an academic, financial and operational success. Refer to **Attachment 14** for signed Board Member Information Sheets, resumes and professional biographies for each current and prospective member.

While Green Dot has a Founding Board in place currently, it will elect the following positions as it grows in

size: President / Chairperson, Secretary, Treasurer and Executive Director.

- **President / Chairperson of the Board:** He/she is the principal officer of the Board and serves as the liaison between the Board and the Executive Director. He/she will, when present, preside at all meetings of the Board of Directors. The President appoints the members of each standing or ad hoc committee of the Board and may serve on any standing or ad hoc committee of the Board.
- **Secretary:** He/she will keep the minutes of the proceedings of the Board of Directors, see that all notices are properly given in accordance with applicable law and maintain appropriate financial information pertaining to the Board.
- **Treasurer:** He/she will be responsible for all funds and securities of the school, receive and give receipts for monies due and payable, disburse the funds of the school in accordance with the directives of the Board of Directors and provide an account of financial information to the Board.
- **Executive Director:** He/she will serve as an ex-officio, non-voting member, report directly to the Board (as illustrated in **Attachment 13**), be responsible for the day-to-day operations of the school and provide regular reports to the Board regarding the performance of the school.

4. The Green Dot Washington State Board in place at the time of the application is a formal governing Board. Once Green Dot knows the status of its charter petition this spring, we will seek to add additional Board members.

5. Green Dot Public Schools has incorporated a new entity and developed a new governing Board for Green Dot Washington State. The existing Green Dot Public Schools Board will have the power to appoint and remove directors of Green Dot Washington State. In addition, the Boards of Directors of Green Dot Public Schools National, Green Dot Public Schools California and Green Dot Washington State will collaborate to share best practices and align on the strategic direction of the family of organizations. In addition, Green Dot Public Schools National will work with regions to sign licensing agreements outlining the Green Dot model and appropriate use of the Green Dot brand and shared services agreements outlining the specific services to be provided by Green Dot Public Schools National in exchange for a shared services fee. Green Dot will also provide input into the hiring and firing of Executive Directors and lead screening of Principal candidates.

6. After the planning year, the Board of Directors will discuss additions to Board membership annually at scheduled meetings. Candidates are typically referred by an existing board member. One of the Board's responsibilities is to grow Board membership and ensure that Green Dot has access to relevant expertise and resources. Once a candidate is nominated, the Board will review a nominee's professional background, community involvement and commitment to Green Dot Washington State's mission. Candidates will visit a Green Dot School (if possible) and meet with the Board Chair, one other Board Member and the Washington State Executive Director. During these meetings, the member has ample time to ask questions about Green Dot's school model, student life, financial situation and other areas as desired. Once new members join the board, they receive a copy of the Green Dot Washington State bylaws, information about compliance and disclosure requirements, a copy of our audited financials and budget, a strategic plan and a Board Roster so they can begin contributing from their first meeting onwards. To be confirmed, nominees have to receive a majority vote by the existing Green Dot Washington State Board of Directors.

The Board will meet once a quarter at a minimum. The Board may choose to appoint an Executive Committee that will meet with greater frequency and retain decision-making powers. Refer to **Question 2** in this section for the remaining committees that the Board may choose to appoint.

7. There are no existing relationships that could pose real or perceived conflicts if our application is approved. Green Dot currently complies with conflict of interest and disclosure requirements set forth by the California Fair Political Practices Commission and will comply with any required conflict of interest disclosure laws set forth in Washington State, including open meetings laws, public records laws and the Ethics in Public Service Act.

Members of the Green Dot Washington State Board of Directors, any administrators, managers or employees and any other committees of Green Dot shall comply with applicable federal and state laws, nonprofit integrity standards and the Washington State Charter School Commission’s charter school policies and regulations regarding ethics and conflicts of interest. Green Dot shall not enter into a contract or transaction in which a non-director designated employee (e.g., officers, other key decision-making employees) directly or indirectly has a material financial interest unless all of the requirements in the Green Dot Public Schools Conflict of Interest Policy have been fulfilled. The Green Dot Washington State Board of Directors will adhere to honest, ethical and lawful conduct in order to protect the reputation and integrity of the organization, and as outlined by the Code of Ethics. Board members are expected to exercise good judgment and the highest ethical standards in all activities on behalf of Green Dot as well as in private activities outside the organization. In instances where even the appearance of conflict exists, Board members must disclose the nature of the conflict to the Board Chairperson. The Chairperson, along with the remaining members of the Board, will then review the nature of the conflict and ascertain whether the activity in question is appropriate under Green Dot Washington State policies.

8. Green Dot Washington State will increase the capacity of the Board by strategically adding Board members with experience in each of these three areas: Strategic Experience (finance, public education, entrepreneurship, venture capitalist, replication and expansion, legal or real estate); Relationships (Washington State Charter School Commission, philanthropy, higher education, Olympia and Washington DC [federal policy advocacy]); Diversity (live in district, race/ethnicity, gender) and Sponsorship (ability to provide direct support).

In addition, all Board members will receive an orientation that covers Green Dot’s mission, vision and core values, the Green Dot model, important data points and accountability, the Green Dot Difference and requirements of Board service and compliance, including open meetings laws. On an annual basis, the Board will receive training on public/open meeting requirements. Throughout the year, the Board receives refresher presentations and updates on key aspects of the Green Dot portfolio – academic results, financial position, facilities, compliance submissions and health and safety policies. The Board Chairman and the Washington State Executive Director will meet on a monthly basis to discuss key areas where the Board would like to have additional information so they are best prepared to govern. These topics are addressed in future board meetings.

Advisory Bodies

Describe any advisory bodies or councils to be formed, including the roles and duties of that body. Describe the planned composition of the advisory body; the strategy for achieving that composition; the role of parents/guardians, students, and teachers (if applicable); and the reporting structure as it relates to the school's governing body and leadership.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

Each Green Dot school in Washington State will have a **School Advisory Council** ("SAC") comprised of parents, teachers, classified staff, students, community representatives and school leaders to ensure fair representation of diverse thoughts and oversight of the school. The SAC's perspectives and expertise will be sought in solving school-wide issues and developing policies and recommendations. The SAC monitors the school's plan describing curricula, instructional strategies and instructional services for high-needs students and professional development for teachers. The SAC provides input into allocation of school stipends, the calendar for the academic year and the school budget. In addition, students will be encouraged to help design and assist in the administration of many school programs, including the disciplinary process, student recruiting and whole school meetings. The Principal of Green Dot Charter Middle School will elevate any critical issues raised by the SAC to the Executive Director so he/she can work with the Green Dot Washington State Board of Directors to address these concerns. SAC members will be notified of Green Dot Board Meetings so that they may attend directly if so motivated.

Grievance Process

Explain the process that the school will follow should a parent or student have an objection to a governing board policy or decision, administrative procedure, or practice at the school.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

Green Dot encourages community and parent participation and feedback on decisions impacting them and their students. Parents are encouraged to reach out to their Principal or the Washington State Executive Director to express any concerns or objections. Green Dot's philosophy is that concerns should ideally be resolved directly with the stakeholder with whom there is a concern. If the problem or conflict is unresolved, it is essential that the Principal be included in the process of resolving concerns so that the administrator can make decisions that are in the best interest of the school. For Green Dot's existing **conflict resolution policies** for students and parents/guardians at our California schools, [refer to here](#).

Student Grievance Process

If a student has a request, issue or grievance that he/she believes is not being addressed consistently with the philosophy of the school, its policies and procedures, he/she may enter into the grievance process so that issues are resolve constructively. The grievance process has a maximum of three steps, but resolution may be reached at any step in the process identified.

- **Step One:** The student presents his/her grievance or issue to the staff member with whom he/she has the conflict. The staff member should address the grievance, attempt to resolve it and give the student a decision within a reasonable amount of time.
- **Step Two:** If there is dissatisfaction with the decision or if is not within the scope of the person's responsibilities to respond, the student should approach the next appropriate supervisor (either a counselor or administrator). Following a review of the concern, the counselor or administrator will confer and determine a response to the issue raised. The response is submitted in writing to the student with the explained decision.
- **Step Three:** If the response given by the counselor or administrator seems unreasonable to the student, he/she should then submit a written request for a meeting with the Principal. Following a

review of the request and an investigation of the issue, a meeting will be scheduled with involved parties. After considering the contents of the appeal letter, information collected during the investigation and information clarified during the meeting, a decision will be communicated in writing to all involved parties.

Parent and Guardian Grievance Process

If a parent has a request, issue or grievance that he/she believes is not being addressed consistent with the philosophy of the school, its policies and procedures, he/she may enter into the grievance process so that issues are resolved constructively.

- **Step One:** The parent/guardian presents the issue to the staff member with whom he/she has the conflict. The staff member should address the grievance, attempt to resolve it and give the parent/guardian a decision within a reasonable amount of time.
- **Step Two:** If the response given by the staff member seems unreasonable to the parent/guardian, he/she should then request a meeting with the Principal. Following a review of the request and an investigation of the issue, a meeting will be scheduled with involved parties. After considering the contents of the appeal letter, information collected during the investigation and information clarified during the meeting, a decision will be communicated in writing to all involved parties.
- **Step Three:** If the response given by the Principal seems unreasonable, he/she should then submit request a meeting with the Washington State Executive Director, who oversees the school. Following a review of the request and an investigation of the issue, a meeting will be scheduled with involved parties. After considering the contents of the appeal letter, information collected during the investigation and information clarified during the meeting, a decision will be communicated in writing to all involved parties.

Green Dot Charter Middle School will also adopt and publish grievance procedures providing for prompt and equitable resolution of student and employee complaints alleging any action, which would be prohibited by Title IX or Section 504. Green Dot Charter Middle School will implement specific and continuing steps to notify current and prospective employees, parents and students, referral sources for current and prospective employees and all unions or professional organizations holding collective bargaining or professional agreements with the recipient that it does not discriminate on the basis of gender or mental or physical disability in the educational program or activity which it operates, and that it is required, by Title IX and Section 504 not to discriminate in such a manner.

District Partnerships

Explain any proposed partnership agreement between the charter school and the school district or Education Service District (ESD) where the school is proposed to be located. Include the terms of that agreement.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

If approved, over the next two years, Green Dot Washington State will work with Tacoma Public Schools to further define specific avenues of collaboration. Green Dot holds Tacoma Public Schools in high regards for its leadership and focus on innovation – through the Innovation Schools and through participating in the collaborative collective action teams organized by the Foundation for Tacoma Students. Collaboration could be operational in nature – in terms of contracting for food service, transportation or special education services – or focused on best practice sharing and opportunities for collaboration. Green Dot met with Deputy Superintendent Josh Garcia in October 2013 to begin these conversations. In addition, Green Dot has a leadership development program for school administrators. [Refer to the Existing Operators Section.](#)

[Question 1 for details on this program.](#) In the past, we've explored collaboration with other school districts. Green Dot could potentially partner with interested Washington State districts to train leaders as part of the California leadership development program. Lastly, Green Dot would also be interested in partnering with districts to identify if there are any available/underutilized facilities for future schools.

Education Service Providers (ESP) and Other Partnerships

Describe any other proposed partnerships or contractual relationships that will be central to the school's operations or mission.

If the school intends to contract with an ESP for the management of the school or substantial educational services, address the following:

1. Provide evidence of the non-profit ESP's success in serving student populations that are similar to the targeted population, including demonstrated academic achievement as well as successful management of nonacademic school functions, if applicable.
2. As **Attachment 16** provide a term sheet that includes:
 - a. Proposed duration of the service contract;
 - b. Roles and responsibilities of the governing board, school staff, and ESP;
 - c. Scope of services and resources to be provided by the ESP;
 - d. Performance evaluations measures and timelines;
 - e. Compensations structure, including clear identification of all fees to be paid to the ESP;
 - f. Methods of contract oversight and enforcement;
 - g. Investment disclosure; and
 - h. Conditions for renewal and termination of the contract
3. Disclose and explain any existing or potential conflicts of interest between the charter school board and proposed service provider or any affiliated business entities.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

Green Dot Washington State will not use an education service provider and will be directly managed by the Board and management of Green Dot Washington State. It will contract for academic, financial and operational support from Green Dot Public Schools. However, employees within the Green Dot Washington State Regional Office will be empowered to manage regional operations. There are no existing or potential conflicts of interest between the charter school board and any affiliated business entities.

Staffing

Staff Structure

1. Provide, as **Attachment 17**, a complete staffing chart for the school. Use the template provided by the Commission to prepare your response. The staffing chart and accompanying notes or roster should identify the following:
 - a. Year 1 positions, as well as positions to be added during the first charter term;
 - b. Administrative, instructional, and non-instructional personnel;
 - c. The number of classroom teachers, paraprofessionals, and specialty teachers; and
 - d. Operational and support staff.
2. Explain how the relationship between the school's senior administrative team and the rest of the staff will be managed, including plans for performance management. Note the teacher-student ratio, as well as the ratio of total adults to students for the school.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1-2. The Washington State Executive Director will oversee the academic performance and operations of Green Dot Charter Middle School, including the development and evaluation of the school's administrative team. At the school level, the Principal is responsible for the day-to-day school operations. The Executive Director provides coaching on a bi-weekly basis for the Principal and Assistant Principals, ongoing

professional development and informal performance management. In addition, there will be oversight from Green Dot Public Schools National. The School Leadership Team is responsible for school target setting, making the necessary accommodations to achieve the schools' goals and gathering feedback from all stakeholders to identify areas of improvement. Refer to **Attachment 17** for a complete staffing chart for the school and to [Green Dot's Division of Responsibilities Table](#) for how roles and responsibilities will be split between Green Dot Public Schools National, the Regional team and the School Leadership Team.

Green Dot also has robust performance management frameworks in place for its certificated teachers, classified staff and central office employees:

- **Certificated Teachers:** [Refer to the below Staffing Plans, Hiring, Management, and Evaluation Section for details on how teachers will be supported, developed and evaluation each school year.](#)
- **Classified Staff:** Classified staff receive evaluations in multiple ways.
 - Progress towards performance metrics set by them and their administrator
 - Overall strengths and opportunities for development
 - Evaluation against a rubric and competencies: Commitment to Green Dot's Mission, Responsiveness, Competencies and Expertise, Developing Relationships within School and Department, Across the Organization and with External Stakeholders, Process Improvement, Professional Development and Growth, Communication Skills and Time Management
- **Central Office Staff:** Central office staff receive evaluations from multiple perspectives (supervisors, peers and self) against competencies laid out in a performance standards rubric.

Green Dot strives to maintain a student-to-teacher ratio of approximately 20:1 in its schools. Depending on the specific needs of the student body, additional specialists may be added to support students. The total student-to-adult ratio will be approximately 12:1.

Staffing Plans, Hiring, Management, and Evaluation

6. Explain how teachers will be supported, developed, and evaluated each school year in accordance with the state accountability plan. Provide, as **Attachment 19**, any teacher evaluation tool(s) that already exist for the school, or state if the school intends to follow the state teacher evaluation plan.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. Green Dot Washington State's certificated and classified employees will be eligible to organize and undertake collective bargaining. Green Dot believes strongly in the concept of teacher voice and would like

** Standard Green Dot benefits are available to all full-time employees (30 hours/week or more): full medical, dental, vision, life and disability insurance, FICA, workers' compensation, retirement savings plans and unemployment insurance. Green Dot is awaiting the results of the IRS ruling on whether or not charter schools are eligible to, mandated or ineligible to participate in the public retirement system in Washington State.

*** Principals, Assistant Principals and teachers are eligible for performance-based bonuses; teacher bonuses are currently paid through Green Dot's Teacher Incentive Fund grant.

Green Dot's strategies for retaining high-performing teachers stem from alignment around multiple human capital policies. Green Dot has a thoughtful multi-stage, human capital selection process which ensures fit between the candidate and their school site. Green Dot seeks teachers with a growth mindset and also provides coaching and supports to help teachers develop. Longer-term, Green Dot teachers have access to leadership opportunities, enabling them to remain in the classroom while advancing their career. Green Dot's teacher retention rate was 82% for the 2012-2013 school year.

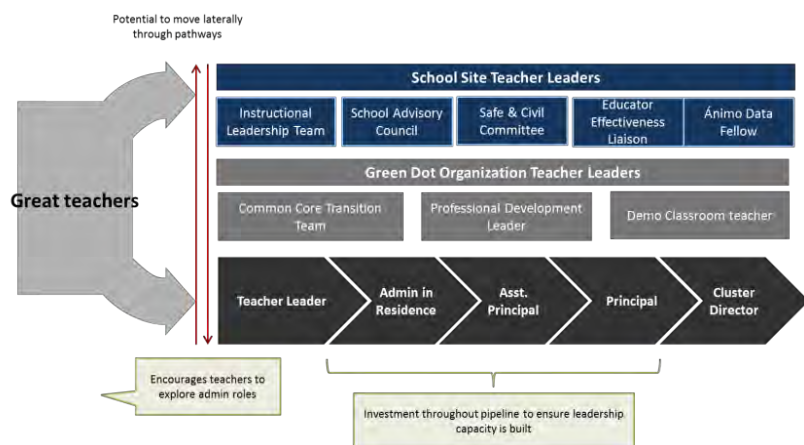

Incentives and Reward Structures

Green Dot's current plans include a compensation system with a performance bonus. Green Dot won a Teacher Incentive Fund Cohort 4 Award, which is furthering our work on evaluating, supporting and developing effective educators. To recognize and reward great teaching, Green Dot has begun offering bonuses to high performing teachers. Depending on funding rates and the ability to develop an evaluation system that teachers trust as Green Dot transitions to the Common Core, Green Dot Washington State would seek to build a similar performance-based system.

An additional critical incentive structure for teacher retention is providing teachers with a voice in decision-making around policies and programs that impact them and their schools. There are structures for eliciting input within the region and at each school. These include the School Advisory Council, the Safe and Civil team, the Instructional Leadership Team ("ILT"). [Refer to the Governing Board Section for details on the School Advisory Council.](#) The Safe and Civil team develops school policies around Code of Conduct and culture. The Instructional Leadership Team is comprised of the heads of each department. The ILT analyzes data to inform school-wide professional development, plans school-wide collaboration opportunities and develops plans to work with departments around key instructional decisions.

Career Ladder Opportunities

Green Dot has also developed a meaningful career ladder to allow proven teachers a path for growth and greater responsibility. After teachers have mastered classroom instruction and reach "Highly Effective," they can step into Teacher Leadership roles. Once Green Dot Washington State grows in size, many of these teacher leadership opportunities will be made available to teachers.

School Site Teacher Leaders

- Instructional Leadership Team: Provides input into school instructional model
- School Advisory Council: Provides input into school budget and tracks progress towards goals
- Safe and Civil Committee: Provides input into school policies around Code of Conduct and culture
- Educator Effectiveness Site Liaison: Disseminates information and promotes healthy dialogue around Green Dot's Educator Effectiveness work on their school campuses
- Ánimo Data Fellow: Develops and implements data systems and data-driven deliverables that provide teachers with timely, actionable data to improve student outcomes

Green Dot Organization Teacher Leaders

- Common Core Transition Team: Teacher team focused on supporting Green Dot's transition to Common Core; team provides input into professional development, curriculum development and technology requirements to successfully execute this shift
- Professional Development Leaders: Lead professional development for their department focused on instructional practices, the College-Ready Teaching Framework and Common Core.
- Demo Classroom Teacher: Highly effective teachers who open their classrooms to cohorts of

teachers to provide them the opportunity to learn. (After the observation, the cohort of teachers debrief with a facilitator, other guest teachers and the Demo Classroom Teacher. Demo Classrooms provide job-embedded professional development and help our organization build a more robust coaching model.)

In addition, Green Dot hosted its first Golden Dot Awards ceremony last year to formally recognize and celebrate staff members and administrators across the organization who exemplified Green Dot's core values. Lastly, Green Dot realizes that opportunities for collaboration with peer teachers (across subject areas and grade levels) are a critical aspect of retention. As Green Dot Washington State grows, we will provide regular opportunities for teachers to convene for professional development and build networks across schools. We are also exploring how we can create communities of practice across regions so teachers in California, Tennessee and Washington can learn from each other directly or virtually.

3. Green Dot conducts extensive recruitment and a multi-step selection process to find the strongest possible school leaders and teachers for our students.

Teacher Recruitment Strategy:

Green Dot Charter Middle School will hire a diverse faculty comprised of the best teachers available. We will achieve this goal by continuing our rigorous national recruitment process to hire highly effective teachers who are mission-aligned. Green Dot specifically looks for candidates who demonstrate an *unwavering belief* in the potential of all students, are passionate about improving public education and have a growth and development mindset.

We plan to contact top graduate and education programs in the country and publicize our Washington State schools to experienced teachers. We will focus recruiting efforts on and begin collaborations with local universities and colleges, including University of Washington, Washington State University and Seattle University. We anticipate advertising nationally and locally and will post online. We will also work with Teach for America to access their corps members and alumni in the region as well as explore partnerships with organizations like the New Teacher Project, which is exploring building a program in Washington. We also plan to have a presence at local job fairs and distribute flyers and brochures at local community hubs.

Green Dot will develop its recruiting strategy and make key hires to support teacher recruiting for our Founding School in fall 2014. The Green Dot Home Office Human Capital team will develop the initial recruiting strategy for Washington State schools and dedicate a Recruiter to support the implementation of this strategy. The Washington State Executive Director will hire a Manager of Human Capital & Human Resources to provide on-the-ground support and build relationships with local partners and organizations in Year 2 and beyond.

Teacher Hiring and Selection:

Green Dot's teacher interview process includes six steps with the **Principal** being responsible for making the final hiring decision. The first four steps (and the final step of reference checks) will likely be conducted by Green Dot's Home Office Human Capital Team and Step 5 would occur within Washington State.

- 1) **Online Application:** The application includes a resume, cover letter and credential check.
- 2) **Phone Screen:** Green Dot will ask three questions to assess cultural fit and "grit" or ability to teach in an urban setting. This stage helps Green Dot assess whether the candidate fits the Green Dot culture, shows perseverance and passion and is reflective.
- 3) **Lesson Plan:** Candidates that pass the phone screen are asked to submit a lesson plan two days

prior to the interview day. Through the lesson plan submission, Green Dot assesses the candidate's ability and depth in designing lesson plans that contain specific strategies to engage students.

- 4) **Interview Day:** The interview day consists of candidates responding to three writing prompts, participation in a Socratic seminar and a feedback session on the candidate's submitted lesson plan. The Socratic discussion helps Green Dot assess if the candidate fits Green Dot culture, has a similar definition of social justice (i.e., high expectations for all brings equity in education) and possesses a passion for the work. The lesson plan review demonstrates how the candidate responds to feedback.
- 5) **School Interview:** Finalists are asked to complete an in-person interview with the school site recruitment team (comprised of the Principal, Assistant Principal(s), Teachers and Students).
 - **Demo Lesson:** Candidates are asked to conduct a 20-minute lesson demonstration on an assigned topic and submit a full lesson plan to be reviewed. The candidate is evaluated on mastery of content knowledge, classroom management skills, flexibility and reactions to real-life scenarios.
 - **Reflection and Feedback Session:** The candidate is asked to complete a writing assignment assessing his/her performance in the demonstration lesson and reflecting on the strengths of the lesson and areas for improvement. The candidate then returns to the hiring panel to share his/her reflections and receive feedback. This exercise demonstrates the ability to be a reflective practitioner, receive constructive feedback and improve his/her practice.
- 6) **Reference and Background Checks:** Reference and background checks are conducted for finalists.

4. Green Dot aims for all hiring processes for school personnel to be multi-step (with a resume screen and a performance task related to the role that will be filled), reflective and to assess the candidate's fit with the organization's mission and vision. Refer to **Question 3** in this section for details on Green Dot's teacher hiring process. [Refer to the Educational Program Design and Capacity Section, Question 4 for details on Green Dot's administrators' hiring process.](#)

Hiring Roles and Responsibilities

The Principal will be supported by the Home Office Human Capital Team and the Regional Manager of Human Capital and Human Resources (in Year 2 and beyond) to recruit and hire the school staff positions. Beyond the Executive Director and Principal, the Assistant Principal will also serve as a school site leader and play a role in hiring. The Executive Director will be supported by the Regional Manager of Human Capital and Human Resources (in Year 2 and beyond) and Green Dot's Home Office Human Capital Team for Regional Office hiring.

Procedure for Adequate Background Checks:

Green Dot Charter Middle School shall comply with the provisions and procedures of Education Code, including the requirement that, as a condition of employment, each new employee must submit a set of fingerprints for the purpose of obtaining a criminal record summary. No employee shall be permitted to commence work at Green Dot Washington State until clearance has been obtained. All faculty and staff will undergo a criminal background check and fingerprinting to be conducted by the local police department or an outside vendor (likely a private firm with national search capabilities) as well as a child abuse registry check. Applicants will be required to provide a full disclosure statement regarding prior criminal records. All staff will be required to produce documents for U.S. employment authorization and will be required to follow all mandated child abuse reporting laws.

Dismissal

Green Dot Public Schools will initially offer certificated teaching staff and classified employment with a two-year probationary period. Thereafter, employment shall continue on a just cause basis such that an

employee may only be terminated for cause, as defined by applicable state law of policy of the school. Further, consistent with applicable law, employees of the charter school may form and join employee associations, after which, all changes to negotiable terms and conditions of employment shall be subject to the collective bargaining process. All other employees will be at will.

5. Green Dot believes strong school leaders are critical to fostering the right environment for a high-performing school. We place extensive focus on supporting, developing and evaluating school leaders. [Refer to the Existing Operators Section, Question 1 for details on the robust professional supports that will be available for the school leaders at Green Dot Charter Middle School.](#) Green Dot Charter Middle School's Principal will be evaluated on a 50/50 model – comprised of 50% Leadership Performance and 50% School-wide Student Achievement. Leadership Performance will be assessed in two ways: 1) assessment against a set of leadership standards performed by the Executive Director (35%) and 2) stakeholder feedback from students, families, certificated and classified staff (15%). School-wide student achievement comprises the other 50%. Of this, student growth based on the Common Core assessments could be 40% and achievement on the state accountability index will be the remaining 10% (to be finalized once Green Dot has experience with the new assessments). Refer to **Attachment 18** for Green Dot's Draft School Leader Framework and Evaluation Rubric.

6. Over the past four years, Green Dot has worked to build an extensive teacher support and development system. This has fostered growth in teacher's professional practice.

Teacher Evaluation

As part of **The College-Ready Promise**, a unique initiative funded by the Bill & Melinda Gates Foundation, Green Dot has partnered with three other high-performing charter management organizations in California to collaborate on improving teacher effectiveness and college-readiness. Through this work, Green Dot has built and implemented a Teacher Development Framework and Evaluation system. The goals of the **Teacher Development Framework and Evaluation** system are to:

- Set clear expectations for teachers by using a research-based rubric for effective teaching
- Develop effective teachers through timely, targeted support and professional development
- Determine effectiveness through transparent multidimensional measures
- Invest in effective school-site instructional leadership focused on teacher effectiveness
- Recognize and reward effective teaching

At the heart of the Teacher Development and Evaluation System is the **College-Ready Teaching Framework (“CRTF”)** – a rubric that defines the core competencies expected of all Green Dot teachers. The CRTF is comprised of five domains that align with Green Dot's core values: 1) Data Driven Planning and Assessing Student Learning, 2) The Classroom Learning Environment, 3) Instruction, 4) Developing Professional Practice, and 5) Developing Partnerships with Family and Community. The five Domains are divided into 19 standards and further refined by 45 performance indicators. Refer to **Attachment 19** for details on the College-Ready Teaching Framework.

Teacher performance is rated from Level I (Does Not Meet Standard) to Level IV (Exemplifies Standard).

Level I – Does Not Meet Standard	Level II – Partially Meets Standard	Level III – Meets Standard	Level IV – Exemplifies Standard
<i>The Teacher fails to effectively demonstrate the indicator and student learning is negatively impacted.</i>	<i>The Teacher is inconsistent or only partially successful in demonstrating the indicator; student learning is not maximized.</i>	<i>The Teacher is consistent in demonstrating the indicator; student learning is improved.</i>	<i>The Teacher is consistent in demonstrating the indicator and has created a classroom where students share in this responsibility.</i>

The Teacher Evaluation System uses **multiple measures** to determine a teacher’s effectiveness. These measures are directly tied to the five domains of the CRTF and include:

- **Classroom Observations:** Four informal and two formal observations per year by certified administrators. In addition, teachers are observed informally by Instructional Coaches. All evaluators go through a certification process to ensure inter-rater reliability.
- **Student Growth:** Student growth percentiles at the classroom and school-level.
- **Stakeholder Feedback:** Student, family and 360 (peer) surveys.
- **Compliance:** Measures the degree to which SPED teachers have met compliance timelines, maintained records, collaborated with (IEP) teams and communicated with service providers.

All of the measures described above determine a teacher’s effectiveness rating. However, Green Dot realizes that all measures should not be weighted the same for all teachers and has developed different weightings for three groups of teachers: Non-tested, Tested and Special Education. Refer to **Attachment 19** for additional details on Green Dot’s Teacher Evaluation Tools.

Teacher Professional Development

Green Dot is building a Professional Development (“PD”) program aligned to its evaluation systems and career pathways established for teachers. For Green Dot, the most effective teacher supports are individualized, aligned to teacher performance (per the evaluation), job-embedded and frequent. One of the biggest priorities of the Teacher Development and Evaluation System is to ensure that teachers receive appropriate, differentiated support that is tied to real, reliable and robust evaluations of performance and need. In *BloomBoard*, Green Dot’s evaluation tracking system and professional development portal, teachers receive a private, personalized dashboard through which they can communicate with administrators about observations, record and manage personal growth goals and find tailored support and solutions for meeting those goals via *BloomBoard*’s online PD resources.

To accomplish Green Dot’s goal of having a highly effective teacher in every classroom, all teachers complete a Professional Growth Proposal (“PGP”) during the first 30 days of each school year. Each teacher works with an administrator to decide how he/she hopes to advance his/her practice, sets personal goals and develops a plan to meet those goals. At the conclusion of the first and second semesters, teachers meet with administrators to analyze their progress and discuss strengths and areas of growth.

Teacher Supports

Teacher supports in Washington State will take four forms:

- **Coaching from Regional Instructional Coaches:** At scale, Green Dot Washington State will have four coaches (one for each core content area) at the Regional Office who will observe and coach teachers to support their growth and development. For Year 1, we plan to hire one

coach focused on math and literacy

- **Coaching and Support from their Administrative Team:** Principals perform multiple informal observations of teachers over the course of the school year. These observations are focused on providing growth and development feedback.
- **Offline Supports:** Green Dot has Teacher Effectiveness Support Specialists who are building offline tools to help teachers, including videos of highly effective practice, guidance on how to grow on a specific indicator and common pitfalls and misperceptions in teaching. These tools would be available to Green Dot Washington State teachers via our knowledge-sharing platform *Connect*.
- **Teacher Leadership Roles:** These roles and the corresponding supports will be built out fully once the Washington State region achieves sufficient scale.

Professional Development

Describe the school's professional development expectations and opportunities, including the following:

1. Identify the person, position, or organization responsible for professional development.
2. Discuss the core components of professional development and how these components will support effective implementation of the educational program. Discuss the extent to which professional development will be conducted internally or externally and will be individualized or uniform.
3. Provide a schedule and explanation of professional development that will take place prior to school opening. Explain what will be addressed during this induction period and how teachers will be prepared to deliver any unique or particularly challenging aspects of the curriculum and instructional methods.
4. Describe the expected number of days/hours for professional development throughout the school year, and explain how the school's calendar, daily schedule, and staffing structure accommodate this plan. Include time scheduled for common planning or collaboration and how such time will typically be used.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. Within Green Dot, multiple roles and responsibilities support professional development. Professional development for administrators will be led by the Washington State Executive Director and the VP of National Expansion. In addition, the Green Dot Educator Effectiveness team will provide coaching and supports to administrators in implementing the College-Ready Teaching Framework. Teachers will receive professional development from the Instructional Coaches at Green Dot Washington State, the Educator Effectiveness Team and weekly professional development from their Principal (the instructional leader within their school). Additionally, new teachers will receive coaching and support from Green Dot's New Teacher Development Team. New teachers receive specialized workshops that cover topics that first-year teachers have previously struggled with such as: classroom management, using data to improve instruction and best practices in lesson planning.

- **Instructional Coaches / Curriculum Specialists:** At scale, Green Dot Washington State will have four instructional coaches. Math, English language arts, science, and social studies coaches will conduct frequent observations of teachers and use this data to determine how to help teachers improve their instruction. In addition, they will provide direct services to teachers in the form of data analysis, lesson planning support and coaching debriefs. Coaches split their time as curriculum specialists and support curriculum development and professional development.
- **Teacher Effectiveness Support Specialists:** Teacher Effectiveness Support Specialists build out resources and trainings needed to help teachers become highly effective. They are responsible for

aligning the teacher supports across the organization (e.g., drive College-Ready Teaching Framework-based professional development, prepare Green Dot teachers for Common Core).

- **College-Ready Teaching Framework (CRTF) Implementation Coordinator:** The CRTF Coordinator ensures that Principals and Assistant Principals know how to use the CRTF and are properly trained in helping teachers succeed on the CRTF. The Coordinator works with Principals to develop inter-rater reliability, refines the appeal process for teacher evaluations and supports administrators in debriefs with teachers using the CRTF.

Classified staff will also receive coaching and professional development from the Regional Manager of Finance and Business Affairs as well as from their school administrative team.

2. The core components of professional development at Green Dot are effective teaching and data-driven instruction. This professional development is primarily developed internally, though Green Dot collaborates with other charter management organizations to ensure our PD is best-in-class and instructionally sound. Green Dot provide teachers with access to PD on the specific areas of practice in which they need to grow, enabling teachers to access supports on the indicators within the Framework that are their focus. Green Dot's New Teacher Development Team leads a five-day induction program for new teachers each year prior to the school opening. This PD focuses on helping teachers prepare to deliver challenging aspects of the curriculum.

New Teacher Induction Program - Sample Schedule:

- **Day 1: Welcome and Onboarding:** Welcome from VP of National Expansion; laptop distribution and systems training; teacher effectiveness and teacher supports; College-Ready Teaching Framework (CRTF) domain overview; key human capital policies and definition of social justice
- **Day 2: School Site Orientation – Introductions, Policies and School Culture:** Introductions to selected staff (office, ILT, admin); daily operations (keys, copying, parking); school policies and procedures (discipline, academic); school culture (guidelines for success, history, mascot)
- **Day 3: Planning and Preparation:** Writing standards-based three-part objectives (CRTF 1.1 A/B); writing a cognitively engaging Day 1 lesson (CRTF 3.2A and B) including the following structures: Objective, Do Now, Direct Instruction, Guided Practice, Independent Practice, Proving Behavior; getting and giving feedback to peers
- **Day 4: Clear Expectations and Classroom Management:** Practice Green Dot signature strategies from *Teach Like a Champion* (CRTF 3.2A and B) and classroom management techniques from *Safe & Civil*; develop a classroom management plan (CRTF 2.4A)
- **Day 5: Strong Relationships and Strong Presence:** Apply five techniques (threshold, emotional constancy, warm / strict or nice and direct, positive framing and the joy factor) for building positive, professional, secure relationships with students (CRTF 2.3A); demonstrate five key elements of Strong Voice during role play exercises (CRTF 2.3A, CRTF 2.2B)

4. The expected number of days for professional development will at minimum be 10 days of full professional development (seven prior to school starting and three during the year), quarterly half days of professional development and weekly school professional development of 90 minutes. New Teachers receive an additional 5 days of professional development. The three days within the year will be a version of "All Green Dot Days", a time for common planning and collaboration within subject teams. As Green Dot focuses its professional development on individual teachers, it also builds opportunities linked to evaluation data for collective impact at the school level, such as:

- **Collaboration Days:** Collaboration Days for the first Washington State schools will likely be held in conjunction with Green Dot California schools. Teacher Leader Facilitators from Green Dot California use content area teacher evaluation data to identify content area needs and build relevant PD that addresses those needs.
- **Weekly School-wide Professional Development Activities:** Principals use individual teacher evaluation data to design professional development for use at the school level for 90 minutes weekly.
- **Summer Professional Development:** Summer PD is provided for the entire faculty and focuses on:
 - Reviewing Data from the Previous Year: Reviewing school, department and individual data
 - Curriculum and Professional Development: Reviewing the school’s strategic plan, alignment to school-wide focus and setting lesson plans
 - School Business: Choosing department chairs and reviewing Student-Teacher Handbook
 - Teacher-Administrator Meetings: One-on-one meetings with principals and teachers
 - Planning: Lesson planning, preparing syllabi and setting department goals
- **Observation Release Day:** Once a semester, teachers receive a full-day release to observe successful teachers at other schools. This can only occur once Green Dot has a cluster of schools.
- **Annual Training/Retreat:** An annual five-to-seven day retreat for school staff to plan for the year and receive professional development.
- **Mid-Year Retreat:** A half-day to two-day retreat for school staff to evaluate progress, reflect and adjust the school’s plan for the final semester.

Performance Management

The Commission will evaluate the performance of every charter school and transformation partner annually and for renewal purposes according to a set of academic, financial, and organizational performance standards that will be incorporated into the charter agreement. The academic performance standards will consider status, growth, and comparative performance based on federal, state, and school-specific measures. The financial performance standards will be based on standard accounting and industry standards for sound financial operation. The organizational performance standards will be based primarily on compliance with legal obligations, including fulfillment of the governing board’s fiduciary obligations related to sound governance.

Applicants may propose to supplement the Commission’s performance standards with school-specific academic or organizational goals.

1. Describe any mission-specific educational goals and targets that the school will have. State goals clearly in terms of the measures or assessments you plan to use.
2. Describe any mission-specific organizational goals and targets that the school will have. State goals clearly in terms of the measures or assessments you plan to use.
3. In addition to all mandatory assessments, identify the primary interim assessments the school will use to assess student learning needs and progress throughout the year. Explain how these interim assessments align with the school’s curriculum, performance goals, and state standards.
4. Explain how the school will measure and evaluate academic progress – of individual students, student cohorts, and the school as a whole – throughout the school year, at the end of each academic year, and for the term of the charter contract. Explain how the school will collect and analyze student academic achievement data, use the data to refine and improve instruction, and report the data to the school community. Identify the person(s), position(s), and/or entities that will be responsible and involved in the collection and analysis of assessment data.
5. Who will be responsible for managing the data, interpreting it for classroom teachers, and leading or coordinating professional development to improve student achievement?
6. Explain the training and support that school leadership and teachers will receive in analyzing, interpreting, and using performance data to improve student learning.

2. Green Dot Washington State has set mission-specific organizational goals and targets:

Financial Goals:

- Green Dot Washington State will maintain organizational strength by demonstrating fiduciary and financial responsibility. External, annual audit reports will demonstrate that Green Dot Washington State exceeds professional accounting standards.
- Budgets for each year will demonstrate effective allocation of financial resources to ensure effective delivery of the school's mission.
- The Finance Committee of the Board of Directors will review this budget quarterly.
- Green Dot Washington State will be fully enrolled and demonstrate high levels of daily attendance and cohort retention.

Governance Goals:

- The Board of Directors will conduct a formal annual review to measure the effectiveness of the region's leadership using one formal evaluation per year.
- The Board of Directors will conduct an annual self-evaluation to assess strengths and weaknesses of the Board.
- The Board of Directors will review the bylaws annually and update as necessary.

Operational Goals:

- Based on results of the Administrator Survey, we will evaluate a series of prompts (sample below):
 - Assistance in dealing with employee relations issues (employee discipline) meets my expectations.
 - The quality of teacher candidates meets my expectations.
 - Processing of new employees meets my expectations.
 - Our school consistently has reliable internet access.
 - I receive timely and accurate financial information on a monthly basis.
 - The janitorial staff at our school keeps the school clean and is responsive to our needs.
 - The Regional Office supports me in running an effective food service program.
 - The services I receive from my security vendor meet my expectations.

Overall Goals:

- Green Dot's vision is widely shared by all members of our school community.
- The Green Dot Home Office team is more effective than a school district's Central Office.
- The Green Dot Home Office establishes and clearly communicates the expectations and goals for the organization.
- The Green Dot Home Office builds a culture that promotes ethical practices, integrity and a positive work climate.
- The Green Dot Home Office consistently responds to campus requests in a timely and appropriate manner.

3. The primary interim assessments Green Dot will use are Read 180, internal writing assessments, the WELPA, Carnegie Math, NWEA for science and other interim assessments as developed over time. The organization is currently revisiting its assessment practices in preparation for the Common Core. All assessments will be aligned to the Common Core State Standards (and the Next Generation Science Standards, if adopted). English language arts and math will be aligned to the Common Core State Standards and science and history will be aligned to the Washington State Standards.

4. Green Dot Charter Middle School will use various formative assessments as well as the Common Core Assessments to help identify strengths and weaknesses at a student, classroom, grade and school level. The school will collect and analyze data on student achievement on a regular basis and will provide student achievement data to staff, parents and the Commission.

- **Individual Student Performance:** Staff will receive data on student achievement during staff meetings and will use this data to monitor and improve their practices. If a student is performing below proficiency on interim assessments and benchmarks, the classroom teacher would identify and implement the appropriate interventions. If a classroom's performance is falling short of academic expectations or goals, the Principal and Regional Instructional Coaches would work with the teacher to implement strategies for performance improvement such as attending in-house workshops on issues such as behavior management and data analysis, using peer collaboration on

lesson planning and delivery and utilizing a video library of best classroom practices.

- **Student Cohorts and School-Wide Performance:** On a bi-weekly basis, the Executive Director will provide coaching to each Principal and Assistant Principal. Through this approach, the Executive Director will be able to consistently monitor the performance of each school and the region. Every summer, each school will have a staff retreat to analyze data and develop school-wide plans for professional development. The Green Dot National Management Team and the Executive Director will meet quarterly to review regional and network-wide data, identify issues and determine action plans.

As further described below, there will also be support provided through the multi-step oversight process implemented by Green Dot National including a “Hot Schools” Analysis, Program Reviews and Site Visits.

Hot Schools:

The Educator Effectiveness Committee and the Executive Director in collaboration with the VP of National Expansion will conduct a performance analysis twice a year for Washington State schools that assesses 1) student achievement, 2) school culture and 3) school model. Refer below for detailed metrics in these categories.

Indicator # 1 – School Achievement

- Did the school meet its Common Core assessments targets?

Indicator #2 – Eight Vital Signs of School Culture

- Mission Effectiveness: Does the staff feel like the school is successfully achieving its mission to prepare students for college, leadership and life?
- Effective Leadership: Does the staff rate administrator(s) favorably on leadership skills?
- Structures for Community Engagement: Does the school provide effective structures to ensure that staff, parents and students own school success?
- Staff Stability: Is a large portion of the staff new to Green Dot? Have there been a large number of conflicts escalated to the Executive Director because they could not be resolved in other ways?
- Effective Faculty: Are the teachers and counselors successfully executing their duties?
- Affiliation with Green Dot: Does the staff support the larger Green Dot mission? Do they participate in organization-wide initiatives?
- Stakeholder Satisfaction: Do parents and students feel that the school is effectively preparing them for college, leadership and life?
- Student Safety & Engagement: Do students understand the importance of school? Is the school a safe place to learn?

Indicator #3 – School Model / Program Implementation

- Fidelity: How well do the school leaders/teachers implement the Green Dot curricular model?
- Will: Does the school possess the desire to implement the Green Dot curricular model?

Schools that are not achieving success on any of these indicators are identified as “Hot Schools”. Green Dot National and the Executive Director would work with Hot Schools to create a customized plan for performance improvement. For instance, a school identified as “Hot” on School Achievement may receive additional coaching resources to support teaching effectiveness or the Executive Director may meet with the Principal more frequently to focus on implementing Green Dot’s intervention pathways in literacy, math and special education. Hot Schools may also receive additional data and reporting to aid in data-driven

decision-making. On a quarterly basis, the VP of National Expansion and Washington State Executive Director would review a Hot School's data and spend time identifying ways to support each school according to its individual needs.

Program Review

Program Review occurs once a year and is a comprehensive review of a school's strategic plan. During Program Review, there is an analysis of each area of the Green Dot model (college-going culture, master schedule that meets the needs of students, quality teaching and instruction and data-driven instruction). At this time, the Program Review team (Chief Academic Officer of Green Dot Public Schools, VP of Education of Green Dot Public Schools, VP of National Expansion, Washington State Executive Director and the school-site administrators), reviews explicit objectives aligned to each aspect of the model and data that confirms or denies if the school has met that objective. This data includes student stakeholder feedback, discipline data, teacher evaluation data and student achievement data. Analysis of these data pieces is used to inform the school's plans around student leadership opportunities, Advisory, the School Advisory Council, teacher leadership opportunities and the school PD plan.

Site Visits

Lastly, the Green Dot National Educator Effectiveness Committee will develop a process for site visits. These site visits will provide an opportunity to visit classrooms and schools and ensure that school sites represent the mission and values of Green Dot. During these visits, the Educator Effectiveness Committee will meet with a cross-section of stakeholders. In addition, data will be shared across all Green Dot schools. Green Dot will be able to quickly assess how data is being accessed and used and where interventions are required.

5.-6. Green Dot's knowledge-sharing platform *Connect* enables educators to access all of Green Dot schools' various data systems, including *PowerSchool* (student information), *DataDirector* (assessment results) and *BloomBoard* (calibrated professional development resources). The data warehouse is managed by Green Dot's Information Technology and Knowledge Management teams. Through the data warehouse, Green Dot is able to generate Tableau reports that aggregate data from different systems and synthesize data into actionable reports. Tableau reports provide comprehensive student enrollment, demographic and achievement data, enabling teachers and Principals to spend more time garnering insight and developing action plans rather than searching and aggregating the data on their own. Green Dot Charter Middle School's data will be synced with the data warehouse on a frequent basis so that these functions are available to Washington State teachers. The Manager of Finance & Business Affairs in the Washington State Regional Office will work with Green Dot's Home Office Knowledge Management team to ensure that the Tableau reports are useful and applicable to Green Dot Charter Middle School.

Principals, Department Chairs and Instructional Coaches will be responsible for using the student performance data in Tableau reports to identify areas for improvement and professional development opportunities for teachers and region-wide. Principals will be supported by the Washington State Executive Director and Instructional Coaches based out of the Regional Office to interpret performance data or decision-making. The Executive Director will help each Principal understand his/her school's data, benchmark it against other Green Dot schools (now that the entire network will be using the same Common Core State Standards) and share best practices and suggestions for improvement. Instructional Coaches will help Principals understand progress and improvement of teachers using data. During the school year, teachers will be supported by their Department Chairs and peers in learning to gather the appropriate data, interpret results and develop an action plan.

Lastly, students will be informed of progress regularly in conversations with teachers, advisors and guidance counselors. Parents are able to access student grades via *Powerschool*. In addition, all Green Dot schools hold parent-teacher conferences where parents are informed about their student's achievement and contributions to the school community. Green Dot Washington State will likely have student-led conferences where students share samples of their course work, discuss interests and goals and work with their parents on plans to improve or maintain current grades/goals. Student-led conferences encourage students to accept personal responsibility for their academic performance, teach students to self-evaluate and facilitate the development of students' organizational and oral communication skills, which in turn, increases their self-confidence.

Facilities

Describe the process for identifying and securing a facility, including any brokers or consultants you are employing to navigate the real estate market, plans for renovations, timelines, financing, etc. If you currently hold a facility or have an MOU or other proof of intent to secure a specific facility, provide proof of the commitment as **Attachment 20**. Briefly describe the facility including location, size, and amenities. You may also provide, in **Attachment 20** up to 10 pages of supporting documents providing details about the facility. Charter school facilities must comply with applicable state and local health and safety requirements. In addition, charter school applicants must be prepared to follow applicable city planning review procedures.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

Green Dot Washington State is seeking to partner with multiple entities in order to develop a viable facilities solution for Green Dot Charter Middle School. These partners will include:

- **Philanthropy:** Washington State funders
- **National Financial Institutions:** Community development financial institutions and banks (e.g., Low Income Investment Fund, Local Initiatives Support Corporation, National Cooperative Bank)
- **Developers:** Local real estate developers (e.g., Wickens LLC), national charter school developers (e.g., Pacific Charter School Development)

The participation of all parties is dependent upon execution of definitive agreements. However, it is expected that the philanthropic and financial institutions will guarantee availability of financing for the buildings; the local developers will bring knowledge of the local real estate markets and connections to architects, contractors, etc. and the national charter school developers will bring expertise in preparing facilities for charter schools, including knowledge of city planning requirements. This group of high quality partners has committed to financing, purchasing and renovating a facility and subsequently leasing it to Green Dot Washington State at a rate that is within our facilities budget. With its national expertise and local ties, the collaboration has already identified several viable facilities for Green Dot Washington State.

From November 2013 – January 2014, Green Dot will work with Pacific Charter School Development (“PCSD”) to identify additional available buildings and conduct initial due diligence on those facilities. Letters of intent will be submitted in January, with further due diligence being conducted in January – February. Buildings will be secured by March 2014 so that the construction planning process can begin by April 2014, construction can begin in fall 2014 and occupancy can occur by June 2015.

Green Dot has already conducted site visits to multiple facilities within Tacoma and is working with PCSD to explore both private and public facilities (available for sale or lease) through PCSD.

The Green Dot program typically needs ~45,000 square feet. Our model generally requires at least 27-30 classrooms (of ~1,000 square feet each) depending on school size and incoming student needs. Since we work to develop intervention programs that address the needs of all incoming students, we have smaller class sizes and more courses within our master schedule. We will need four science labs that each accommodate thirty students, three computer labs for classes of thirty students for testing needs and four classrooms with at least ten data drops to accommodate our Read 180 intervention program. We request that classrooms have adequate storage space with dedicated electric and network drops for student computers. We also request adequate network drops, data, cabling and wireless access points to support access throughout the school so that we are able to leverage technology in the classroom.

In addition, we request the following non-classroom work space: a main office that includes offices for the Principal and Assistant Principal(s), a counselor workspace, a teacher lounge or a work room/copy room, a conference room and one multi-purpose room that can accommodate all students standing. We also request to have an auditorium, an indoor gym, an art room and the wiring to support our technology infrastructure. Other needs we would require are typical to any school, including a cafeteria, restrooms, etc.

In addition, we will work with the facilities collaborative of philanthropy, financing institutions and developers to have a facility with the following conditions:

- ADA accessibility (Americans with Disabilities Act of 1990) and all facility education code/ADA requirements met
- No known presence of asbestos or mold
- Kitchen area, space for food warmers and working refrigerator with adequate electrical outlets
- Adequate storage space for books, etc.
- Parking lot with 50-60 spaces
- Required occupancy: Minimum of one month prior to school start date (estimated as July 1st), dependent on assessment of building condition and preparation for move-in.
- Ideally, we would be able to house our Washington State Regional Office staff in the school facility to foster a strong culture and connection with Green Dot Charter Middle School staff.

We plan to optimize our investment in facilities so that we can focus our investments on our educational program. We would work with the facilities collaborative to ensure that all facilities provided to Green Dot meet and pass all inspections (safety, fire, elevator / lift, etc.) and comply with any other applicable state and local health and safety requirements. Green Dot is aiming to find a facility within Southeast Tacoma. We believe this community is home to a diverse and high-needs student population that would benefit from the addition of a high-performing charter middle school with a college-preparatory curriculum. [Refer to the Special Populations and At-Risk Students Section for details on Green Dot's anticipated student population.](#)

Start-Up and Ongoing Operations

1. Provide, as **Attachment 21**, a detailed start-up plan for the school, specifying tasks, timelines, and responsible individuals. This plan should align with the Start-Up (Year 0) Budget in the Financial Plan Workbook (explained in Section 3).
2. Describe the transportation arrangements for prospective students. In addition to daily transportation needs, describe how the school plans to meet transportation needs for field trips and athletic events.
3. Provide the school plan for safety and security for students, the facility, and property. Explain the types of security personnel, technology, equipment, and policies that the school will employ.

4. Provide the school plan for food service and other significant operational or ancillary services.
5. Provide, as **Attachment 22**, a list of the types of insurance coverage the school will secure, including a description of the levels of coverage. Types of insurance should include workers' compensation, liability, property, indemnity, directors and officers, automobile, and other.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. Refer to **Attachment 21** for a detailed start-up plan for the school.

2. Green Dot has planned to provide transportation to all students who require it. This plan includes a combination of buses, particularly to serve SPED students, shuttles from transit centers and potentially bus passes. The Manager of Finance and Business Affairs will contract with a bus provider for Green Dot Charter Middle School, set rates, negotiate routes and troubleshoot problems. In addition, this Manager will identify operators who can provide transportation for extracurricular activities and negotiate rates. The office manager at the school will reach out to the vendors to book buses as needed and will leverage the Regional Office for support if required. Green Dot will identify the specific vendors over the course of the planning year and once a final facility location has been identified. Based on these factors, Green Dot will map out the number of students likely to require transportation and plan accordingly. Green Dot would also look to refine estimates by surveying admitted families after the lottery.

Green Dot Washington State will abide by all state and federal regulations regarding its transportation service, particularly including the federal McKinney-Vento Homeless Assistance Act. We will work with our transportation contractor, both during the initial negotiations and contract development and after implementation, and use additional resources (such as public transportation options) to ensure that any student that meets the qualification for being homeless or temporarily displaced will be able to remain in the school, even if temporarily living outside of the general boundaries that transportation services are provided. Green Dot Washington State endeavors to minimize the impact of homelessness, as it is defined in the McKinney-Vento Homeless Assistance Act, as a barrier to a sustained high-quality education.

3. For daily security needs, Green Dot has planned for a campus aide to address issues of school safety within the school. The campus aide will work to create a culture where the Code of Conduct is followed. Green Dot schools will be, at a minimum, appropriately guarded by an alarm system and door and gate locks only accessible by authorized employees. In addition, we will look to contract with security vendors to provide additional security on school campuses as needed and will work with school police officers assigned to each school. If needed, Green Dot will have a set of indoor and outdoor cameras to be monitored by security personnel and an automated gate at the school entrance where visitors can be identified via camera and must be buzzed in to enter the school (i.e., an electronic strike entry system with video intercom). Once Green Dot secures the final facility location for Green Dot Charter Middle School, it will evaluate if additional safety and security procedures are required.

For emergencies and crises, the Executive Director, the Manager of Finance and Business Affairs and the Principal will work to develop a school safety plan ("Plan") based specifically on the needs of the school site in conjunction with law enforcement and the Fire Marshall. This handbook will include, but not be limited to, the following responses: fire, flood, terrorist threats and hostage situations. This plan will provide faculty, staff, parent volunteers and students with site-specific emergency instructions during an emergency crisis or disaster. The Plan will delineate responsibilities of all school employees and is organized according to the Standardized Emergency Management System ("SEMS"). School personnel designated to carry out specific emergency responsibilities are expected to understand the policies, procedures and systems. Training and exercises with staff members will be an ongoing component of the Plan. The Plan will be reviewed and updated annually by the Principal, staff, and district personnel. Drills and exercises will be

conducted annually. Copies of the Plan will be distributed to school employees, the Regional Office and other entities as appropriate. Green Dot Washington State will also develop a Student Policy Manual that further outlines safety procedures.

In addition, the office manager will be trained in basic techniques such as CPR and nursing for minor issues. If there is any serious injury and/or illness, the appropriate local paramedic or hospital will immediately be contacted. Even before the school's opening, the local health care facility will be contacted to create policies regarding such instances.

Green Dot Charter Middle School will comply with local, state and federal building codes. The school will test sprinkler systems, fire extinguishers and fire alarms annually at its facilities to ensure that they are maintained in an operable condition at all times as well as conduct periodic fire drills.

Lastly, Green Dot Charter Middle School will be a drug-free and smoke-free workplace in compliance with the applicable law. Green Dot strictly prohibits the use, transfer, possession, distribution, sale, or being under the influence of illegal drugs while on duty, while on the premises or while operating a vehicle or potentially dangerous equipment owned or leased by the organization. Green Dot prohibits consumption of alcohol while on duty, while on school premises or while operating a vehicle or potentially dangerous equipment owned or leased by the organization.

4. Green Dot Washington State will provide a food service program in accordance and compliance with the nutrition regulations outlined in Education Code. The school will offer all students the opportunity to participate in the school breakfast and lunch program. The school will provide its food service program on a contracted basis with the Manager of Finance and Business Affairs overseeing and managing the appropriate vendor. Green Dot Washington State will seek bids from local food service providers. Green Dot Washington State will release a detailed Request for Proposal ("RFP") outlining the specific requirements of the program. In addition, the Manager of Finance & Business Affairs will be responsible for working with the office manager and parent coordinator to ensure all parents and guardians complete the federal Free-and-Reduced Price Lunch Program application. The school will employ various strategies to ensure completion of forms by including them in initial student outreach documentation, orientation, school events and communication with parents. For details of Green Dot's operational plan, [refer to here](#).

5. Refer to **Attachment 22** for sample insurance coverage.

 - a. Staffing;
 - b. Professional development;
 - c. Performance management;
 - d. General operations; and
 - e. Facilities management.

1. Green Dot Public Schools has a track record of success. Through this growth, Green Dot has learned key lessons enabling our organization to become more effective at creating high-performing schools and improving the lives of the students we serve. Green Dot plans to leverage this knowledge and continue to

build from this foundation with its work in Washington State.

- **Human Capital:** Over the past 19 school launches, Green Dot has strengthened its practices around performance management and professional development as one of the Intensive Partnership Sites for the Gates Foundation to promote effective teaching. (The Intensive Partnership Sites are school systems where the Gates Foundation has entered into a multi-year partnership to develop improved measures of teacher effectiveness that will be embedded in policies, practices and systems supporting student achievement.) Each year, Green Dot successfully hires up to 100 teachers to meet staffing needs due to new school openings and attrition at our existing schools.
- **Finance and Development:** Green Dot has raised the capital required each year and managed its budget in order to weather the California fiscal crisis.
- **Facilities:** Refer to **Question 2** below for details on Green Dot's experience in developing facilities.

Green Dot plans to successfully support and execute our operations plan by 1) using a dedicated National Expansion Growth Team including the VP of National Expansion, Operations Lead and Finance & Accounting Lead to seed Green Dot's existing best practices in Washington State and 2) supporting Green Dot Washington State with services from Green Dot National and a Washington State Regional Office.

National Expansion Growth Team Operations Lead

All operational aspects of Green Dot Washington State will also be supported by the National Growth Team Operations Lead. Ellen Lin serves in this role and has worked in Green Dot's operations team for over five years. The duties of the National Growth Team Operations Lead role are to:

- Interpret regional and state-specific requirements and adapt, recommend and develop policies and procedures to govern all operational aspects of Green Dot schools and offices in new regions, including Human Resources, Security, Facilities and Maintenance, Information Technology Procurement, Insurance, and Knowledge/Data Management
- Codify strategies, guidelines and service-level agreements from the existing Green Dot model for school services providers and external vendors, such as Food Service, Transportation, Wraparound Services and External Consultants
- Ensure processes are in place to monitor compliance to federal, state and local regulations and requirements for non-financial school operations (e.g., Free and Reduced Lunch, Special Education, No Child Left Behind)
- In conjunction with the VP of National Expansion, National Expansion Growth Team Finance & Accounting Lead and Regional Executive Director(s), support the hiring process of the Regional Director(s) or Manager(s) of Finance and Business Affairs and Regional Office Operational staff
- Work with the Regional Director(s) or Manager(s) of Finance and Business Affairs to set-up all non-financial systems to ensure accurate and compliant data collection and reporting in new regions (e.g., student information systems, attendance tracking, asset management, special programs tracking, payroll, HRIS, contacts database)
- Support the preparation of campuses in start-up by ensuring procurement processes, school services and school policies are in place (e.g., food services, transportation, student handbook – health, safety, discipline)
- Codify operational processes/tools and train regional staff members on the Green Dot operational model
- Serve as a liaison between the Green Dot Home Office, Green Dot regions, Green Dot schools and

other high quality peer organizations to ensure collaboration and implementation of best practices in school operations

- Problem solve around local issues related to facilities, compliance, governance, vendors, etc.
- Partner with the local district on operational initiatives and requests

Green Dot's Home Office and Washington State Regional Office Supports

Green Dot Charter Middle School will be also supported by Green Dot's Home Office based in California and a local Washington State Regional Office. This collaboration will help to set operational and instructional guidelines, ensure consistency in academic model and school practices and drive transformational student outcomes.

- **Regional Office:** The Regional Office will be staffed to provide specific services that require significant knowledge and collaboration directly within Washington State. We anticipate staffing the Regional Office with a mix of current, internal Green Dot teammates relocating to Washington State and new teammates hired locally in Washington State. This mix will help the Regional Office better leverage best practices, processes and tools from the Home Office and ensure that the support services provided stay grounded in the needs of the schools and community.
- **Green Dot National:** The shared services provided by Green Dot National will include key academic model design elements, our teacher effectiveness and evaluation system, recruiting and screening of applicants, knowledge management and data, fundraising and branding. These Home Office services will ensure that our Washington State schools leverage best practices and lessons learned from our 13-year history and are supported by Green Dot's seasoned management team.

While expanding across state lines will bring new challenges, Green Dot has the experience and capacity to tackle each challenge and ensure that our Washington State schools start with a solid foundation. [Refer to the Existing Operators Section for more details on Green Dot's successful track record, National Expansion Growth Team as well as staffing plans for the Washington State Regional Office.](#)

2. Green Dot Public Schools has a diverse portfolio of facilities for its 19 schools. Building out this portfolio has strengthened our capacity and experience in facilities acquisition and management. Half of our portfolio is on district-owned facilities, either as a transformation / conversion or via Proposition 39, which required public school districts in California to provide equal facilities to charters. In addition, Green Dot has built nine facilities. Through this process, Green Dot has developed a strong understanding of the facilities development process as well as the work required in working with lenders and city planning entities. Green Dot has managed the challenges of co-location for the district facilities it shares with either traditional district schools or other charter schools. Green Dot has also learned to transition into a facility quickly. With the Henry Clay transformation, Green Dot only gained access to the facility in July 2011, prior to the school launch in August 2011. As a result, Green Dot developed extensive transformation planning tools to quickly assess the state of the facility and each individual classroom, prioritize areas for improvements and develop a plan to have the facility ready for students at the start of school in August 2011.

Green Dot's **Director of Facilities (Akil Manley)**, has led much of this work and is collaborating with Washington State partners to share guidance and plan for future growth. Given Akil and Green Dot's collective leadership experience, we are confident in our ability to complete the facilities planning process in preparation for a fall 2015 launch.

1. Green Dot's Home Office Finance & Accounting ("F&A") team is responsible for the financial management of the entire organization. Administrative/business operations performed by the F&A team and supported by the Home Office Human Resources team include:

- Compliance with state and federal regulations
- Budget preparation
- Set-up and implementation of fiscal control policies and procedures across the organization
- Set-up and assistance for administration of human resources including payroll
- Interfacing with district, county and state when necessary in matters relating to fiscal affairs, reporting, audits and accountability
- Attendance accounting and reporting controls
- All accounting services including establishing chart or accounts
- Preparation for annual audit

The Finance & Accounting Lead on the National Expansion Growth Team will provide overall guidance to Green Dot Charter Middle School in setting up all financial and accounting controls and processes in the new region. In the Regional Office, the Manager of Finance & Business Affairs will maintain the books and financial reporting, incorporating guidance from the Home Office. The financial reports will meet all required Washington State reporting requirements. The Manager of Finance & Business Affairs will work with Principals to prepare budgets for their schools and review the school's financial standing with them on a monthly basis. The Manager of Finance & Business Affairs may assist in the development of contingency budgets if significant variances are present. Key reports generated by the Manager of Finance & Business Affairs will be reviewed by the Executive Director, the National Expansion Growth Team Finance & Accounting Lead, the VP of Finance & Business Affairs, the Controller and the Chief Financial Officer on at least a quarterly basis. Payroll will be managed by a Home Office Payroll Director.

Green Dot uses Sage's ACCPAC as its Finance & Accounting system to ensure that the books and records are kept accurately, completely and in accordance with financial policies. Green Dot uses Ceridian to manage human resources, payroll and employee benefits. Green Dot is considering transitioning to an

enterprise resource planning solution; however, we currently plan to first upgrade our existing systems and network to provide accounting, purchasing and payroll services for Green Dot Charter Middle School.

Green Dot has an extensive set of internal control policies outlined in [Green Dot's FY14 Finance and Accounting Policies Manual](#) including:

- Compliance with Laws
- Signing Authority
- Security of Financial Data
- Security of Documents
- Due Diligence and Periodic Internal Audits
- Use of Assets
- Use of Credit Cards
- Invoicing
- Password Protocol and File Access

In addition, Green Dot has policies on financial management, policies related to assets, liabilities and net assets, cost accounting policies, property management policies, procurement, payroll and travel policies and policies regarding consultants and independent contractors. The National Growth Team Finance & Accounting Lead will be responsible for setting up the appropriate internal controls and policies for Green Dot Charter Middle School and training the Washington State Executive Director and Manager of Finance and Business Affairs on the implementation of these policies.

2. In addition to the regional and national roles described above, the school administrative team, the School Advisory Council and the Green Dot Washington State Board of Directors will play a role in managing the school's finances. School administrators are responsible for working with the Manager of Finance & Business Affairs to develop a budget. School administrators identify the strategic investment priorities for the school based on academic achievement and the school's strategic plan and develop an attendance plan since enrolled students are a critical source of revenue. School administrators are responsible for reviewing budgets on a monthly basis and understanding and managing variances. School Advisory Councils are comprised of a diverse set of school stakeholders ([refer to the Governing Board Section for additional details](#)). School Advisory Councils provide critical input into the budget of the school and the use of resources. If a school needs to make budget cuts, the School Advisory Council will be consulted for input into where those cuts should be made.

The Green Dot Washington State Board of Directors (or their designee such as a Finance & Audit Committee) will be responsible for monitoring the organization's financial records; reviewing and overseeing the creation of accurate, timely, and meaningful financial statements to be presented to the Board; reviewing the annual budget and recommending it to the full Board for approval; monitoring budget implementation and financial procedures; monitoring assets, ensuring compliance with federal, state, and other financial reporting requirements and helping the full Board understand the organization's financial standing.

3. The Washington State Regional Office and any and all Washington State schools will engage in an annual audit of financial and administrative operations by an independent auditing firm. Green Dot Charter Middle School will adhere to the accounting, auditing and reporting procedures and requirements that apply to public schools operating in Washington State.

Green Dot's Home Office Finance Team and the Washington State Executive Director will annually oversee the selection of a reputable independent auditor and the completion of an annual audit of Green Dot Charter Middle School's financial books and records. This audit will be conducted in accordance with the applicable Generally Accepted Accounting Principles (and the GASB standards, if needed) and will verify the accuracy of Green Dot Charter Middle School's financial statements (including their Balance Sheets, Income Statements and Cash Flow Statements), attendance and enrollment accounting practices and internal controls. To the extent required by law, the scope of this audit will be expanded to include any relevant items or processes identified by the Office Management and Budget such as Circular A-133. Upon completion of the audit, Green Dot Charter Middle School will provide the Commission with a copy of the audited financial statements and findings. The Finance and Audit Committee (if appointed) of the Green Dot Washington State Board will review any audit exceptions or deficiencies and report recommendations to Green Dot Washington State's full Board as to how exceptions or deficiencies have been, or will be, resolved. Green Dot Charter Middle School will act upon these recommendations and report its actions to the Commission.

4. Green Dot Charter Middle School will approve the budget, the annual audit and the annual financial report at an open meeting of the Board of Directors where stakeholders will be invited to attend and provide public comment. In addition, parents and other stakeholders are invited to give input into their school's budget during SAC Meetings. Finally, Green Dot Washington State will post the annual financial report and IRS Form 990 on its website. The Commission will receive copies of all annual financial reporting.

5. Green Dot Washington State will work with Green Dot National for payroll and financial support. This Home Office infrastructure will be responsible for supporting data and application management, setting network-wide guidelines and policies to ensure alignment across all schools and regions and providing various "back-office" functions related to finance, accounting, human resources and data/information technology. The Home Office will also fundraise in support of Green Dot Washington State. Green Dot Public Schools is the natural choice to provide these services to provide a consistent model, approach and employee value proposition for Green Dot employees transferring across regions. Additionally, Green Dot Public Schools has a proven track record in providing these services for existing schools over the past 13 years. Green Dot Charter Middle School will pay approximately a 9-10% shared services fee to Green Dot Washington State in exchange for all shared services provided (from Green Dot National and Green Dot Washington State). Green Dot Washington State will sign a shared services agreement outlining the services provided in exchange for this cost. Green Dot plans to collaborate with Green Dot Charter Middle School before determining its ultimate shared services fee, which may adapt over time.

The successful delivery of Green Dot Home Office and Washington State Regional Office services will be measured using formal and informal methods. Formally, services will be measured at least once per year as part of Green Dot's Home Office survey (including evaluation of the Washington State Regional Office for Washington State schools). Teammates will be asked to provide feedback on various services provided by the Regional Office and Green Dot Home Office. Throughout the year, the Green Dot Home Office and Washington State Regional Office will also monitor performance dashboards for their respective departments to ensure effective delivery of services to the Washington State schools.

6. Refer to **Attachment 22** for the exhaustive set of insurance coverage. Green Dot Washington State will obtain General Liability, Directors and Officers Liability, Educators Legal Liability, Student Accident, Umbrella Coverage, Commercial Auto Liability Insurance and Workers Compensation insurance to indemnify the school, its board, staff and teachers against tort claims.

1. Submit a completed Financial Plan Workbook as **Attachment 23**. Be sure to complete all sheets in the Workbook. In developing your budget, please use the per-pupil revenue guidance provided by the Commission.
2. Budget Narrative: As **Attachment 24**, present a detailed description of assumptions and revenue estimates, including but not limited to the basis for revenue projections, staffing levels, and costs. The narrative should specifically address the degree to which the school budget will rely on variable income (e.g. grants, donations, fundraising).
 - a. Per-Pupil Revenue. Use the figures provided by the Commission to develop your budget assumptions.
 - b. Anticipated Funding Sources. Indicate the amount and sources of funds, property or other resources expected to be available through banks, lending institutions, corporations, foundations, grants, etc. Include evidence of commitment for any funds on which the school's core operation depends in **Attachment 24**.
 - c. Discuss the school's contingency plan to meet financial needs if anticipated revenues are not received or are lower than estimated.
 - d. Explain the year one cash flow contingency, in the event that revenue projections are not met in advance of opening.

Financial Management Capacity

7. Describe the applicant team's individual and collective qualifications for implementing the Financial Plan successfully, including capacity in areas such as the following:
 1. Financial management;
 2. Fundraising and development; and
 3. Accounting and internal controls.

TYPE YOUR RESPONSE IN THE BOX BELOW, IT WILL EXPAND AS NEEDED.

1. Green Dot Public Schools, the parent California organization, is currently a \$110MM organization and has operated in California since 2000.
 - Green Dot Public Schools has weathered the economic downturn in California, which led to a series of cuts in funding as well as deferrals of payments. Green Dot has been able to isolate schools from year-to-year risk by budgeting for strategic priorities and applying for grant funding to cover services that complement our core educational program. For the most recent fiscal year, Green Dot has had unrestricted net assets of \$31,105,495. As of June 30th, 2013, Green Dot had \$13.8 million in cash on balance sheet and on July 3rd, 2013, Green Dot received \$12.6 Million in cash deferrals from the state. At that point, Green Dot's cash position increased from the prior year.
 - Green Dot has put in place contingency budgets so that schools adjust their budget once enrollment numbers are finalized. Green Dot Charter Middle School expects to be able to operate effectively even if funds are delayed or lower than expected. However, in the event that state and federal funds are severely delayed or much lower than expected or Green Dot has a large shortfall in enrollment, Green Dot Charter Middle School will use best practices developed through experiences in California to determine contingency budgets for each school.
 - The Regional Manager of Finance and Business Affairs will work directly with the Green Dot Charter Middle School Principal to identify areas in his/her budget that can be streamlined to help meet the new budget demands. Some examples of potential measures include:
 - Reducing the amount allocated to classroom materials and supplies
 - Reducing the amount allocated to office materials and supplies
 - Deferring technology upgrades or replacement

- Green Dot provides compliance support to help schools with accounting and internal controls. Annually, Green Dot's Financial & Accounting Policies Handbook is approved by the Board of Directors and Green Dot administrators are trained on financial procedures.
- Green Dot has developed structures to ensure school administrators review their budgets and plan on a monthly basis, developing resource management as one of their leadership competencies.
- Green Dot has a seasoned development team that raises between \$7 - \$10MM annually, applying for a variety of state, federal and private foundation grants as well as building relationships with high-net-worth individuals.
- Once local levy funding is available to charter schools, funding rates in Washington State will be favorable compared to California. In addition, Green Dot expects real estate costs to be favorable relative to California.
- Green Dot California schools have access to multiple credit facilities (i.e., revolving lines of credit through Wells Fargo and other lending institutions). Green Dot would establish similar lines of credit for its Washington State schools as well.

Finally, Green Dot Public Schools has a seasoned team leading this work.

National Expansion Growth Team Finance Lead

In addition, Green Dot is working to hire an experienced Finance & Accounting Lead for the National Growth Team. This Finance Lead will help with the following aspects of transitioning to a new region, and duties will be as follows:

- Interpret regional and state-specific requirements and develop policies and procedures to govern all financial aspects of Green Dot schools and offices in new regions, including Financial Statements, Accounting, Internal Controls, Budgets, Reporting and Compliance

- Problem solve around local and school-level financial issues
- Partner with the local district on financial initiatives and requests

Green Dot Washington State will be successfully positioned to develop strong financial management, robust fundraising and development and sound accounting and internal controls by learning from Green Dot's experience over the past 13 years, leveraging the leadership team in place and using the planning year to become immersed in financial policies impacting Washington State schools.

(8 pages)

For applicants who already operate one or more schools, including charter management organizations (CMOs), and educational management organizations (EMOs), please respond to the following questions:

1. Provide a detailed description of the organization's growth plans and capacity to successfully support and execute that plan including business plans to support anticipated growth.
2. Using the *Portfolio Summary Template*, complete all requested information for each of the organization's schools and provide as **Attachment 25**.

1. As Green Dot enters its next phase of growth, we first considered where we could have the greatest impact in executing our vision – within California, expanding nationally or testing other innovative models. Through this exploration, we concluded Green Dot would have the most impact through national expansion. In evaluating potential regions to expand into, Green Dot evaluated target cities based on 1) market need, 2) financial viability, 3) reform and charter landscape, 4) appeal to current Green Dot employees, 5) presence of human capital pipelines and 6) Common Core adoption. After conducting a thorough search, Green Dot decided to serve high-need students in Memphis via the Achievement School District by transforming failing secondary schools, and we are now planning to launch a full high school transformation in Memphis in school year 2014-2015.

Concurrently, Green Dot has been excited to learn about the evolving landscape for charters in Washington State. Poor and minority students in Washington State need better school choices. Washington State is financially viable given the support of philanthropists and eventual access to local levy money, and Washington State is appealing to Green Dot – from an individual employee perspective as a place to live and work, and from an organizational perspective given its proximity to our Home Office in Los Angeles, its participation in the same Common Core consortium and its growing talent pipelines. Green Dot seeks to collaborate with Washington State to 1) replicate Green Dot's successful secondary school model outside of California and 2) change the odds for Washington State students who attend the lowest performing schools. Our mission and vision directly align with the goals of Washington State – to create opportunities for all children in Washington State to thrive in stable families, great schools and strong communities.

Growth Plans

Green Dot is respectfully requesting approval of a charter that would authorize the opening of a new charter middle school serving students in grades 6-8 in school year 2015-2016. The school will matriculate approximately 165-200 sixth grade students each year. When fully enrolled, the school estimates it will serve approximately 600 students in grades 6-8. Green Dot plans to continue to learn about Washington State and if successful, Green Dot anticipates seeking, at a later time, approval to open a small network of middle and high schools in Washington State since we believe this optimizes our ability to serve a meaningful number of students, while also helping Green Dot achieve the scale required to justify opening a Washington State Regional Office. Green Dot's ideal growth model for Washington State would entail Green Dot opening up four charters by 2017-2018, the current lifetime of the charter law. At this time, Green Dot is exploring opening schools in Southeast Tacoma and potentially in Highline, where there is a higher concentration of high-need students, as indicated by free and reduced lunch percentages and higher student populations of minority, special needs and English language learner students.

To ensure that our organization maintains a high quality of service to all students, Green Dot is considering both its regional Washington State and full-scale national growth rates. In California, Green Dot plans to

continue to open approximately one to two middle schools a year to serve as feeder schools to our existing California high schools. In Memphis, we plan to open high schools and feeder middle schools, resulting in five 6-8 and five 9-12 grade charter schools at capacity. Each of Green Dot's schools serve approximately 500-600 students. The below table illustrates Green Dot's proposed national expansion plan through 2018. Green Dot would need to apply for additional charters in Washington State in future authorization cycles.

Capacity to Support Growth Plans

Green Dot plans to successfully support and execute our growth plans by A) using a fully-dedicated National Expansion Growth Team to seed Green Dot's existing best practices and culture in Washington State B) supporting Green Dot Washington State schools with Green Dot's Home Office in California and a Washington State Regional Office and C) leveraging our teacher effectiveness initiatives, Administrator-in-Residence program and robust human capital pipeline to build a network of leaders for Washington State.

A. NATIONAL EXPANSION GROWTH TEAM

In Washington State, the National Expansion Growth Team's main focus will be to build processes and a strong foundation for Green Dot schools in Washington State (around human capital, instruction and operations) and to provide support and coverage for the Washington State Executive Director. The National Expansion Growth Team will play a key role during the formation of the first school. This team will include the 1) VP of National Expansion (Dr. Megan Quaille), 2) National Expansion Growth Operations Lead (Ellen Lin) and 3) National Expansion Growth Finance & Accounting Lead. The Finance Lead has not yet been identified but will likely come from among Green Dot's existing leaders.

The National Expansion Growth Team will be led by Megan Quaille and will be fully dedicated to developing and starting up Green Dot schools and offices in new regions. Prior to her role as VP of National Expansion, Megan served as Green Dot's Vice President of Education for four years. In this role, Megan was responsible for overseeing the development and implementation of Green Dot's academic model at its existing 19 schools in Los Angeles. In addition, she has been instrumental in Green Dot's teacher effectiveness and performance management efforts. Megan began her career at Green Dot in August 2007 as a Cluster Director (Area Superintendent) responsible for overseeing the leadership teams at five high schools. Before joining Green Dot, she was Chief Executive Officer and co-founder of Civitas Schools, a Chicago-based education management organization. She began her work with CICS as the founding Principal of CICS Northtown Academy Campus. Prior to her role with CICS, Quaille served for three years as the principal of an urban private school. Her educational experiences also include positions as Assistant Principal, English teacher and coach.

A. HOME OFFICE AND WASHINGTON STATE REGIONAL OFFICE SUPPORTS

Green Dot Charter Middle School will be supported by Green Dot's Home Office based in California and a Washington State Regional Office.

Green Dot's Home Office

Green Dot's seasoned management team will provide support and oversight to Green Dot Charter Middle School. The Home Office supports to Washington State will primarily be led by our Chief Executive Officer (CEO), Marco Petruzzi; President and Chief Academic Officer (CAO), Dr. Cristina de Jesus; Chief Financial Officer (CFO), Sabrina Ayala; and VP of National Expansion, Megan Quaille. Green Dot's Home Office services will ensure that our Washington State schools leverage best practices and lessons learned from Green Dot's 13-year history.

- **Academic & Human Capital Model:** The Home Office has primary responsibility for defining the academic program that guides all Green Dot schools to provide high-quality, education programs. Hiring and development for Green Dot Charter Middle School's Principal and teachers will also be supported by the Home Office, including our educator effectiveness initiatives and the Administrator-In-Residence program.
- **Finance & Operations:** The Home Office sets operational and financial strategy that impacts all Green Dot schools. This Home Office infrastructure will be responsible for supporting data and application management, setting network-wide guidelines and policies to ensure alignment across all schools and regions and providing various "back-office" functions related to finance, accounting, human resources and data/information technology.
- **Development & Communications:** Green Dot Washington State schools will also benefit from the large scale Green Dot has already achieved, advantages of national fundraising and public relations/ communications initiatives and ability to share highly advanced systems and tools that are not financially feasible for a single or a small family of schools.

Washington State Regional Office

Green Dot plans to create a regional support structure in Washington State to support schools' academic, financial and operational needs. The Washington State Regional Office will be led by a Washington State Executive Director that, once the region reaches scale, oversees the Manager of Human Capital and Human Resources, Manager of Finance and Business Affairs, four Instructional Coaches and a SPED Administrator. The Executive Director will report to Green Dot's VP of National Expansion, Megan Quaille. As the region grows, Green Dot may hire additional Regional Office team members to provide the necessary supports to Green Dot Washington State schools. Green Dot is seeking philanthropic funding and/or grants to support the Washington State Regional Office and National Expansion Growth Team costs in its initial years of operation. In the future, these costs will be shared across all Green Dot Charter Middle School schools and covered by shared service fees in steady-state.

- **Washington State Executive Director:** The Washington State Executive Director will oversee the academic performance, instruction and operations across all Green Dot Washington State schools and the Washington State Regional Office. Working with the National Expansion Growth Team, his/her major duties will be to supervise, coach and evaluate all Green Dot Washington State Principals, manage the operations and finances of the region and build relationships across the schools. The Washington State Executive Director will likely be selected from among Green Dot's existing leadership. The chosen candidate will have demonstrated leadership in both academic and

operational settings and will be intimately familiar with Green Dot's schools and operations. The Washington State Executive Director is expected to be announced at least **nine months** before the start of the first Green Dot Charter Middle School.

- **Manager of Finance and Business Affairs:** The Manager of Finance and Business Affairs will manage the financial and operational aspects of the Washington State Regional Office and all Green Dot Washington State schools. This individual will work closely with Principals to determine the budgets and resource allocations for the schools. The Manager of Finance and Business Affairs will report to the Washington State Executive Director and have a dotted line relationship to Green Dot's CFO, Sabrina Ayala, and the Home Office Vice President of Finance and Business Affairs, Chris Humphreys.
- **Manager of Human Capital and Human Resources:** For Year 2, we anticipate hiring a Manager of Human Capital and Human Resources to assist with hosting local recruiting efforts and identifying teacher candidates for the Home Office Human Capital team to interview. In addition, he/she will manage human resources processes, compliance and onboarding for Green Dot Washington State schools. The Manager of Human Capital and Human Resources will report to the Executive Director and have a dotted line relationship to the Home Office Vice President of Human Capital, Kelly Hurley, and the Chief Operating Officer (to be hired).
- **Instructional Coaches & SPED Administrator:** For Year 1, we plan to hire one Instructional Coach for literacy and math. As the region scales, Green Dot Washington State plans to hire additional Instructional Coaches (one for each core content area) to support Green Dot Washington State. The Instructional Coaches will set instructional/curriculum guidelines, support staff professional development and provide coaching and content expertise for teachers. The Instructional Coaches will report directly to the Washington State Executive Director. For Year 2, Green Dot Washington State also plans to hire a SPED Administrator to provide additional support to Green Dot Washington State teachers in serving special populations and at-risk students.

In addition, Green Dot anticipates contracting with a local **Advance Team Member** in Washington State for Years 0 (and potentially Year 1) to support Megan Quaille, our Interim Washington State Executive Director, with on-the-ground expertise in community engagement, student recruitment, engaging the Green Dot Washington Board and securing a facility for Green Dot Charter Middle School.

C. ROBUST HUMAN CAPITAL PIPELINE OF NETWORK LEADERS

Green Dot ensures a great teacher leads every classroom, and a great principal leads each school.

Pipeline of Strong Administrators

Green Dot conducts extensive diligence to select the most qualified and dedicated Principals for all of its schools. Green Dot plans to identify its Founding Principal at least **nine months** prior to the school opening. We will look within our existing cadre of administrators in California to identify our first Washington State Principal. Since this Principal will be familiar with the Green Dot mission, values and transformation model, he/she will serve as a key ambassador of the Green Dot model in Washington State. We also understand the importance of hiring school leaders from local communities and will seek partnership with local human capital organizations to identify potential candidates for future Washington State schools. We plan to look internally at Green Dot California Assistant Principals and Teacher Leaders who are interested in supporting Washington State. Finally, we will use our extensive relationships with universities across the nation to search for candidates. The Washington State Executive Director and VP of National Expansion will develop, support and evaluate Principals. These evaluations will be used to drive decisions about training, support, compensation and career path.

- **Principal Professional Development:** School leaders at Green Dot Charter Middle School will be provided with a comprehensive professional development program including:
 - **Coaching:** The Executive Director and VP of National Expansion will provide individualized coaching sessions to Green Dot Charter Middle School's Founding Principal bi-weekly. These coaching sessions will be focused on developing the Principal as an instructional leader.
 - **95/5 Sessions:** Based on the belief that Principals should spend 95% of their time onsite providing instructional leadership and 5% of their time offsite in Green-Dot wide trainings, 95/5 is a monthly, full-day professional development session for Principals and Assistant Principals. Green Dot Washington State Principals will be able to attend these sessions either in-person or via teleconferencing to take advantage of best practices across Green Dot schools.
 - **Principals' Retreat:** Green Dot Charter Middle School's Principal will have the opportunity to attend a two-day retreat with all Green Dot administrators in Los Angeles. This retreat allows Principals to reflect, evaluate progress and share best practices.
 - **Offline Supports:** Green Dot is building out an extensive set of tools to help Principals calibrate on the College-Ready Teaching Framework and hold conversations with teachers about effective teaching. Administrators will be able to work with the CRTF Implementation Coordinator to hone their observation and debrief skills.
 - **Manager of Finance and Business Affairs:** The Manager of Finance and Business Affairs will provide finance and operational support to Green Dot Charter Middle School's Principal (i.e., resolving issues around budget, facilities, maintenance and other school-site operational issues.)
- **Administrator-in-Residence Program:** Developed in 2007, the AIR program trains Residents on Green Dot's model and builds a pipeline of school leaders with the skills and experience necessary to manage high-performing secondary schools. The program provides Residents with real-world assignments shadowing high-performing Principals in existing Green Dot California schools and ongoing professional development from Mentor Principals, Assistant Principals and Cluster Directors (Area Superintendents). Residents are also required to complete a number of projects to demonstrate that they have developed the necessary competencies for success. Green Dot's goal is to identify potential AIRs in Washington State and train them as Residents through the AIR program in California before they assume school leadership roles at Green Dot Washington State schools. Green Dot may also hire experienced Principals from Washington State and place them directly into school leadership positions if they are highly qualified.

Pipeline of Teacher Leaders

As mentioned before, the primary goal of The College-Ready Promise (TCRP) is to improve teacher effectiveness in order to prepare all students for success in college and beyond. However, an equally important objective is to attract and retain the most talented teachers into our organization by recognizing and rewarding success. Green Dot aims to create a system in which aspiring teacher leaders within the organization may be identified, recruited, trained and placed in instructional leadership positions.

To accomplish this, Green Dot has developed a meaningful career ladder (see below diagram) to allow proven teachers a path for growth and greater responsibility. After teachers have mastered classroom instruction and reach “Highly Effective,” they can step into Teacher Leader Roles. These roles groom our Teacher Leaders for the Administrator-in-Residence program, where they can progress to become Assistant Principals and Principals.

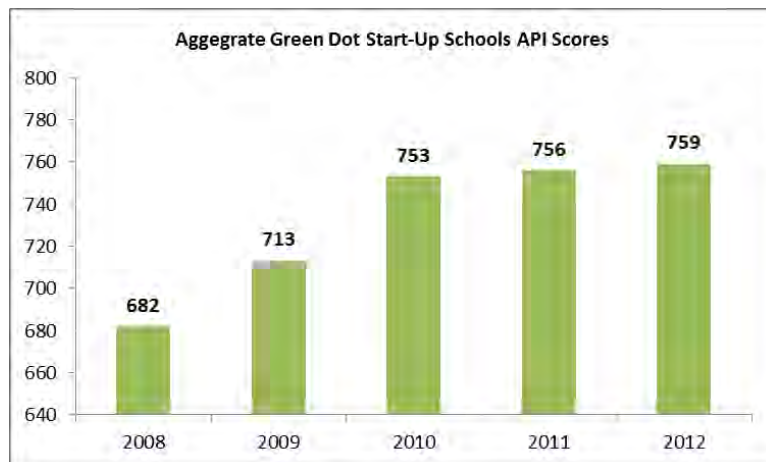

2. In August 2000, Green Dot opened with one 9th-grade class of 140 students. Today, our organization operates 19 schools (with four schools under one CDS code) serving over 10,000 students in communities across Los Angeles. We operate a mix of start-up and conversion schools that are located in many of the most socio-economically, disadvantaged neighborhoods in Los Angeles. Our student population is predominantly minority (99% African-American or Hispanic) and low-income (more than 92% of our students qualify for free or reduced lunch).

Results

Green Dot schools average more than 50 points higher on the annual California Academic Performance Index (“API”) than comparable public schools in similar neighborhoods. The API is a measurement of academic performance and progress of individual schools in California. API scores range from a low of 200 to a high of 1000, with the State Department of Education having set a goal of 800. In 2012, Green Dot’s aggregate API score climbed 19 points, marking the fourth straight year of collective gains for the Green Dot network. This average 19-point gain at Green Dot schools occurred in a year where the average API score in California decreased two points, and API scores within the Los Angeles Unified School District (“LAUSD”) increased by three points. Green Dot’s start-up middle and high schools routinely exceed the API scores of other neighborhood schools by even wider margins. *Ánimo Jackie Robinson Charter High School* and *Ánimo Pat Brown Charter High School*, for example, achieved API scores 150 points higher than local schools with identical socio-economic characteristics.

As displayed in the graph below, Green Dot has consistently increased our aggregate API score for our start-up middle and high schools over the past five years. Two of our schools, *Ánimo Leadership Charter High School* and *Ánimo Inglewood Charter High School*, exceed the statewide API goal of 800; several more are

poised to pass it in the next few years. Our start-up schools are also graduating students at rates previously unheard of in the communities they serve - the cohort graduation rate for 9th graders entering a Green Dot independent school in 2008 averaged 86% in 2012, compared to 79% for the state and 65% for LAUSD. Refer to **Attachment 25** for additional details on Green Dot's academic performance data.

Green Dot School History

Early Success with Start-Up Schools:

- Founding Five:** Between 2000 and 2005, Green Dot opened five independent charter high schools in some of the toughest neighborhoods in Los Angeles. All five went on to be named in *Newsweek's* annual ranking of the best high schools in the country and were medal winners in the annual *U.S. News and World Report* list, placing them in the top 2.5% nationally.
- Jefferson Cluster:** In 2006, Green Dot opened a cluster of five charter high schools to create a parent 'zone of choice' around Thomas Jefferson High School, at that time, the lowest performing school in LAUSD. In 2010, Green Dot independently chose to close two of these five schools. Green Dot recommended the closure of *Ánimo Film and Theater Arts* since the school's focus on the arts was not aligned with Green Dot's academic model. Green Dot also recommended the closure of *Ánimo Justice* due to the saturation of charter schools in the neighborhood, low academic performance, and the failure of Los Angeles Unified School District to provide the school with promised facilities. In 2012, the API scores of Green Dot's three remaining schools in this area are between 100 and 200 points higher than Thomas Jefferson High School.

Leader in School Turnarounds:

By 2007, over the course of seven years, Green Dot had built 10 public charter schools in the Los Angeles area, but only served 3,000 students in a district that was responsible for 700,000. Green Dot realized that growth of independent charter schools at this rate was barely going to make a dent. In 2008, Green Dot expanded its approach to focus on turning around chronically low-performing schools and took on the transformation of Alain LeRoy Locke College Preparatory Academy.

- Locke Transformation:** With more than 2,200 students, Locke was 15 times the size of a typical charter school launch and one of the worst high schools in California. The campus was physically dangerous, truancy was rampant and chronically low student outcomes were reflected in an API of 515. It was one of the largest whole-school transformations attempted anywhere in the country and presented an enormous challenge for the administrators and teachers responsible for meeting the expectations of the community. In 2012, results published from a three-year, quasi-experimental matched-pair evaluation conducted by UCLA's National Center for Research on Evaluation, Standards & Student Testing ("CRESST") found that four years into the turnaround, Green Dot students were 1.5x more likely to graduate and 3.7x times more likely to have completed coursework that prepares them for college. After five years, the school's API is almost 100 points higher than under the operational control of Los Angeles Unified School District. Just as importantly, Green Dot has learned from the experience, evaluating and improving the Green Dot model to reflect fresh understanding and insight into turnaround dynamics.
- Henry Clay & Jordan Transformations:** The progress of the Locke turnaround led to subsequent transformations by Green Dot of Henry Clay Middle School (Ánimo Phillis Wheatley and Ánimo Western) and David Starr Jordan Senior High School (Ánimo College Prep Academy) in 2011.⁶ Henry Clay was the worst performing middle school in California and had been designated as the highest priority school in the state for School Improvement Grant (SIG) funding. Jordan is located in the heart of one of the country's oldest and largest housing projects. The lessons learned from Locke allowed administrators and teachers to greatly accelerate turnaround at these two schools. After only two years, API has risen 122 points (from 516 to 638) at Jordan and 109 points (from 553 to 662) at the Clay schools, with Jordan being cited by the California Department of Education as the most improved public high school in the state.

3. In its 13-year history, Green Dot has not had a charter revoked. As mentioned above, in 2010, Green Dot independently chose to close two of its schools. Green Dot recommended the closure of Ánimo Film and Theater Arts since the school's focus on the arts was not aligned with Green Dot's academic model. Green Dot also recommended the closure of Ánimo Justice due to the saturation of charter schools in the neighborhood, low academic performance and the failure of LAUSD to provide the school with promised facilities. In 2013, Green Dot also independently chose to re-organize Alain LeRoy Locke College Preparatory Academy, formerly five individual Green Dot high schools, by creating three small learning communities for 10th-12th graders and a single 9th grade academy on one main campus. This reorganization is enabling Green Dot to provide more targeted interventions to incoming 9th graders. As a result, the Locke Family of Schools currently shares one county-district-school (CDS) code in California that is used for purposes of school identification as well as tracking student demographics and student achievement levels.

⁶ Jordan was restructured as two new schools sharing a single campus: one a Green Dot school and the other operated by the mayor's Partnership for Los Angeles Schools (PLAS). Concurrently, Henry Clay was divided into two small learning academies: Ánimo Western Charter Middle School and Ánimo Phillis Wheatley Charter Middle School (known officially by their charter names: Ánimo Charter Middle School #3 and Ánimo Charter Middle School #4, respectively).

Attachment #3 – Green Dot Washington State Curriculum Development Plan

Attachment #3 – Curriculum and Instructional Design

Curriculum and Textbook Selection Process

The curriculum used for each course at Green Dot Charter Middle School will be chosen through a collaborative effort between the founding Principal, its founding teachers and Green Dot's Education Team. Green Dot's Education Team will provide an initial list of recommended textbooks and teaching strategies for different courses at the school to the Principal at least **nine months** prior to the school opening. Since Green Dot schools have experienced similar success with different textbooks in different classrooms, the Principal, Assistant Principal and teachers will then determine which textbooks and strategies from Green Dot's recommended list are most relevant for their school at least **six months** prior to the school opening.

To do this, each school chooses a committee whose responsibility is to research available textbooks and choose the textbooks to be used at the school. This Textbook Adoption Committee (TAC) should be comprised of school leaders, teachers in the content area and individuals that have some specific relationship to the material (department heads). Green Dot anticipates that not all founding teachers will be hired for Green Dot Charter Middle School six months prior to the school opening; in which case, the Principal and Assistant Principal will form a larger core of the TAC. As an initial task, the TAC should create and/or adopt a rubric by which to judge the various textbooks. This rubric should include consideration of a) clear alignment with Common Core and Washington State Standards, b) clear alignment with school and Green Dot standards, c) cultural, gender, socioeconomic and ethnic differences, d) differing learning modalities, e) local budget constraints and f) content accessibility. While the committee may consider various textbooks of interest, the committee should begin their search for textbooks by considering the books on the Green Dot Recommended Book List. Teachers are also expected to use additional sources, such as novels, periodicals, internet research, to complement the textbooks. If a textbook is selected that does not appear on the Green Dot Recommended Book List, the book must be presented to the Executive Director in the Washington State region for final approval. Each textbook selected must be aligned with Common Core and/or Washington State Standards for the content area and grade level.

Attachment #4 - Middle School Promotion and Graduation Policy

Enclosed is the middle school promotion and graduation policy used at existing Green Dot schools in California. Please note Green Dot would adapt all policies, as necessary, to operate in Washington State.

Green Dot schools aim to not retain students in the same grade for a second year in middle school. Our principals and teachers work with parents to find instructional alternatives, and retention is considered only in extraordinary circumstances.

Policy: Middle School Promotion, Graduation & Acceleration

Promotion Policy and Graduation Policy: All students must attend school full time. Middle school students (grades 6 - 8) are required to participate in the educational and academic classes offered in the areas of English, Reading, Mathematics, Social Science, Technology, and Writing. The Green Dot promotion policy ensures that each child is prepared to progress successfully through grade levels in order to prepare for success in high school, college, leadership and life.

Students who are not prepared to exit a grade level are not permitted to move to the next grade until they have attained adequate achievement in their present grade level. This policy is designed to cease social promotion and ensure appropriate learning for each child.

The following criteria will be considered for promotion:

1. Attendance
2. Course Grades
3. Student Achievement Scores on the Norm Reference Formative Assessment System (NWEA)

Attendance: In adherence with the Green Dot Attendance Policy, any student who misses more than 15 days in a semester may not earn credit.

Course Grades: Students who fail more than two courses per school year (or 20.0 credits) will be automatically retained. Students who fail one or two courses per school year may be required to pass summer school to qualify for promotion.

Student Achievement Scores: Minimum grade equivalent scores on the NWEA will be required for promotion. Students who score more than two grade levels below the national norm in two subject areas (English, Math, Reading or Science) will be referred to summer school. By the end of summer school, students must perform within two grade levels of the national norm in at least two subject areas in order to qualify for promotion.

The administration reserves the right to review special cases and allow consideration to be given.

Acceleration:

When high academic achievement is evident, the Chief Academic Officer or designee may recommend a student for acceleration into a higher-grade level. The student's maturity level shall be taken into consideration in making a determination to accelerate a student.

Policy: Grading Scale and Failed Courses

A= superior work, the student consistently excels in quality of work; a college recommending grade

B= above average work, the student maintains a good standard of work; a college recommending grade

C= average work, the students does expected work at a moderate level of achievement, this is a non-college recommending grade

D= below average level of achievement. While this is a passing grade, the student may have to remediate the course to advance to the next level of instruction. A "D" does not fulfill four-year college entrance requirements.

F= student does not meet minimum requirements; no credit is given, course requirements are not completed

A+ 100%	B+ 88%- 89%	C+ 78%- 79%	D+ 68%- 69%	F 59% ↓
A 93% – 99%	B 83%- 87%	C 73% - 77%	D 63% - 67%	
A- 90%- 92%	B- 80% - 82%	C- 70%-72%	D- 60%- 62%	

The grade of "I" (Incomplete) may only be given when extended illness or other unusual circumstances warrant giving the student additional time to fulfill the course work. These grades must be removed within six weeks of the next semester, or they become an "F".

Failed Courses

It is each student's responsibility to achieve academic success. If a student is experiencing difficulty with a course, he/she should seek assistance and support from his/her teacher or advisor. In the event that a student fails a course required for graduation, he/she is required to retake and pass the course before a diploma will be issued.

Failed courses are to be taken and passed during the summer immediately following the year of failure. Repeated failures will jeopardize a student's retention in Green Dot Public Schools.

Attachment #6 - Enrollment Policy

Enclosed is the enrollment policy that is used at existing Green Dot schools in California. Green Dot Washington State anticipates that the open enrollment period will occur during the winter and spring each year with the lottery taking place, if necessary, no later than June 30th, 2015.

Per Initiative 1240, section 205, "Admission and Enrollment of Students", Green Dot plans to give an enrollment preference to siblings of already enrolled students at Green Dot Charter Middle School. Green Dot is aware that Washington State law does not provide required enrollment preferences for children of a school's founders ("founding families") or full-time employees of the school. Please note that Green Dot plans to adjust its existing enrollment policies, accordingly, to comply with Washington State law.

Enrollment Policy

A. 1.0

Policy: Non Discrimination

Green Dot Public Schools does not discriminate against any student on the basis of the characteristics listed in Education Code section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code or association with an individual who has any of the aforementioned characteristics) in any of its policies, practices, or procedures. Green Dot Public Schools "Discrimination/Harassment Policy" complies with the requirements of Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, The Individuals With Disabilities Education Act of 1990, and other applicable federal and state laws.

Enrollment Policy

A. 2.0

Policy: Admissions

Green Dot Public Schools operates both independent and conversion charters. Admissions policies may vary based on the type of school. Each school shall follow the admission portion of the charter. Any student applying for admission after expulsion from their current school district must provide appropriate documentation that their rehabilitation guidelines have been met before acceptance into a Green Dot school. The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school shall be in the sole discretion of the charter school's principal or Discipline Review Panel and the pupil and guardian or representative, to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The pupil's readmission is also contingent upon the capacity of the School at the time the pupil seeks readmission.

Definitions:

An "Independent Charter School", as defined by this policy, is one that operates independently of the school district in almost all respects and has the greatest degree of flexibility to design and implement the goals and procedures described in their charter petition.

A "Conversion Charter School" as defined by this policy, is one that existed as a regular district school and converted to charter status.

Admissions for Independent Charters

Independent charters are open to all students in California. Students must fill out a one-page application and meet all deadlines for the application process. If more students apply by the deadline than there are seats available, students are selected by a public lottery process.

Admissions for Conversion Charters

Conversion charters are open to all students in the attendance area. Students must fill out an Intent to Enroll form prior to the lottery date. After the lottery date, students will be placed in a school based on availability.

Enrollment Policy

A. 3.0

Policy: Lottery Procedures

Green Dot Public Schools operates both independent and conversion charters.
Lottery Procedures may vary based on the type of school.

Lottery Application Forms

One Page Application: All students, including siblings need to turn their application in prior to the lottery deadline.

- One-page applications received after the lottery deadline will be placed on the waitlist in the order they were received.
- One-page applications received after the lottery deadline for all preference groups outlined in the school's charter will be placed at the top of the waitlist
 - Note: Per Charter Law students residing in the authorizing district have preference over out of area students.
 - Note: Schools will conduct a 10% audit each year to verify students in the authorizing district's attendance.

Intent to Enroll Forms:

Students residing in the conversion schools' attendance area must submit an Intent to Enroll form prior to the lottery date. After the lottery date, students will be placed in a school based on availability.

Founding Family Preference:

- Student of a parent that originally helped open the school. (to verify status, there is a list in the Home Office of families that qualify under this category)

Sibling Preference defined as:

- Students of the same parent; or if a student can show legal documentation of same guardian of existing student.
- Sibling of a currently enrolled student at any grade level or of a graduate of the school.

Recommended Lottery Procedures

- If you have more applications than seats available for your school you must hold a random public lottery
- Each applicant's name will be assigned a number (post the list with number assignment before the drawing begins)
- Each name & number will be put on the same card of equal size and shape
- The card is then placed in a container (tumbler) that will randomly mix cards.
- A random drawing will occur and the appropriate number of students chosen will be selected. Make sure you announce how many spaces are available before you pull the first card. (Please note that siblings do not participate in the lottery and are already slated a spot. Ex. If you have 10 siblings you are only drawing 130 students at the lottery)
- Once the student list is set, you continue to pull numbers to determine the order of the waitlist.
- An observer other than the person drawing the cards, will collect the cards in order and enter the results into an electronic database (excel spreadsheet).
- Database will be double checked to ensure accuracy.
- Database will be made public as soon as possible both online and posted in public locations. It will also be kept on file at the school site.
- Results will be mailed to applicants (notify them of acceptance or waitlist status)
- Follow-up phone calls will also be made.

Conversion Charter Enrollment Deadline

Students who enter fewer than 15 days before the end of the semester are asked to return to enroll at the beginning of the next semester. These students need to finalize their grades at the sending school and have all the proper check out documentation.

Enrollment Process and Information Packet

Once a student has been selected in the random public lottery we must mail out an acceptance letter to the family and allow the family two weeks to send back its acceptance. During this two week period, schools should also call the families to confirm attendance. Staff members will document all attempts to call the families and any responses.

If we have not received confirmation within two weeks the student will be dropped and a student on the waitlist will be offered placement.

Each school must ensure that each admitted student submits:

- Completed Information Packet
- Emergency Card
- Immunization Records
- Transcripts
- Lunch Application
- IEP or Section 504 plan, if applicable

Policy: Student Transfers

No Green Dot school will restrict the ability of parents/guardians to exit a particular school, apply for admission at any other school, enroll at another school, or maintain a waitlist slot at another school. Practical examples of this policy include:

Students enrolled in an **Ánimo**

- school are allowed to transfer to any other **Ánimo** school as long as proper application and waitlist procedures were followed.

Intra-Ánimo Transfer

The transfer of a student from one school to another for the purpose of improving achievement, attendance or adjustment may be addressed as an Intra-Ánimo transfer. Such transfers are initiated by parent/guardian request. Intra-Ánimo transfers may be issued based on one or more of the following reasons:

- Sibling
- Parent employment-related transfers
- Specialized programs
- Social adjustment and/or protection

Intra-Ánimo Transfers will be granted only if the applicant is eligible and will be handled on a case-by-case basis, directly between the sending and receiving schools. Upon mutual agreement of the two schools, these students may bypass the waitlist.

Enrollment Policy

A. 5.0

Policy: Waitlist Management

All students that do not receive a placement during the random, public lottery will be placed on a waiting list to enroll should space become available. Waitlist ranking will be assigned in the order selected. A student is allowed to be on multiple waitlists, and must be offered a placement should space become available, even if the student is enrolled in another *Ánimo* school. A student is only removed from a waitlist per parent request.

A. 6.0

Policy: Homeless Students

The McKinney-Vento Homeless Assistance Act for Homeless Children and Youth entitles all homeless school-aged children to the same free and appropriate public education that is provided to non-homeless students.

A homeless student is defined as a person between the ages of two and eighteen who lacks a fixed, regular, and adequate nighttime residence and may:

- Live in a emergency or transitional shelter; abandoned building, parked car, or other facility not designed as a regular sleeping accommodation for human beings
- Live “double-up” with another family, due to loss of housing stemming from financial problems (e.g., loss of job, eviction or natural disaster)
- Live in a hotel or motel
- Live in a trailer park or campsite with their family
- Have been abandoned at a hospital
- Be awaiting foster placement in limited circumstances
- Reside in a home for school-aged, unwed mothers or mothers-to-be if there are no other available living accommodations
- Be a migratory or abandoned, runaway, or throwaway youth that qualifies as homeless because he/she is living in circumstances described above

The law requires the immediate enrollment of homeless students. Schools cannot delay or prevent the enrollment of a student due to the lack of school or immunization records. It is the responsibility of the new school to request all necessary documents from the previous school, and refer parents to all programs and services for which the student is eligible.

Policy: Over-Age Students

According to the California Code of Regulations (5 CCR 11965), “a pupil who is over the age of 19 years may generate attendance for apportionment reasons if the following conditions are met:

- A) The pupil was enrolled in a public school in pursuit of a high school diploma (or, if a student in special education, an individualized education program) while 19 years of age and, without a break in public school enrollment since that time, is enrolled in the charter school and is making satisfactory progress towards award of a high school diploma (or, if a student in special education, satisfactory progress in keeping with an individual education program) consistent with the definition of satisfactory progress set for the in subdivision (b) of Section 11965.
- B) The pupil is not over the age of 22 years.”

Satisfactory progress is defined in California Code of Regulations (5 CCR 11965) as:

“uninterrupted progress towards the completion, with passing grades, of the substance of the course of student that is required for graduation from a non-charter comprehensive high school ... that the pupil has not yet completed, at a rate that is at least adequate to allow the pupil to successfully complete, through full time attendance, all that uncompleted coursework ...”

Green Dot encourages all students who are eighteen and over to be knowledgeable about any legal consequences that may occur based upon their decisions and actions. For more information on changes to a student’s legal status and obligations upon reaching the age of 18, please download a copy of “When You Become 18, A Survival Guide for Teenagers”, which is available from the State Bar of California at

<http://calbar.ca.gov/calbar/pdfs/publications/Becoming-18.pdf>. In addition, Green Dot would like to specifically make all students over the age 18 aware of California Penal Code Section 261.5(a), which provides: “Unlawful sexual intercourse is an act of sexual intercourse accomplished with a person who is not the spouse of the perpetrator, if the person is a minor. For the purposes of this section, a “minor” is a person under the age of 18 years and an “adult” is a person who is at least 18 years of age.”

Any student admitted to a Green Dot school who is 16 years of age or older will be held to the guidelines of this regulation as he/she will turn 19 years of age during his/her high school career. Such students must agree to the following guidelines if he she wishes to attend a Green Dot school:

Any student admitted to a Green Dot school who is 16 years of age or older will be held to the guidelines of this regulation as he/she will turn 19 years of age during his/her high school career. Such students must agree to the following guidelines if he she wishes to attend a Green Dot school:

1. The student must have uninterrupted, continuous attendance in school until graduation.

4. The student must maintain full-time attendance until graduation.
5. A student who is 18 or over whom is eligible for suspension or expulsion based upon the Green Dot Discipline Policy will be subject to automatic dismissal from a Green Dot school without the potential to reapply for admission.

Policy: Returning Student Policy

Enrolled students may at any time request to transfer to another school. Green Dot Public Schools will encourage them to stay, especially if it is mid-semester. In a situation that a student does leave and later chooses to return, the student must complete an application and return it to the main office. When the application is submitted, the student will be informed if there is space available or if they will be placed on the waiting list, pursuant to the enrollment policy. Students who have been incarcerated must attend a conference with their parent/ guardian and an administrator before returning to the school. Students who have been previously expelled must complete the re-enrollment process outlined in the Green Dot Discipline Policy prior to being eligible to return to school.

Policy: Withdrawal

If a parent wishes to withdraw or transfer a student from Green Dot Public Schools, it is his/her responsibility to notify the Principal. In some cases, the Principal may want to meet with the student's parents as well. In addition, the student must follow the returning student policy if he/she wishes to return to Green Dot Public Schools. Students will receive unofficial transcripts until all books are returned and fees are paid.

Policy: Student Records

Inspection of Records

Parents, legal guardians, or adult students have a right to review their own or child's student records. Student records are available for review during regular school hours. Written requests for access should be directed to the Principal, and will be granted within five days from the date of the request. In the case of separated or divorced parents, both parents shall have equal access to school records, unless there is a current restraining order specifically preventing record access. It is the responsibility of the parent to produce legal documentation of this nature. (A restraining order preventing access to the student does not prevent access to records.)

Maintenance of Records

A log is maintained for each student's record which lists all persons or organizations requesting or receiving information from that record. Requests to access the log should be directed to the school Principal.

Release and/or Duplication of Records

Schools may permit access to student records by a specific person if the parent has filed written authorization specifying the records to be released and identifying the person to whom the records may be released. The recipient must be notified that further transmission of records is prohibited. The consent notice shall be permanently kept with the student's record file. Student records may be released without parent or guardian consent as permitted by law. Outside organizations, such as law enforcement agencies and child and family services may be granted access to student records. Such requests will be recorded in the access log in the students' file.

Military Recruitment

Under the general provisions of the No Child Left Behind (NCLB) Act, secondary schools receiving funds under this act shall provide armed forces recruiters' access to students and student recruiting information. Secondary schools shall provide, upon a request by military recruiters or an institution of higher education, access to high school student names, addresses, and telephone listings, referred to as "directory data" such information may include:

Name

Major Fields of Study
Address

Dates of Attendance
Date and Place of Birth
Diplomas and Awards Received
Last Educational Institution Attended

A high school student or the parent of the student may request that this information not be released with written parental consent.

Records

There are three types of student educational records: mandatory permanent records, mandatory interim records, and permitted records.

Mandatory permanent records are to be kept in perpetuity. Examples include:

- Name, birth date, place of birth, gender
- Name and address of parent
- Subjects taken during the school year
- Date of graduation

Mandatory interim records are those which schools are required to compile and maintain for a stipulated period of time and then they may be destroyed. Examples of this type of record include:

- Health information
- Participation in special education programs including required tests, case studies, authorizations, and actions necessary to establish eligibility for admission or discharge
- Progress reports

Permitted records are student records that the school district maintains for appropriate educational purposes such as program placement and programming of student class schedules. Examples include: State and district assessment results, objective Counselor and/or teacher ratings, routine discipline data, and verified reports of relevant behavior patterns

Student Record Access Log- should include:

- Name of person(s) to whom the information was disclosed (or, if no disclosure was made, from whom the request was received)
- The reason for disclosure
- The time and circumstances of disclosure
- The particular records that were disclosed

Record Storage

- All student records should be locked and kept on site.

Attachment #7 - Discipline Policy

Enclosed is the discipline policy that is used at existing Green Dot schools in California. Please note that Green Dot would adapt all policies, as necessary, to operate in Washington State. Green Dot Washington State shall also comply with laws and regulations of the state, county, or city relating to student discipline including, but not limited to, RCW 28A.150.300.

Rights and Responsibilities Policy

C. 4.0

Policy: Discipline

Green Dot Public Schools has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent-Student Handbook. The plan includes day-to-day discipline including, school detentions, in-school suspensions, Saturday schools, disciplinary probation, and guidelines for suspension and expulsion.

Disciplinary options available to the teachers include: warning, detention, parent-teacher communication, counseling referral, written assignment, and discipline referral to the Principal.

Progression of Disciplinary Procedures

Teachers are responsible for the day-to-day discipline in their classrooms within the understanding that teachers have many different roles beyond just disciplinarian. Teachers work with their students to meet their individual needs and work together to find a common ground in the classroom, to ensure that learning can take place. Disciplinary options available to the teachers include: warning, detention, parent-teacher communication, counseling referral, written assignment, and discipline referral to the Principal.

Teacher Detention

Prior to suspensions and expulsions, students may receive any or all of the following: warnings, detentions, phone calls home, parent conferences, and a behavior contract. Any teacher may assign a teacher's detention to a student.

Offenses That May Result in a Teacher's Detention

As a general rule teachers assign a Teacher Detention for minor classroom misconduct such as: chewing gum, passing notes, making noises, minor inappropriate conflicts with others, or cheating. Repeated violations by individuals will be referred to the Principal. When there is a serious violation of the rules, the student will be referred to the Principal. A serious violation may include any violation listed under Suspension of Expulsion section included below.

Administrative Detention

These detentions are typically held after school. During the detention period, students are to sit quietly. No activity such as listening to music, sleeping, etc. is permitted. This detention is served after school and may consist of writing an assignment, sitting quietly in a classroom or assisting with cleaning of the campus. School events, activities or athletics are not valid reasons for missing a detention.

After a student is given a school detention, the student's parent/guardian may be notified by telephone by the Principal or designee. Green Dot Public Schools will use a progressive discipline system as defined in this handbook to intervene in student behavior.

A serious offense may include any violation listed under Suspension or Expulsion section.

Suspension

Suspension is intended to remove the student from peers and the class environment. This separation provides the student time to reflect on his or her behavior and a possible pattern of behavior that will be more positive, as well as to protect the student body as a whole from dangerous and disruptive behavior.

A student serving *on campus suspension* reports to school at the regular time in full uniform. Each teacher will give the student written assignments that he or she must complete under the direct supervision of the Principal or designee. The student will not attend any classes or go out for break. The student will eat lunch in the assigned room.

Whether suspension occurs in school or out, the maximum number of consecutive days a student may be suspended five (5) days, unless the suspension is extended pending an expulsion hearing with the of the Discipline Review Board.

Students on suspension pending an expulsion hearing may request that academic work be made available for pick up at the office.

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal or designee.

The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with school officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

Suspension/Expulsion Offenses

Students may be suspended or expelled for any of the following acts when it is determined the pupil:

- b) Willfully used force of violence upon the person of another, except self-defense.

Student Discipline Review Board

The Discipline Review Board (“DRB”) is an advisory committee to the Principal and is comprised of administrator(s) and teachers. Members of the Board may be nominated, elected, or appointed teachers. The Principal convenes the board when needed, is Chair, and is a non-voting member. It is the responsibility of the Principal to have available all pertinent materials for each gathering.

The DRB convenes when a student commits a serious violation of the discipline code or has broken the terms of his/her particular contract (Attendance/Academic, Personal, Discipline). It may recommend disciplinary action, terms of probation, suspension duration, and withdrawal from the school or expulsion. The school should schedule the DRB conference when it issues the suspension paperwork. While it is important that all evidence is collected in advance of the DRB, the conference must occur before the student returns to school at the end of the suspension period. *While five (5) school days is the maximum initial suspension allowed; following the conference, such a suspension may be extended pending the results of a DRB hearing. .*

Expulsion – Dismissal from School

A student may be dismissed from Green Dot Public Schools for any of the violations listed above in the section titled: “*Suspension/Expulsion Offenses,*” upon recommendation by the Principal and after a hearing in front of the Green Dot’s Home Office Discipline Review Panel.

Upon a recommendation of Expulsion by the Principal or designee, the pupil and the pupil’s guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Principal or designee upon either of the following: 1) the pupil’s presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil’s suspension will be extended pending the results of an expulsion hearing. Students shall not be suspended for more than a total of twenty (20) school days in a year, unless a suspension has been extended pending an expulsion hearing.

It is a federal mandate (Federal Gun Free Schools Act of 1994) that a school expel, for a period of not less than one year (except on a case-by-case basis), any student who is determined to have brought a firearm to school. The following violations shall result in an immediate suspension and a recommendation for expulsion:

- Brandishing a knife at another person,
- Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal,
- Possession of an explosive (as defined in section 921 of Title 18 of the U.S. Code)

- Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code., including providing or selling narcotics of any kind (immediate expulsion) and
- Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 of the California Education Code or committing a sexual battery as defined in subdivision (n) of Section 48900 of the California Education Code.

A student may not be suspended or expelled for any misconduct unless that act is related to school activity or school attendance occurring within a school under the jurisdiction of the superintendent or occurring within any other school district and that act occurs at any time, including, but not limited to 1) while on school grounds, 2) while going to or coming from school, 3) during the lunch period whether on or off the campus, or during or while going to or coming from a school-sponsored activity.

Authority to Expel

A student may be expelled either by the Green Dot's Home Office Discipline Review Panel following a hearing before it. The Green Dot's Home Office Discipline Review Panel should consist of at least three members who are certificated and neither a teacher of the pupil or a Board member of the Charter School's governing board.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal or designee determines that the Pupil has committed an expellable offense.

The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the Pupil makes a written request for a public hearing three (3) days prior to the hearing.

Written notice of the hearing shall be forwarded by the Principal or designee to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil.

The hearing will proceed. A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

The final decision by the Green Dot's Home Office Discipline Review Panel shall be made within ten (10) school days following the conclusion of the hearing.

Appeal Rights

Parents have the rights to appeal suspensions and expulsions. A parent or student must submit a written appeal within 10 days of being informed of the suspension or expulsion to Green Dot Management.

Future Placement

If the student is expelled, Green Dot Public Schools will assist parents in finding a new placement for an expelled student including advising parents to call the local district Student Discipline Proceedings Office if they want their child to attend a local district school or to work with the Los Angeles County Office of Education for an alternative school placement.

Rehabilitation Plans

Pupils who are expelled from Green Dot Public Schools shall be given a rehabilitation plan upon expulsion as developed by Discipline Review Panel at the time of the expulsion order which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to Green Dot Public Schools for readmission. The amount of time is determined by the Discipline Review Panel and will be adhered to.

The school's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, the school's governing board shall readmit the pupil; unless the school's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered.

Readmission

The decision to readmit a pupil or to admit a previously expelled pupil from another school district or charter school shall be in the sole discretion of the charter school's principal or Discipline Review Panel and the pupil and guardian or representative, to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The pupil's readmission is also contingent upon the capacity of the school at the time the pupil seeks readmission.

Disabled Students

In the case of a student who has an IEP, or a student who has a 504 Plan, the charter will ensure that it follows the correct disciplinary procedures to comply with the mandates of state and federal laws, including the IDEA and Section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and the Charter School, an IEP team, including a district representative, will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Policies and Procedures Manual. Prior to recommending expulsion for a student with a 504 Plan, the charter administrator will convene a Link Determination meeting to ask the following two questions: A) Was the misconduct caused by, or directly and substantially related to the student's disability? B) Was the misconduct a direct result of the Charter's failure to implement the 504 Plan?

Gang Affiliation

Green Dot's Gang Policy balances the need to maintain student/campus safety with our responsibility to help identified students out of a dangerous lifestyle. The school-site administrator and the DRB has the discretion to recommend expulsion for students involved with gangs or enter such students into a disciplinary probation period. The school site administrator should follow these guidelines when deciding appropriate interventions and consequences for students:

- Where gang-related activity is the cause of a major violation of the student code of conduct (major-violation is regarded as one where a long-term suspension or an expulsion is the consequence), such students should be moved immediately towards expulsion.
- Where gang-activity is identified, but not an immediate threat to school/campus safety, administrators should enter the student into disciplinary probation with a gang intervention plan.

Academic Dishonesty

Green Dot's Academic Integrity Policy is designed to encourage ethical behavior and discourage cheating, deceit, and dishonesty with regard to a student's academic achievement. A school-site administrator and the DRB has the discretion to recommend expulsion for students involved with academic dishonesty or enter such students into a disciplinary probation period.

Rights and Responsibility Policy

C. 5.0

Policy: Due Process

A student or the student's parents/guardians may appeal those disciplinary actions imposed upon a student for school related offenses.

- Appeals must be made first in writing at the school level, and should be directed to the Principal within ten (10) school days. The Principal or Principal's designee will attempt to resolve the appeal with a written response within ten (10) school days.
- After appeal at the school level, if further appeal is desired, the appeal should be made to the Green Dot Public Schools Home Office and should be directed to the Cluster Director for resolution with a written response within fifteen (15) school days.

Letters of Support

The Sheri and Les
BILLER FAMILY FOUNDATION

November 20, 2013

Washington Charter School Commission
Governor's Policy Office
PO Box 43113
Olympia, WA 98504-3113

Dear Members of the Commission,

This letter expresses my strong support for Green Dot Public Schools (Green Dot) and its application to operate charter schools in Washington State that will be focused on turning around persistently low-performing schools.

The Biller Family Foundation is familiar with the Green Dot's transformative work in Los Angeles since 2000, and we have been impressed with Green Dot's success in transforming low-performing schools in communities of high need. This is a substantial school district with compelling teaching and leading practices and remarkable student outcomes. Given that Green Dot schools serve a 94% FRL population, with populations of English learners and Special Needs students equivalent to surrounding traditional districts such as LAUSD, we believe their approach has profound national implications, and we intend to support their work in Washington State should they win approval to operate schools here.

We are well acquainted with Green Dot's approach, in and out of the classroom. Green Dot understands that public education is about ALL children in all schools, and the organization has a demonstrated commitment to codifying and sharing its successful whole school turnaround practices with local school districts and other independent operators. Green Dot codified the strategies employed in the turnaround of Locke High School beginning in 2008, and we have witnessed the model's outstanding replication at Jordan High School and Clay Middle School, two additional chronically low-performing LAUSD schools where Green Dot LEAs are now demonstrating some of the highest student growth in California for 2013.

I have great confidence that Green Dot will be a strong asset to Washington State school districts and we look forward to being a continued supporter of their work.

Sincerely,

Sheri Biller
President

Dear Washington State Charter Schools Commission:

On behalf of the Washington State Charter Schools Association (WA Charters), I am writing to give our full support to Green Dot Public Schools' application. WA Charters is honored to work with Green Dot in the development of a public charter middle school in Tacoma, Washington.

WA Charters is a statewide nonprofit organization that supports the start-up of high-quality public charter schools, with a focus on serving academically and economically disadvantaged communities. WA Charters focuses on three key areas of support: community and family engagement, leadership development, and support and services. Through fellowship programs, WA Charters recruits and supports leaders who want to create high-performing charter schools.

Green Dot Public Schools is a nonprofit organization founded upon the idea that every child in every community deserves to go to a great school. Green Dot currently runs 19 public charter schools, mostly in the Los Angeles area. With schools located in some of Los Angeles' highest need communities, the Green Dot academic model has resulted in students being nearly four times more likely to graduate and be ready for college than students at neighboring schools. Since being founded in 2000, more than 90 percent of Green Dot graduates have been accepted to college.

Providing a high-quality public education to all children is critical to a just society that affords every child the full range of opportunities for life. I urge you to give the families and students of Tacoma the option and opportunity to attend a Green Dot school.

Sincerely,

A handwritten signature in blue ink that reads 'Marta Reyes-Newberry'.

Green Dot Public Schools Tacoma Charter MS Support

About this petition

Dear Washington State Charter School Commission:

I am glad that we in Washington are taking steps to ensure that all students have access to an education that will prepare them for success beyond high school. I believe that providing families high quality public school choices is required to achieve equity in educational opportunity.

I write to you in support of Green Dot Public Schools. As a supporter of educational equity for the Tacoma community, I am excited that Green Dot Public Schools brings our city a 13-year track record of success for over 10,000 students in California. Further, I am excited that Green Dot's approach is one of collaboration within the communities it serves.

Green Dot leaders have already started conversations with Tacoma stakeholders and I look forward to a continued dialogue about what our students need and what Green Dot's contribution to our city's innovative approach to schooling could look like.

I sign in support of Green Dot Public Schools in its application for a Tacoma charter middle school.

Thank you,

Attachment #10 – Green Dot Washington State School Leader Job Description

Attachment #10 – Green Dot Washington State School Leader

Green Dot conducts extensive diligence to select the most qualified and dedicated school leaders. Refer to the next page for the job description and qualifications for the Principal role.

Timeline and Criteria

Green Dot plans to identify its Founding Principal at least **nine months** prior to the school opening. We will look within our existing cadre of administrators in California to identify our first Washington State Principal. Since this Principal will be familiar with the Green Dot mission, values, he/she will serve as a key ambassador of the Green Dot model in Washington State. School leaders new to Green Dot may spend a year in training through Green Dot's internal **Administrator-in-Residence ("AIR") program**. Green Dot's goal is to identify potential AIRs in Washington State and train them as Residents through the AIR program in California before they assume school leadership roles at Green Dot Charter Middle School.

Recruiting and Selection Process

The Principal interview process includes five steps:

- 1) **Assessment with Human Capital:** The first step includes the initial resume/application screen and a phone interview with the Human Capital team. The interview includes an assessment of attitudes, knowledge of effective teaching and the candidate's alignment to Green Dot's mission and vision.
- 2) **Panel Presentation, In-Box & Writing Prompt:** – Successful candidates are moved on to the next round of interviews with the Washington State Executive Director and/or VP of National Expansion. These interviews will be conducted in-person or over the phone.
 - **Panel Presentation:** During this interview, candidates are asked to conduct a 20-minute professional development session based on a pre-specified topic and data. The candidate is evaluated on organization and preparation of the session, presentation of materials, knowledge of the subject matter and knowledge of adult learning theory.
 - **In-Box Scenarios:** The candidate is presented with three different case studies and asked to prepare for a discussion around each scenario. Case-based interviews are used to assess leadership capacity in instructional leadership, problem solving and resource management.
 - **Writing Prompt:** The candidate is asked to complete a writing assignment assessing his/her ability to analyze and communicate an issue effectively in writing. In addition, the writing sample helps to determine a candidate's achievement in people management and problem solving.
- 3) **Campus Observation & Debrief:** Candidates are asked to shadow a Green Dot administrator for two hours. After this shadow experience, candidates reflect on what they saw and write up their insights around instructional leadership, people management, resource management, problem solving and community leadership. Candidates are also asked to describe three areas of strengths and opportunities for improvement and asked to offer specific evidence and ideas on next steps.
- 4) **Reference and Background Checks:** Reference and background checks are conducted for finalists.
- 5) **Community Interview:** – Finalists are asked to complete an in-person interview with a Community Panel comprised of the Washington State Executive Director and/or the VP of National Expansion, Assistant Principal(s), Teachers, Classified Staff Members, Parents and Students. The Washington State Executive Director and VP of National Expansion are responsible for the final hiring decision.

Green Dot will also seek partnership with local and national human capital organizations to identify potential candidates for future Washington State schools. Finally, we will use our extensive relationships with universities across the nation to search for candidates.

Notwithstanding any of the foregoing in this Section 7.3, the corporation shall not be required to pay any Advanced Expenses to a person against whom the corporation directly brings a claim alleging that the corporation is not required to indemnify such person under Section 7.2 of this Article 7.

7.4 Written Statement Required and Right of Indemnified Person to Bring Suit

An Indemnified Person seeking indemnification pursuant to Section 7.1 or Advanced Expenses pursuant to Section 7.3 must first submit to the Board a sworn statement requesting indemnification or Advanced Expenses, as the case may be, and reasonable evidence of all such amounts requested by such Indemnified Person (such statement, a "*Claim*"). If (a) a Claim pursuant to Section 7.1 above is not paid in full by the corporation within 60 days after such Claim has been received by the corporation, or (b) a Claim pursuant to Section 7.3 above is not paid in full by the corporation within 30 days after such Claim has been received by the corporation, then the Indemnified Person may at any time after the expiration of the applicable period bring suit against the corporation to recover the unpaid amount of such Claim. If an Indemnified Person succeeds in whole or in part in any such suit or in a suit brought by the corporation to recover Advanced Expenses pursuant to the terms of an undertaking, then such Indemnified Person is also entitled to receive reimbursement from the corporation for the expense of prosecuting or defending such suit. The Indemnified Person shall be presumed to be entitled to indemnification under this Article 7 upon submission of a Claim (and, in an action brought to enforce a Claim for Advanced Expenses, where the required undertaking has been delivered to the corporation), and, thereafter, the corporation shall have the burden of proof to overcome the presumption that the Indemnified Person is so entitled.

7.5 Procedures Exclusive

Pursuant to Section 24.03.043 of the Washington Nonprofit Corporation Act in reference to Section 23B.08.560(2) or any successor provision of the Washington Business Corporation Act, the procedures for indemnification and Advanced Expenses set forth in this Article 7 are in lieu of the procedures required by Section 23B.08.550 or any successor provision of the Washington Business Corporation Act.

7.6 Nonexclusivity of Rights

The right to indemnification and Advanced Expenses conferred by this Article 7 shall not be exclusive of any other right that any person may have or hereafter acquire under (a) any statute, (b) provision of these Articles of Incorporation, (c) the Bylaws of the corporation, (d) by general or specific action of the Board of Directors, (e) by contract or (f) otherwise.

7.7 Insurance, Contracts and Funding

The corporation may maintain insurance, at its expense, to protect itself and any Director, officer, partner, trustee, employee or agent of the corporation or Another Enterprise against any expense, liability or loss, whether or not the corporation would

have the power to indemnify such person against such expense, liability or loss under the Washington Business Corporation Act. The corporation may enter into contracts with any Director, officer, partner, trustee, employee or agent of the corporation in furtherance of the provisions of this Article 7 and may create a trust fund, grant a security interest or use other means (including, without limitation, a letter of credit) to ensure the payment of such amounts as may be necessary to effect indemnification and Advanced Expenses as provided in this Article 7.

7.8 Indemnification of Employees and Agents of the Corporation

The corporation may, by action of the Board of Directors, grant rights to indemnification and advancement of expenses to employees and agents or any class or group of employees and agents of the corporation (a) with the same scope and effect as the provisions of this Article 7 with respect to the indemnification and Advanced Expenses of Directors and officers of the corporation, (b) pursuant to rights granted under, or provided by, the Washington Business Corporation Act, or (c) as are otherwise consistent with law.

7.9 Persons Serving Other Entities

Any person who, while a Director or officer of the corporation, is or was serving (a) as a Director or officer of another foreign or domestic corporation of which a majority of the shares entitled to vote in the election of its Directors is held by the corporation or (b) as a partner, trustee or otherwise in an executive or management capacity in a partnership, joint venture, trust or other enterprise of which the corporation or a wholly owned subsidiary of the corporation is a general partner or has a majority ownership shall be deemed to be (i) so serving at the request of the corporation and (ii) entitled to indemnification and Advanced Expenses under this Section 7.

Part X Public Charity Status

Part X is designed to classify you as an organization that is either a **private foundation** or a **public charity**. Public charity status is a more favorable tax status than private foundation status. If you are a private foundation, Part X is designed to further determine whether you are a **private operating foundation**. (See instructions.)

- 1a Are you a private foundation? If "Yes," go to line 1b. If "No," go to line 5 and proceed as instructed. If you are unsure, see the instructions. Yes No
- b As a private foundation, section 508(e) requires special provisions in your organizing document in addition to those that apply to all organizations described in section 501(c)(3). Check the box to confirm that your organizing document meets this requirement, whether by express provision or by reliance on operation of state law. Attach a statement that describes specifically where your organizing document meets this requirement, such as a reference to a particular article or section in your organizing document or by operation of state law. See the instructions, including Appendix B, for information about the special provisions that need to be contained in your organizing document. Go to line 2.
- 2 Are you a private operating foundation? To be a private operating foundation you must engage directly in the active conduct of charitable, religious, educational, and similar activities, as opposed to indirectly carrying out these activities by providing grants to individuals or other organizations. If "Yes," go to line 3. If "No," go to the signature section of Part XI. Yes No
- 3 Have you existed for one or more years? If "Yes," attach financial information showing that you are a private operating foundation; go to the signature section of Part XI. If "No," continue to line 4. Yes No
- 4 Have you attached either (1) an affidavit or opinion of counsel, (including a written affidavit or opinion from a certified public accountant or accounting firm with expertise regarding this tax law matter), that sets forth facts concerning your operations and support to demonstrate that you are likely to satisfy the requirements to be classified as a private operating foundation; or (2) a statement describing your proposed operations as a private operating foundation? Yes No
- 5 If you answered "No" to line 1a, indicate the type of public charity status you are requesting by checking one of the choices below. You may check only one box.
The organization is not a private foundation because it is:
 - a 509(a)(1) and 170(b)(1)(A)(i)—a church or a convention or association of churches. Complete and attach Schedule A.
 - b 509(a)(1) and 170(b)(1)(A)(ii)—a **school**. Complete and attach Schedule B.
 - c 509(a)(1) and 170(b)(1)(A)(iii)—a **hospital**, a cooperative hospital service organization, or a medical research organization operated in conjunction with a hospital. Complete and attach Schedule C.
 - d 509(a)(3)—an organization supporting either one or more organizations described in line 5a through c, f, g, or h or a publicly supported section 501(c)(4), (5), or (6) organization. Complete and attach Schedule D.

Part X Public Charity Status (Continued)

- e 509(a)(4)—an organization organized and operated exclusively for testing for public safety.
- f 509(a)(1) and 170(b)(1)(A)(iv)—an organization operated for the benefit of a college or university that is owned or operated by a governmental unit.
- g 509(a)(1) and 170(b)(1)(A)(vi)—an organization that receives a substantial part of its financial support in the form of contributions from publicly supported organizations, from a governmental unit, or from the general public.
- h 509(a)(2)—an organization that normally receives not more than one-third of its financial support from gross investment income and receives more than one-third of its financial support from contributions, membership fees, and gross receipts from activities related to its exempt functions (subject to certain exceptions).
- i A publicly supported organization, but unsure if it is described in 5g or 5h. The organization would like the IRS to decide the correct status.

6 If you checked box g, h, or i in question 5 above, you must request either an **advance** or a **definitive ruling** by selecting one of the boxes below. Refer to the instructions to determine which type of ruling you are eligible to receive.

- a **Request for Advance Ruling:** By checking this box and signing the consent, pursuant to section 6501(c)(4) of the Code you request an advance ruling and agree to extend the statute of limitations on the assessment of excise tax under section 4940 of the Code. The tax will apply only if you do not establish public support status at the end of the 5-year advance ruling period. The assessment period will be extended for the 5 advance ruling years to 8 years, 4 months, and 15 days beyond the end of the first year. You have the right to refuse or limit the extension to a mutually agreed-upon period of time or issue(s). Publication 1035, *Extending the Tax Assessment Period*, provides a more detailed explanation of your rights and the consequences of the choices you make. You may obtain Publication 1035 free of charge from the IRS web site at www.irs.gov or by calling toll-free 1-800-829-3676. Signing this consent will not deprive you of any appeal rights to which you would otherwise be entitled. The corporation may not indemnify any Indemnified Person for: (a) acts or omissions of the Indemnified Person finally adjudged to be intentional misconduct or a knowing violation of law; (b) conduct of the Indemnified Person finally adjudged to be in violation of violation of Section 24.03.043 of the Washington Nonprofit Corporation Act in reference to Section 23B.08.310 of the Washington Business Corporation Act; or (c) any transaction with respect to which it was finally adjudged that such Indemnified Person personally received a benefit in money, property or services to which the Indemnified Person was not legally entitled or if the corporation is otherwise prohibited by applicable law from paying such indemnification; provided, however, that if Section 23B.08.560 or any successor provision of the Washington Business Corporation Act is hereafter amended, the restrictions on indemnification set forth in this Section 7.2 shall be as set forth in such amended statutory provision.

7.3 Expenses Payable in Advance

The corporation shall pay the reasonable expenses (including attorneys' fees) incurred by an Indemnified Person in defending any Proceeding in advance of such Proceeding's final disposition (such expenses, "*Advanced Expenses*"), provided, however, that, to the extent required by law, such payment of Advanced Expenses in advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Indemnified Person to repay all Advanced Expenses if it should be ultimately determined that the Indemnified Person is not entitled to be indemnified under this Article 7 or otherwise. Notwithstanding any of the foregoing in this Section 7.3, the corporation shall not be required to pay any Advanced Expenses to a person against whom the corporation directly brings a claim alleging that the corporation is not required to indemnify such person under Section 7.2 of this Article 7.

7.4 Written Statement Required and Right of Indemnified Person to Bring Suit

An Indemnified Person seeking indemnification pursuant to Section 7.1 or Advanced Expenses pursuant to Section 7.3 must first submit to the Board a sworn statement requesting indemnification or Advanced Expenses, as the case may be, and reasonable evidence of all such amounts requested by such Indemnified Person (such statement, a "*Claim*"). If (a) a Claim pursuant to Section 7.1 above is not paid in full by the corporation within 60 days after such Claim has been received by the corporation, or (b) a Claim pursuant to Section 7.3 above is not paid in full by the corporation within 30 days after such Claim has been received by the corporation, then the Indemnified Person may at any time after the expiration of the applicable period bring suit against the corporation to recover the unpaid amount of such Claim. If an Indemnified Person succeeds in whole or in part in any such suit or in a suit brought by the corporation to recover Advanced Expenses pursuant to the terms of an undertaking, then such Indemnified Person is also entitled to receive reimbursement from the corporation for the expense of prosecuting or defending such suit. The Indemnified Person shall be presumed to be entitled to indemnification under this Article 7 upon submission of a Claim (and, in an action brought to enforce a Claim for Advanced Expenses, where the required undertaking has been delivered to the corporation), and, thereafter, the corporation shall have the burden of proof to overcome the presumption that the Indemnified Person is so entitled.

7.5 Procedures Exclusive

Pursuant to Section 24.03.043 of the Washington Nonprofit Corporation Act in reference to Section 23B.08.560(2) or any successor provision of the Washington Business Corporation Act, the procedures for indemnification and Advanced Expenses set forth in this Article 7 are in lieu of the procedures required by Section 23B.08.550 or any successor provision of the Washington Business Corporation Act.

7.6 Nonexclusivity of Rights

The right to indemnification and Advanced Expenses conferred by this Article 7 shall not be exclusive of any other right that any person may have or hereafter acquire under (a) any statute, (b) provision of these Articles of Incorporation, (c) the Bylaws of the corporation, (d) by general or specific action of the Board of Directors, (e) by contract or (f) otherwise.

7.7 Insurance, Contracts and Funding

The corporation may maintain insurance, at its expense, to protect itself and any Director, officer, partner, trustee, employee or agent of the corporation or Another Enterprise against any expense, liability or loss, whether or not the corporation would

have the power to indemnify such person against such expense, liability or loss under the Washington Business Corporation Act. The corporation may enter into contracts with any Director, officer, partner, trustee, employee or agent of the corporation in furtherance of the provisions of this Article 7 and may create a trust fund, grant a security interest or use other means (including, without limitation, a letter of credit) to ensure the payment of such amounts as may be necessary to effect indemnification and Advanced Expenses as provided in this Article 7.

7.8 Indemnification of Employees and Agents of the Corporation

The corporation may, by action of the Board of Directors, grant rights to indemnification and advancement of expenses to employees and agents or any class or group of employees and agents of the corporation (a) with the same scope and effect as the provisions of this Article 7 with respect to the indemnification and Advanced Expenses of Directors and officers of the corporation, (b) pursuant to rights granted under, or provided by, the Washington Business Corporation Act, or (c) as are otherwise consistent with law.

7.9 Persons Serving Other Entities

Any person who, while a Director or officer of the corporation, is or was serving (a) as a Director or officer of another foreign or domestic corporation of which a majority of the shares entitled to vote in the election of its Directors is held by the corporation or (b) as a partner, trustee or otherwise in an executive or management capacity in a partnership, joint venture, trust or other enterprise of which the corporation or a wholly owned subsidiary of the corporation is a general partner or has a majority ownership shall be deemed to be (i) so serving at the request of the corporation and (ii) entitled to indemnification and Advanced Expenses under this Section 7.

ARTICLE 1. OFFICES

The principal office for the transaction of the activities and affairs of the corporation shall be at such location within the State of Washington as the Board of Directors shall from time to time designate. The corporation may also have such other offices within the State of Washington as the Board of Directors may from time to time establish.

ARTICLE 2. MEMBERSHIP

The corporation shall have no members.

ARTICLE 3. BOARD OF DIRECTORS

3.1 General Powers

The powers of the corporation shall be exercised, its property controlled and its activities and affairs conducted by or under the directors of the Board of Directors ("Board"). The Board may delegate the management of the activities of the corporation to any person or persons, nonprofit management company, or committee provided that the activities and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the Board.

3.2 Authorized Number

The authorized number of Directors shall be not less than three (3) and nor more than twenty-five (25). The exact number of authorized Directors shall be fixed within these limits from time to time by the corporation. The number of Directors may be changed from time to time by amendment to these Bylaws, provided that no decrease in the number shall have the effect of shortening the term of any incumbent Director.

3.3 Qualifications

No more than forty-nine percent (49%) of the persons serving on the Board may be interested persons. An interested person is (a) any person currently being compensated by the corporation for services rendered to it within the previous twelve (12) months, whether as a full-time or part-time employee, independent contractor, or otherwise,

excluding any reasonable compensation paid to a Director as a Director, and (b) any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law or father-in-law of such a person. The provision of this paragraph, however, shall not affect the validity or enforceability of any transaction entered into by the corporation. Directors may have such other qualifications as the Board may prescribe by amendment to these Bylaws.

3.4 Election of Directors

3.4.1 Initial Directors

The initial Directors named in the Articles of Incorporation shall serve until the first annual meeting of the Board.

3.4.2 Successor Directors

Successor Directors shall be elected each year at the annual meeting of the Board by the affirmative vote of a majority of the Directors then in office.

3.4.3 Resignation

A Director may resign effective upon giving written notice to the Chair, the President, the Secretary, or the Board, unless the notice specifies a later time for the effectiveness of such resignation. No Director may resign if the corporation would be left without a duly elected Director in charge of its affairs.

3.4.4 Removal of Directors

A Director may be removed with or without cause at any time by the majority vote of the Directors then in office.

3.4.5 Vacancies

A vacancy or vacancies on the Board shall be deemed to exist in the event of the death, resignation or removal of any Director, or if the Board by resolution declares vacant the office of a Director who has been declared of unsound mind by an order of the court, or who has been convicted of a felony, or who has been found by final order of judgment of any court to have breached a duty under the Washington Nonprofit Act, or if the authorized number of Directors is increase.

In the event of any vacancy of the Board, the position of Director may be filled by the affirmative vote of a majority of the remaining Directors even if less than a quorum of the Board. A Director who fills a vacancy shall serve for the unexpired term of his or her predecessor in office.

3.5 Term of Office

Unless a Director dies, resigns or is removed, he or she shall hold office until the next annual meeting of the Board or until his or her successor is elected, whichever is later.

ARTICLE 4. MEETINGS

4.1 Open Public Meetings Act

All meetings of the Board shall be called, noticed and held in compliance with the provisions of the Open Public Meetings Act set forth in RCW 42.30. Except as otherwise permitted by the Open Public Meetings Act, all meetings of the Board shall be open and public, and all personnel shall be permitted to attend any meeting of the Board. The Board shall not act any meeting required to be open to the public vote by secret ballot. Any vote taken in violation of this section shall be null and void.

4.2 Place of Meetings

All meetings of the Board shall be held at the principal office of the corporation or such other place as shall be determined from time to time by resolution of the Board, provided that, except as otherwise permitted by the Open Public Meetings Act, all meetings of the Board shall be held within Washington, or as required by an existing and valid charter between the corporation and an authorizing school district or other appropriate Washington legislative body.

4.3 Annual Meeting

The annual meeting of the Board shall be held during the month of December on a date chosen by the President or the Board for the purposes of electing Directors and officers and transacting such business as may properly come before the meeting. If the annual meeting is not held on the date designated therefor, the Board shall cause the meeting to be held as soon thereafter as may be convenient.

4.4 Regular Meetings

Regular meetings of the Board shall be held on such dates and at such times as shall be determined from time to time by resolution of the Board. If at any time any regular meeting falls on a holiday, such regular meeting shall be held on the next business day. At least 72 hours before a regular meeting, the Board or its designee shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting, including items to be discussed in closed session. The agenda shall specify the time and location for the regular meeting and shall be posted in a location that is freely accessible to members of the public, or on the corporation's internet

web site, if the corporation has one, and at the site of each charter school operated by the corporation. The agenda shall include information regarding how, to whom, and when a request for disability-related modification or accommodation, including auxiliary aids or services may be made by a person with a disability who requires modification or accommodation in order to participate in the public meeting. The agenda shall provide an opportunity for members of the public to directly address the Board on any item of interest to the public before or during the Board's consideration of the item, that is within the authority of the Board. Except as otherwise permitted by the Open Public Meetings Act, no action or discussion shall be undertaken on any item not appearing on the posted agenda.

4.4.1 Presentation to the Board/Agenda Items

Any person may address the Board concerning any item on the agenda prior to action by the Board on such item. Such comments shall be limited to five minutes, unless the Board, at its discretion, votes to shorten or lengthen the time for each speaker. The total time devoted to presentations to the Board on agenda items shall not exceed one-half hour unless additional time is granted by the Board. If the number of persons interested in addressing the Board on an item cannot be accommodated in the time allotted, the Board shall take reasonable steps to allocate time fairly among those supporting or opposing the item.

4.4.2 Presentation to the Board/Non-Agenda Items

Members of the public may address the Board on any item not listed on the Board meeting agenda. Speakers will be limited to three minutes, unless the Board, at its discretion votes to shorten or lengthen the time for each speaker. No more than a total of fifteen minutes shall be devoted to all non-agenda items at regular meetings. The President may disallow a request to address the Board if repetitive of other speakers, or if the speaker seeks to make a presentation that he or another speaker has made at a previous meeting, if it appears that the total allotted time may be exceeded.

Members of the public attempting to make complaints or charges against an employee before the Board in open session will be offered the option to meet with staff to file a complaint under the corporation's established complaint procedure.

4.4.3 Disturbance of Meetings

In the event that any meeting is interrupted by a group or groups of persons so as to render the orderly conduct of such meeting unfeasible and order cannot be restored by the removal of individuals who are interrupting the meeting, the members of the Board conducting the meeting may order the meeting room cleared and continue in session or may adjourn the meeting and reconvene at another location selected by majority vote of

the Board. In such a session, final disposition may be taken only on matters appearing on the agenda. Representatives of the press or other news media, except those participating in the disturbance, shall be allowed to attend any session held pursuant to this section. Nothing in this section shall prohibit the Board from establishing a procedure for readmitting an individual or individuals not responsible for disturbing the orderly conduct of the meeting.

4.4.4 Request to Address the Board

“Request to Address the Board” cards shall be available in the Board meeting room prior to the beginning of each meeting. Members of the public who seek to address the Board on an agenda item or during time allotted for oral communications shall complete a “Request to Address the Board” card and give it to the Board Chairperson or designee no later than ten minutes prior to the commencement of the meeting.

4.4.5 Preparation of the Board Agenda

The Secretary or designee shall be responsible to prepare the agendas for all regular meetings of the Board.

4.4.6 Agenda Distribution

The Board agenda, with supporting information for a regular Board meeting, shall be delivered to Board members at least 72 hours prior to the meeting. The Secretary or designee is responsible for the distribution of Board packets (which include the official agenda and all supporting information to be discussed/acted upon in open session).

In addition to the provisions of agendas, all supporting public information shall be provided to those persons or parties who have requested to be placed upon the Board’s mailing list. A reasonable fee may be charged to receive the actual costs of providing the agenda.

4.5 Special Meetings

- (1) A special meeting may be called at any time by the Chair of the Board of the corporation or by a majority of the members of the Board by delivering written notice personally, by mail, by fax, or by electronic mail to each member of the Board. Written notice shall be deemed waived in the following circumstances:
 - (a) a Director submits a written waiver of notice with the secretary of the Board at or prior to the time the meeting convenes. A written waiver may be given by telegram, fax, or electronic mail; or

- (b) a Director is actually present at the time the meeting convenes.
- (2) Notice of a special meeting shall be:
- (a) Delivered to each local newspaper of general circulation and local radio or television station that has on file with the Board a written request to be notified of such special meeting or of all special meetings;
 - (b) Posted on the corporation's website. The corporation is not required to post a special meeting notice on its web site if it (i) does not have a web site; (ii) employs fewer than ten full-time equivalent employees; or (iii) does not employ personnel whose duty, as defined by a job description or existing contract, is to maintain or update the web site; and
 - (c) Prominently displayed at the main entrance of the corporation's principal location and the meeting site if it is not held at the corporation's principal location.

Such notice must be delivered or posted, as applicable, at least twenty-four hours before the time of such meeting as specified in the notice.

- (3) The call and notices required under Articles 4.5(1) and 4.5(2) shall specify the time and place of the special meeting and the business to be transacted. Final disposition shall not be taken on any other matter at such meetings by the Board.
- (4) The notices provided in this section may be dispensed with in the event a special meeting is called to deal with an emergency involving injury or damage to persons or property or the likelihood of such injury or damage, when time requirements of such notice would make notice impractical and increase the likelihood of such injury or damage.

4.6 Emergency Meetings

In the event of an emergency, as defined by RCW 42.30.070, and there is a need for expedited action by the Board to meet the emergency, the Chair of the Board may provide for a meeting site other than the regular meeting site and the notice requirements of RCW 42.30.070 shall be suspended during such emergency.

4.7 Quorum

A quorum of the Board for the transaction of business shall be the greater of the majority of the Directors then in office or one-fifth of the authorized Directors.

4.8 Transactions of the Board

An act or decision done or made by the majority vote of the Directors then in office at a meeting duly held at which a quorum is present is the act of the Board, unless a different number, or the same number after disqualifying one or more Directors from voting, is required by law, by the Articles of Incorporation, or by these Bylaws, including but not limited to those provisions relating to (i) approval of contracts or transactions in which a director has a direct or indirect material financial interest, (ii) appointment of committees, and (iii) indemnification of Directors.

4.9 Conduct of Meetings

The Chair, or in his or her absence, the Vice-Chair, or in his or her absence, any Director selected by the Directors present, shall preside at meetings of the Board. The Secretary of the corporation or, in the Secretary's absence, any person appointed by the presiding officer, shall act as Secretary and record the minutes of the meeting of the Board.

4.10 Teleconferencing

The Board may elect to use teleconferencing in connection with any meeting of the Board. If the Board elects to use teleconferencing, it shall post agendas at all teleconferencing locations and conduct teleconference meetings in a manner that protects the statutory rights of the parties or the public appearing before the Board. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconferencing location shall be accessible to the public. The agenda shall provide an opportunity for members of the public to address the Board directly at each teleconference location. Participation in a meeting through use of teleconferencing pursuant to this section constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. All votes taken during a teleconferenced meeting shall be by roll call.

For purposes of this section 4.11, "teleconference" means a meeting of the Board, the members of which are in different locations, connected by electronic means, though either audio or video, or both. Nothing in this section shall prohibit the corporation from providing the public with additional teleconference locations.

4.11 Adjournment

The Board may adjourn any regular, adjourned regular, special, or adjourned special meeting to a time and place specified in the order of adjournment. Less than a quorum may so adjourn from time to time. If all members are absent from any regular or adjourned a regular meeting, the Secretary may declare the meeting adjourned to a stated time and place. He or she shall cause a written notice of the adjournment to be given in the same manner as provided in Article 4.5 for special meetings, unless such notice is waived as provided for special meetings. Whenever any meeting is adjourned a copy of the order or notice of adjournment shall be conspicuously posted immediately after the time of the adjournment on or near the door of the place where the regular, adjourned regular, special, or adjourned special meeting was held. When a regular or adjourned regular meeting is adjourned as provided in this section, the resulting adjourned regular meeting is a regular meeting for all purposes. When an order of adjournment of any meeting fails to state the hour at which the adjourned meeting is to be held, it shall be held at the hour specified for regular meetings by resolution.

4.12 Electronic Transmission by the Corporation

Electronic transmission by the corporation shall be valid only for communications:

- (1) delivered by (i) electronic mail when directed to the electronic mail address for that recipient on record with the corporation; (ii) posting on an electronic message board or network that the corporation has designated for those communications, together with a separate notice to the recipient of the posting, which transmission shall be validly delivered upon the later of the posting or delivery of the separate notice thereof, or (iii) other means of electronic transmission;
- (2) to a recipient who has provided an unrevoked consent to the use of those means of transmission for communication; and
- (3) that creates a record that is capable of retention, retrieval, and review, and that may thereafter be rendered into clearly legible tangible form.

ARTICLE 5. BOARD COMMITTEES

5.1 Committees Generally

The Board may appoint standing or special committees for any purpose defined by these Bylaws or determined by the Board. When such committees are composed solely of two (2) or more Directors, the Board may delegate to such committees any of the powers and authority of the Board, except the power and authority to (i) fill vacancies on the Board or in any committee which has the authority of the Board; (ii) fix compensation of

Committees which are composed solely of Directors and to which the powers of the Board are delegated shall have power to act only in intervals between meetings of the Board and shall at all times be subject to the control of the Board. Nothing in this Article 5.1 authorizes the Board or the corporation to take any action that is prohibited by applicable laws or policies, including applicable conflicts of interest laws or policies, or by other provisions of these Bylaws.

5.1.1 Meetings of Committees

All meetings of committees other than a meeting of an advisory committee which is comprised solely of less than a quorum of the Board and which is not a standing committee shall be called, noticed and held in compliance with the rules and regulations for meetings of the Board as set forth in the Article 4 hereof applied as if the committees were acting as the Boards. Subject to the foregoing, the Board or, if the Board does not act, the committees shall establish rules and regulations for meetings of the committees, and the committees shall meet on such dates and at such times as are deemed necessary by the Board or, if the Board does not act, by the committees. Committees shall keep regular minutes of proceedings and report the same to the Board from time to time as the Board may require.

5.1.2 Standing and Special Committee

The standing committees of the Board shall consist of an Audit Committee and such other standing committees as the Board may authorize from time to time. Special committees may also be authorized by action of the Board. Any committee composed of persons one or more of whom are not Directors may act solely in an advisory capacity to the Board.

5.1.3 Audit Committee

The Audit Committee may include persons who are not members of the Board, but the member or members of the Audit Committee shall not include any members of the staff of the corporation, including the President and Treasurer. If the corporation has a Finance Committee, members of the Finance Committee shall constitute less than one-half of the Audit Committee, and the chair of the Audit Committee may not be a member of the Finance Committee. Members of the Audit Committee shall not receive any compensation from the corporation and shall not have a material financial interest in any entity doing business with the corporation. Subject to the supervision of the Board, the

Audit Committee shall be responsible for recommending to the Board the retention and termination of the independent auditor and may negotiate the independent auditor's compensation, on behalf of the Board. The Audit Committee shall confer with the auditor to satisfy its members that the financial affairs of the corporation are in order, shall review and determine whether to accept the audit, shall assure that any nonaudit services performed by the auditing firm conform with standards for auditor independence, and shall approve performance of nonaudit services by the auditing firm.

5.1.4 Quorum and Voting

A majority of the members of a committee shall constitute a quorum and any transactions of a committee shall require a majority vote of the members of the committee at a meeting at which a quorum is present.

5.2 Appointment

The members of a committee shall be appointed by a majority vote of the Directors then in office.

5.3 Term of Office

Each member of a standing committee shall serve until the next annual meeting of the Board and until his or her successor is appointed, or until such committee is sooner terminated, or until he or she is removed, resigns, or otherwise ceases to qualify as a member of the committee.

5.4 Vacancies

Vacancies on any committee may be filled for the unexpired portion of the term in accordance with Article 5.2 above.

5.5 Resignation

Any member of any committee may resign at any time by delivering written notice thereof to the President, the Secretary or the chairperson of such committee, or by giving oral or written notice at any meeting of such committee. Any such resignation shall take effect at the time specified therein or, if the time is not specified, upon delivery thereof and, unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

5.6 Removal of Committee Member

The Board may remove by a majority vote of the Directors then in office any member on any committee with or without cause.

5.7 Compensation

The Directors, including any Director that also serves as an officer of the corporation, shall serve without compensation from the corporation; provided however, that the Directors may receive reimbursement of expenses actually incurred in connection with attending Board of Directors meetings and in accordance with policies adopted by the Board.

ARTICLE 6. OFFICERS

6.1 Number and Title of Officers

The officers of the corporation shall be a Chair, Vice Chair, a President, a Secretary, a Treasurer, and such other officers, with such titles and duties as shall be determined by the Board. Any number of offices may be held by the same person, except that no person serving as the Secretary or the Treasurer may serve concurrently as the Chair, the Vice-Chair, or the President.

6.2 Election of Officers

6.3 Subordinate Officers

The Board may appoint such other officers as the business of the corporation may require, each of whom shall hold office for such period, have such authority, and perform such duties as are provided in these Bylaws or as the Board may from time to time determine.

6.4 Removal and Resignation of Officers

Any officer may be removed at any time, with or without cause, by the affirmative vote of majority of the Directors then in office.

Any officer may resign (without prejudice to the rights, if any, of the corporation under any contract to which the officer is a party) at any time by giving notice to the corporation. Any resignation shall take effect on the date of the receipt of such notice or at any later time specified therein and, unless otherwise specified therein, the acceptance of any resignation shall not be necessary to make it effective.

6.5 Vacancies in Offices

A vacancy in any office created by the death, resignation, removal, disqualification, creation of a new office, or any other cause may be filled by these Bylaws for regular election or appointment to that office.

6.6 Chair

The Chair shall be selected from the Directors and shall, if present, preside at all meeting of the Board. The Chair shall exercise and perform such other powers and duties as may from time to time be assigned to him or her by the Board or prescribed by these Bylaws.

6.7 Vice-Chair

The Vice-Chair shall be selected from the Directors and shall perform the duties and exercise the authority of the Chair in the event of the Chair's absence. The Vice-Chair shall also perform such other duties as are assigned by the Board.

6.8 President

Subject to the control of the Board, the President shall be the executive director of the corporation and shall have general supervision, direction and control over the business and officers of the corporation. He or she shall have the general power and duties of management usually vested in the office of chief executive officer of a corporation and shall have such other powers or duties as may be prescribed by the Board or these Bylaws. Subject to such limitations as may be imposed by the Boards, any powers or duties vested in the President may be delegated by him or her to such subordinates as he or she may choose.

6.9 Absence or Disability of the President

In the absence or disability of the President, the President's designee shall perform all the duties of the President, and when so acting shall have all the powers of, and be subject to all the restrictions upon, the President. Such designee shall have such other powers and perform such other duties as from time to time may be prescribed for them respectively by the Board.

6.10 Secretary

The Secretary shall keep or cause to be kept at the principal executive office or at such other place as the Board may direct, a book of minutes of all the meetings and actions of the Board and committees of Directors, with the time and place of holding,

whether regular or special, and, if special, how authorized, the notice given, the names of those present at Director's meetings or committee meetings and the proceedings.

The Secretary shall give, or cause to be given, notice of all meetings of the Board required by these Bylaws or by law to be given. He or she shall have such other powers and perform such other duties as may be prescribed by the Board or by these Bylaws.

6.11 Treasurer

The Treasurer shall keep and maintain, or cause to be maintained, adequate and correct books and records of accounts of the properties and business transactions of the corporation, including accounts of its assets, liabilities, receipts or disbursements. The books of account shall at all reasonable times be open to inspection by any Directors.

The Treasurer shall deposit or cause to be deposited all monies or other valuables in the name and to the credit of the corporation with such depositories as may be designated by the Board and shall have the authority to execute and affix the endorsement of the corporation upon any negotiable instruments for the purpose of making any such deposit. He or she shall render to the Board, whenever it requests it, an account of all of his or her transactions as Treasurer and of the financial condition of the corporation and shall have such other powers and perform such other duties as may be prescribed by the Board or these Bylaws.

EXHIBIT D
CONFLICT OF INTEREST POLICY

CONFLICTS OF INTEREST POLICY

GREEN DOT PUBLIC SCHOOLS WASHINGTON STATE

Article I Purpose

The purpose of the conflict of interest policy is to protect Green Dot Public Schools Washington State's ("GDPSWA") interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the GDPSWA or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Article II Definitions

1. Interested Person

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person. If a person is an interested person with respect to any entity in which the organization is a part, he or she is an interested person with respect to all entities.

2. Financial Interest

A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

- a.** An ownership or investment interest in any entity with which the GDPSWA has a transaction or arrangement,
- b.** A compensation arrangement with the GDPSWA or with any entity or individual with which the GDPSWA has a transaction or arrangement, or
- c.** A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the GDPSWA is negotiating a transaction or arrangement. Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial. A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

Article III Procedures

1. Duty to Disclose

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

2. Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

3. Procedures for Addressing the Conflict of Interest

- a.** An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.
- b.** The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
- c.** After exercising due diligence, the governing board or committee shall determine whether GDPSWA can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
- d.** If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in GDPSWA's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

4. Violations of the Conflicts of Interest Policy

- a.** If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.
- b.** If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee

determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Article IV Records of Proceedings

The minutes of the governing board and all committees with board delegated powers shall contain:

- a. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.
- b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

Article V Compensation

- a. A voting member of the governing board who receives compensation, directly or indirectly, from GDPSWA for services is precluded from voting on matters pertaining to that member's compensation.
- b. A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from GDPSWA for services is precluded from voting on matters pertaining to that member's compensation.
- c. No voting member of the governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from GDPSWA, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

Article VI Annual Statements

- a. Has received a copy of the conflicts of interest policy,
- b. Has read and understands the policy,
- c. Has agreed to comply with the policy, and

- d. Understands that GDPSWA is non-profit and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

Article VII Periodic Reviews

To ensure that GDPSWA operates in a manner consistent with its charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

- a. Whether compensation arrangements and benefits are reasonable, based on competent survey information, and the result of arm's length bargaining.
- b. Whether partnerships, joint ventures, and arrangements with management organizations conform to GDPSWA's written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes and do not result in inurement, impermissible private benefit or in an excess benefit transaction.

Article VIII Use of Outside Experts

[SCHOOL'S MISSION AS STATED IN ITS APPROVED CHARTER APPLICATION]

3.3 TERM OF AGREEMENT

This Contract is effective [DATE – SCHOOL'S FIRST DAY OF OPERATION], and will terminate on [DATE – FIVE YEARS AFTER THE SCHOOL OPENS], unless earlier terminated as provided herein. Funding under this agreement shall not commence until the pre-opening process described in Appendix 1 has been completed to the satisfaction of the Commission, and the school begins to operate.

III. SCHOOL RIGHTS AND RESPONSIBILITIES

3.1 PRE-OPENING CONDITIONS

The School shall meet all of the Pre-Opening Conditions described in Appendix 1 by the identified dates. Failure to timely fulfill any material term of the Pre-Opening Conditions shall be considered a material and substantial violation of this Contract and may be grounds for Commission intervention, termination, or revocation of the Contract pursuant to the terms of the Contract and provisions of the law. The Commission may waive or modify the restrictions contained in the Pre-Opening Conditions or may grant the School an additional planning year upon good cause shown. The School may delay its opening for one school year. If the School requires a delay of more than one year, it must request an extension from the Commission in writing by the [DATE].

4.2 GOVERNANCE

The School shall be governed by a board (the "Board") in a manner that is consistent with the terms of this Contract so long as such provisions are in accordance with state, federal, and local law. The Board shall have final authority and responsibility for the academic, financial, and organizational performance of the School, the fulfillment of the Charter, and approval of the School's budgets.

The Board shall also have authority for and be responsible for policy and operational decisions of the School, and shall be the employer of school employees. Nothing herein shall prevent the Board from delegating decision-making authority for policy and operational decisions to officers, employees and agents of the School.

The Board shall govern the School pursuant to the following terms and conditions:

4.2.1 Bylaws. The articles of incorporation and bylaws of the entity holding the charter shall provide for governance of the operation of the School as a public charter school and shall at all times be consistent

with all applicable law and this agreement. The articles of incorporation and bylaws are attached to this Contract as Appendix 2 (initially or as amended, the "Articles and Bylaws"). Any modification of the Articles and Bylaws must be submitted to the Commission within five (5) business days of approval by the Charter Board.

4.2.2 Composition. The composition of the Board shall at all times be determined by and consistent with the Articles and Bylaws and all applicable law and policy. The roster of the Board and each member's disclosure form are attached to this Contract as Appendix 3 (initially or as amended, the "Board Roster and Disclosures"). The Board shall notify the Commission of any changes to the Board Roster and Disclosures within five (5) business days of their taking effect and provide an amended Board Roster and Disclosures.

4.2.3 Affiliation. Notwithstanding any provision to the contrary in the Charter, Application, or the Articles and By-laws, in no event shall the Board, at any time, be composed of voting members of whom a majority are directors, officers, employees, agents or otherwise affiliated with any single entity (with the exception of the School itself or of another charter school), regardless of whether said entity is affiliated or otherwise partnered with the School. For the purposes of this paragraph, "single entity" shall mean any individual entity, as well as any and all related entities to such entity such as parents, subsidiaries, affiliates and partners. The Commission may, at its sole discretion, waive this restriction upon a written request from the School.

4.2.4 Conflicts of Interest. On [DATE], the Charter Board adopted the Conflicts of Interest Policy attached to this agreement as Appendix 4 and shall at all times comply with its provisions. Any amendment to Appendix 4 must be adopted by the Charter Board and approved in writing by the Commission, which shall not be unreasonably withheld and may be with made without material amendment to this agreement.

4.2.5 Ethics. The Board shall comply with the provisions of the Ethics in Public Service Act, chapter 42.52 RCW and is responsible for ensuring that School employees, subcontractors, staff, and volunteers comply with the act and any associated Board policies. The Board shall comply with the provisions of the Public Records Act, chapter 42.56 RCW and is responsible for ensuring that School employees, subcontractors, staff, and volunteers comply with the act and any associated Board policies. Any assets acquired wholly with private funds shall be disposed of consistent with Washington non profit law, provided that the School must maintain records demonstrating that such assets have been acquired without the use of public funds. If the School's records fail to establish clearly whether an asset was acquired with the use of public funds, the assets shall be deemed to be public assets.

4.2.10 Open Meetings. The Charter Board shall maintain governing board-adopted policies, meeting agendas and minutes; shall make such documents available for public inspection, and shall otherwise conduct open meetings consistent with chapter 42.30 RCW, the Open Public Meetings Act. Failure to comply with the Open Public Meetings Act may be considered a material and substantial violation of the Contract.

The terms of such contracts for services shall be negotiated between the School and the other entity. Such contracts shall, at all times, be subject to the requirements of this Contract and will not relieve the School of its responsibilities under this Contract. This provision is subject to the limitations set out in the remainder of this Section of the Contract.

4.3.2 Third-Party Education Service Provider.

a. Comprehensive Management Contracting. The School shall not, without written approval of the Commission, contract with a third party to provide comprehensive (all or a substantial portion of the) services necessary to manage and operate the School. Education Service Provider (ESP) Agreement Guidelines

1. The maximum term of an ESP agreement must not exceed the term of the Contract. After the second year that the ESP agreement has been in effect, the school must have the option of terminating the contract without cause or a financial penalty.
2. ESP agreements must be negotiated at 'arms-length.' The Contract school's board and ESP must have independent legal counsel to represent their interests in reaching a mutually acceptable management agreement.
3. No provision of the ESP agreement shall interfere with the Contract school board's duty to exercise its statutory, contractual and fiduciary responsibilities governing the operation of the Contract school. No provision of the ESP agreement shall prohibit the Contract school board from acting as an independent, self-governing public body, or allow decisions to be made other than in compliance with the Washington Sunshine Law.
4. An ESP agreement shall not restrict the Contract school board from waiving its governmental immunity or require a Contract school board to assert, waive or not waive its governmental immunity.
5. No provision of an ESP agreement shall alter the Contract school board's treasurer's legal obligation to direct that the deposit of all funds received by the Contract school be placed in the Contract school's account.
6. ESP agreements must contain at least one of the following methods for paying fees or expenses: 1) the Contract school board may pay or reimburse the ESP for approved fees or expenses upon properly presented documentation and approval by the Contract board; or 2) the Contract board may advance funds to the ESP for the fees or expenses associated with the Contract school's operation provided that documentation for the fees and expenses are provided for Contract school board ratification.
7. ESP agreements shall provide that the financial, educational and student records pertaining to the Contract school are Contract school property and that such records are subject to the provisions of the Washington Open Records Act. All Contract school records shall be physically or electronically available, upon request, at the Contract school's physical facilities. Except as permitted under the Contract and applicable law, no ESP agreement shall restrict the Commission's access to the Contract school's records.
8. ESP agreements must contain a provision that all finance and other records of the ESP related to the Contract school will be made available to the Contract school's independent auditor.
9. The ESP agreement must not permit the ESP to select and retain the independent auditor for the Contract school.
10. If an ESP purchases equipment, materials and supplies on behalf of or as the agent of the Contract school, the ESP agreement shall provide that such equipment, materials and supplies shall be and remain the property of the Contract school.
11. ESP agreements shall contain a provision that if the ESP procures equipment, materials and supplies at the request of or on behalf of the Contract school, the ESP shall not include any added fees or charges with the cost of equipment, materials and supplies purchased from third parties.

12. ESP agreements must contain a provision that clearly allocates the respective proprietary rights of the Contract school board and the ESP to curriculum or educational materials. At a minimum, ESP agreements shall provide that the Contract school owns all proprietary rights to curriculum or educational materials that (i) are both directly developed and paid for by the Contract school; or (ii) were developed by the ESP at the direction of the Contract school governing board with Contract school funds dedicated for the specific purpose of developing such curriculum or materials. ESP agreements may also include a provision that restricts the Contract school's proprietary rights over curriculum or educational materials that are developed by the ESP from funds from the Contract school or that are not otherwise dedicated for the specific purpose of developing Contract school curriculum or educational materials. All ESP agreements shall recognize that the ESP's educational materials and teaching techniques used by the Contract school are subject to state disclosure laws and the Open Records Act.

If the ESP leases employees to the Contract school, the ESP agreement must provide that the leasing company accepts full liability for benefits, salaries, worker's compensation, unemployment compensation and liability insurance for its employees leased to the Contract school or working on Contract school operations. If the Contract school is staffed through an employee leasing agreement, legal confirmation must be provided to the Contract school board that the employment structure qualifies as employee leasing.

14. ESP agreements must contain insurance and indemnification provisions outlining the coverage the ESP will obtain. Insurance coverage must take into account whether or not staff at the school are employees of the ESP or the school.

15. Marketing and development costs paid by or charged to the Contract school shall be limited to those costs specific to the Contract school program, and shall not include any costs for the marketing and development of the ESP.

16. If the Contract school intends to enter into a lease, execute promissory notes or other negotiable instruments, or enter into a lease-purchase agreement or other financing relationships with the ESP, then such agreements must be separately documented and not be a part of or incorporated into the ESP agreement. The agenda shall specify the time and location for the regular meeting and shall be posted in a location that is freely accessible to members of the public, or on the corporation's internet

web site, if the corporation has one, and at the site of each charter school operated by the corporation. The agenda shall include information regarding how, to whom, and when a request for disability-related modification or accommodation, including auxiliary aids or services may be made by a person with a disability who requires modification or accommodation in order to participate in the public meeting. 4.5 Special Meetings

- (1) A special meeting may be called at any time by the Chair of the Board of the corporation or by a majority of the members of the Board by delivering written notice personally, by mail, by fax, or by electronic mail to each member of the Board. Written notice shall be deemed waived in the following circumstances:
 - (a) a Director submits a written waiver of notice with the secretary of the Board at or prior to the time the meeting convenes. A written waiver may be given by telegram, fax, or electronic mail; or

- (4) The notices provided in this section may be dispensed with in the event a special meeting is called to deal with an emergency involving injury or damage to persons or property or the likelihood of such injury or damage, when time requirements of such notice would make notice impractical and increase the likelihood of such injury or damage.

4.6 Emergency Meetings

In the event of an emergency, as defined by RCW 42.30.070, and there is a need for expedited action by the Board to meet the emergency, the Chair of the Board may provide for a meeting site other than the regular meeting site and the notice requirements of RCW 42.30.070 shall be suspended during such emergency.

Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconferencing location shall be accessible to the public. The agenda shall provide an opportunity for members of the public to address the Board directly at each teleconference location. Participation in a meeting through use of teleconferencing pursuant to this section constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. All votes taken during a teleconferenced meeting shall be by roll call.

For purposes of this section 4.11, "teleconference" means a meeting of the Board, the members of which are in different locations, connected by electronic means, though either audio or video, or both. When a regular or adjourned regular meeting is adjourned as provided in this section, the resulting adjourned regular meeting is a regular meeting for all purposes. STATEMENT OF ASSURANCE NO. 50 - CONTRACT EXCEPTIONS

Green Dot Public Schools Washington State (“Green Dot”) greatly appreciates that the Washington State Charter Schools Commission (“Commission”) prepared the “Sample Charter School Contract” (“Contract”) for Green Dot’s review and feedback in advance of its application submission. Green Dot warmly welcomes the opportunity to open and operate charter schools in Washington and is enthusiastic to finalize the Contract in an efficient and transparent manner. To this end, and pursuant to Statement of Assurances No. 50, Green Dot provides the following list of exceptions to the Contract’s terms, which is not intended to be an exhaustive list, but rather highlights negotiable issues that are known by Green Dot to be important from its experience of operating successful charter schools.

Section III, School Rights and Responsibilities

3.1, Pre-Opening Conditions

Paragraph 3.1, Pre-Opening Conditions, should be Paragraph 4.1.

The phrase “revocation of the Contract” is unclear as to whether revocation of the Contract amounts to revocation of the Charter.

4.2, Governance

- The Contract’s provisions should be in accordance with applicable state, federal, and local law.

4.2.3, Affiliation

- The terms “Charter” and “Application” are not sufficiently defined to determine the differences between the two terms. The term “affiliated” is also undefined for purposes of this Paragraph.
- The Commission’s ability to waive the restriction should not be unreasonably withheld.

4.2.4, Conflicts of Interest

- No guidelines or procedures appear to exist regarding the Commission’s approval of any Conflicts of Interest Policy.

4.2.5, Ethics

- Washington’s Ethics in Public Service Act does not appear to apply to charter schools.
- The term “similar statute” is undefined and does not appear to provide Green Dot with notice of any such statute.
- The consequences of “a material and substantial violation of the Contract” are unclear.

4.2.6, Public Records

- The consequences of “a material and substantial violation of the Contract” are unclear.

- Green Dot shall comply with all applicable federal, state, and Commission record keeping requirements.

- The term “comprehensive school management services” is undefined.

4.7.13(b), Notification to Commission, Immediate Notification

- Green Dot makes an exception insofar as the school must be aware of the conditions requiring immediate notification.
- The term “funds” used throughout this subparagraph is undefined. In other words, it is unclear as to which funds the Commission refers.

6.1.3, Termination by the School

- The language does not contemplate when guardians are unreachable within the 120-day timeline.

- The Contract should be separate from the charter, so the Contract should be able to be terminated independent of the charter’s revocation and/or closure of the school.
- Green Dot should be responsible for winding up the school.

Section VII, General

7.1.9, Order of Precedence

- The charter does not appear in this list.

Appendix 3

- The term “Education Service Provider” is not defined.

Appendix 5

- The term “Education Service Provider” is not defined.

Universal Exceptions

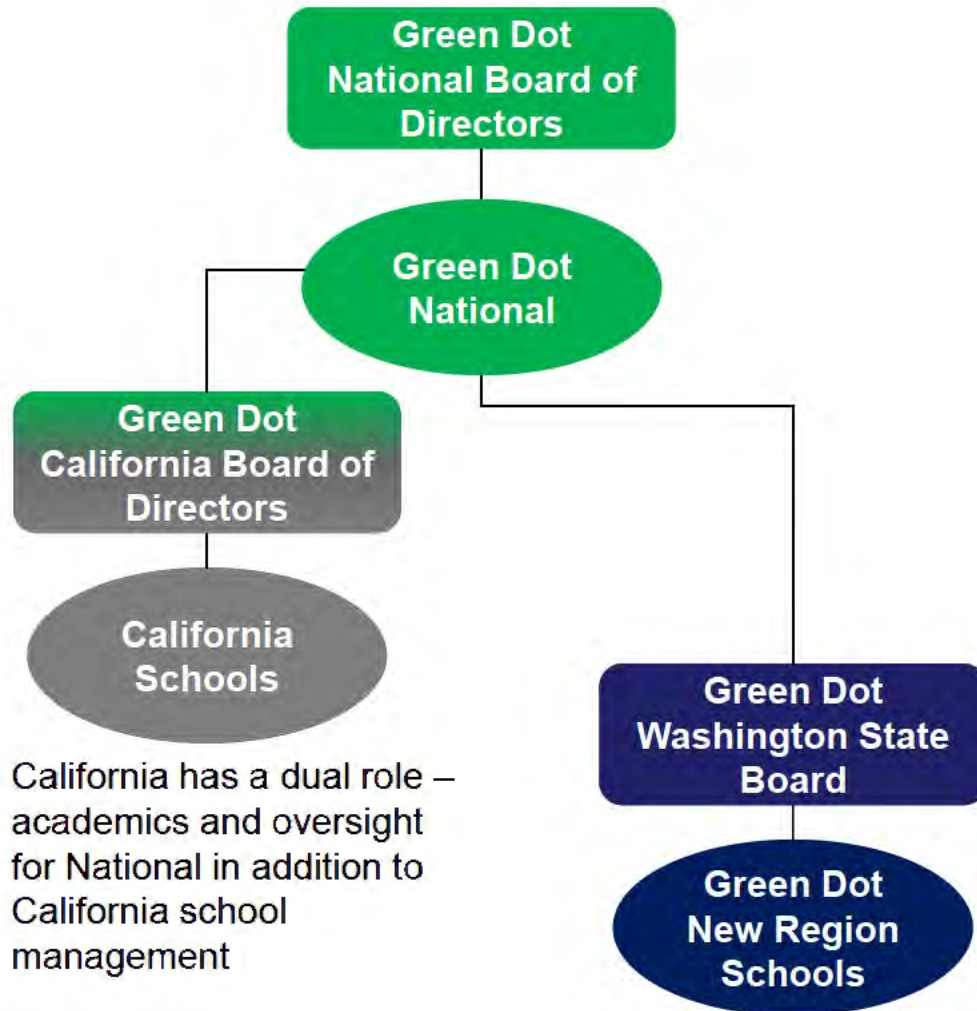

- Statement of Assurance No. 50 does not allow Green Dot to negotiate over key terms of the Contract, which is contrary to Washington law that states that charter authorizers are responsible for “negotiating . . . charter contracts with each authorized charter school.” (RCW 28A.710.100(1)(d).)
- Clarity of terms throughout is needed, especially with regard to the use of “Contract,” “Charter,” “School,” “Board,” “Charter School Board,” and others. The Contract will be entered into by the school’s charter management organization and Green Dot wants to ensure that clarity exists between the parties entering into the Contract.
- The exceptions listed above do not address items that are silent are not specified in detail in the Contract. Accordingly, Green Dot reserves the right to supplement this list of exceptions and negotiate additional revisions to the Contract.

Green Dot thanks the Commission for its review of the foregoing exceptions. Green Dot looks forward to discussing any proposed revisions to the Contract to commence a fruitful and collaborative relationship with the Commission and the state of Washington.

Charter School Board Member Information

To be completed individually by each proposed charter school board member.
All forms must be signed by hand.

Serving on a public charter school board is a position of public trust and fiduciary responsibility. As a board member of a public school, you are responsible for ensuring the quality of the school program, competent stewardship of public funds, and the school's fulfillment of its public obligations and all terms of its charter.

As part of the application for a new charter school, Washington State Charter School Commission (WSCSC) requests that each prospective board member respond individually to this questionnaire. Where narrative responses are required, brief responses are sufficient.

The purpose of this questionnaire is twofold: 1) to give application reviewers a clearer introduction to the applicant team behind each school proposal in advance of the applicant interview, in order to be better prepared for the interview; and 2) to encourage board members to reflect individually as well as collectively on their common mission, purposes, and obligations at the earliest stage of school development.

Background

1. Name of charter school on whose Board of Directors you intend to serve Green Dot Public Schools
2. Full name Andrew M. Buhayar
Home Address 
Business Name and Address 
Phone Number 
E-mail address 
3. Brief educational and employment history. (No narrative response is required if resume and professional bio are attached.)
 Resume and professional bio are attached. (*Below*)
4. Indicate whether you currently or have previously served on a board of a school district, another charter school, a non-public school or any not-for-profit corporation (to the extent not otherwise indicated in your response to Item 3, above).
 Does not apply to me. Yes
5. Why do you wish to serve on the board of the proposed charter school?

To ensure that initiative 1240 and the communities that it impacts are provided the best possible charter school opportunities. Green Dot's success in California does not guarantee success in Washington, but with careful planning and strong dialogue with the community I

believe the gains they have shown in public education elsewhere may be realized in the communities here.

6. What is your understanding of the appropriate role of a public charter school board member?

To act as an honest and candid advisor to the school board and community in which I serve.

7. Describe any previous experience you have that is relevant to serving on the charter school's board (e.g., other board service). If you have not had previous experience of this nature, explain why you have the capability to be an effective board member.

I have no prior board experience. From my consulting work I have supported many of the communities North and South of Seattle, some of which Green Dot is targeting. My planning efforts for hospitals and health systems have often involved hospital boards and community districts ultimately in the service of the communities in which they sit.

8. Describe the specific knowledge and experience that you would bring to the board.

Planning and analytic capabilities from multiple years advising health system clients.

School Mission and Program

1. What is your understanding of the school's mission and guiding beliefs?

Green Dot aims to serve the highest need students in Tacoma so that all students are equipped to be successful in college, leadership and life. Their model of high care, high structure and high expectations will prepare students to achieve this aim.

2. What is your understanding of the school's proposed educational program?

The educational program focuses on preparing middle school students to be high-school ready and high school students to be college-ready. The model focuses heavily on core subject proficiency, with extensive interventions in English and Math. Green Dot focuses on training and developing teachers and leaders in order to be highly effective in implementing this model.

3. What do you believe to be the characteristics of a successful school?

One that serves both the immediate and broader needs of the community by preparing a new generation of children for the challenges they will face globally. In addition, a successful school is one where students, teachers and administrators feel both challenged and supported. Teachers and leaders will be highly effective; students will demonstrate academic growth; the school will be safe; parents and community members will be involved and a college-going culture will permeate the school. Lastly, the school will be financially managed so that it's on the path to sustainability.

4. How will you know that the school is succeeding (or not) in its mission?

If by 2015 it succeeds in opening 1 middle school and over a reasonable timeframe shows measured progress against educational performance criteria and based on stakeholder survey data. Further, that it gain the respect of the community for what it achieves.

Governance

1. Describe the role that the board will play in the school's operation.

Advise and guide strategic decisions in support of both the application and potential implementation of a charter should it be awarded

2. How will you know if the school is successful at the end of the first year of operation?

If it has improved on its relationship with the community, maintained a healthy balance sheet in line with budget estimates, students demonstrated academic growth within the school year, students, parents and staff indicated satisfaction with the school in stakeholder surveys, and the school has started to build a safe and healthy school culture. Lastly, we would work with the Executive Director to understand how the administrators and teachers are performing on their multiple-measure evaluation systems and where they are on the path to becoming highly effective teachers and leaders.

3. How will you know at the end of four years of the school is successful?

If it has graduated its first class of students with educational performance measures ahead of where the community is currently operating, that it has maintained and improved on both its financial health as well as fundraising efforts, and that the community embraces the school and its teachers in full.

4. What specific steps do you think the charter school board will need to take to ensure that the school is successful?

Review Green Dot's application, visit Green Dot schools in California, review and track Green Dot's proposed financial and funding planning, review hiring planning, and participate in community outreach activities.

5. How would you handle a situation in which you believe one or more members of the school's board were acting unethically or not in the best interests of the school?

I would work with Green Dot to raise awareness of the questionable practices and look for appropriate opportunities to bring in other board members to capably support the interests of all stakeholders.

Charter School Board Member Information

**To be completed individually by each proposed charter school board member.
All forms must be signed by hand.**

Serving on a public charter school board is a position of public trust and fiduciary responsibility. 2. Full name Kimberly Lasher Mitchell
Home Address [REDACTED]

To offer insights about the local community environment, access to people and resources and general thought-partnership as Green Dot establishes itself in a new state.

7. Describe any previous experience you have that is relevant to serving on the charter school's board (e.g., other board service). If you have not had previous experience of this nature, explain why you have the capability to be an effective board member.

This is my first Charter board experience. I've served on numerous education-related boards over the last 20 years and am currently Board Chair for the International Baccalaureate Organization's Americas region and Board Treasurer at Teachers United (WA). For the last two years I worked with Teach For All, helping to establish and manage a new Board for a national education non-profit in Argentina.

8. Describe the specific knowledge and experience that you would bring to the board.

While at the Bill & Melinda Gates Foundation, I worked with several state education departments and partners on Race to the Top and Common Core initiatives (WA, NM, AZ, MN and AR). I'm also a former classroom teacher, high school vice principal and elementary principal. I can speak at the 30k level – and get into the weeds with great instruction.

Oversight, thought-partnership, championing.

2. How will you know if the school is successful at the end of the first year of operation?
Student results on multiple measures; community/parent surveys and media; teacher surveys and retention rates or net promotion score and interest high in joining/staying with Green Dot; strong operations/budget
3. How will you know at the end of four years of the school is successful?
Everything listed above trending up, plus data on middle school promotion, high school graduation and college acceptance rates (once Green Dot opens high schools).

Recruiting talent; identifying financial support and building sites; raising additional funds; communicating results
5. How would you handle a situation in which you believe one or more members of the school's board were acting unethically or not in the best interests of the school?
Non-profit board membership requires responsibility and accountability. I would review the code of ethics and immediately raise the issue with the board chair. If the chair is implicated, I would discuss with the next officer and follow up on the resolution of the issue.

Serving on a public charter school board is a position of public trust and fiduciary responsibility. As a board member of a public school, you are responsible for ensuring the quality of the school program, competent stewardship of public funds, and the school's fulfillment of its public obligations and all terms of its charter.

Background

1. Name of charter school on whose Board of Directors you intend to serve Green Dot
2. Full name Kaaren Andrews
Home Address 
Business Name and Address 
Phone Number 
E-mail address 
3. Brief educational and employment history. (No narrative response is required if resume and professional bio are attached.)
 Resume and professional bio are attached.
4. Indicate whether you currently or have previously served on a board of a school district, another charter school, a non-public school or any not-for-profit corporation (to the extent not otherwise indicated in your response to Item 3, above).
 Does not apply to me. Yes
5. Why do you wish to serve on the board of the proposed charter school?
I believe in the mission of Green Dot, and I see a need for schools like this in this region.
6. What is your understanding of the appropriate role of a public charter school board member?

My role is to support the development of the school, hold school officials accountable for the charter they developed, and provide oversight as needed.

7. Describe any previous experience you have that is relevant to serving on the charter school's board (e.g., other board service). If you have not had previous experience of this nature, explain why you have the capability to be an effective board member.

I have served on several boards in the past, however my most relevant experience is that of running an alternative school in Seattle serving the most vulnerable high school youth. It is through this experience that I see the tremendous need for a broader spectrum of options for the youth in our region.

8. Describe the specific knowledge and experience that you would bring to the board.

I am a school principal who has served both in the California charter school world as well as the traditional public school context. This experience gives me a broad perspective of what is needed for the most impacted students and the understanding of what each system can offer.

School Mission and Program

1. What is your understanding of the school's mission and guiding beliefs?

Green Dot is committed to serving a diverse, high poverty population of middle and high school students. They believe that all students can achieve their full potential, including access to college for all.

2. What is your understanding of the school's proposed educational program?

Green Dot will use a wide array of strategies that meet students at their current level of performance and target instruction from that point.

3. What do you believe to be the characteristics of a successful school?

I believe Green Dot has identified the critical qualities of a successful school -- quality teaching and instruction, a schedule that meets the needs of students, data driven decision making, and a college going culture.

4. How will you know that the school is succeeding (or not) in its mission?

I believe that it's critical to measure what we value. The Green Dot charter includes measurable data points that will allow the board to see whether the school is succeeding in its mission.

Governance

1. Describe the role that the board will play in the school's operation.

The Board has broader responsibilities; including setting the strategic direction of Green Dot Washington and creating organization-wide policies, but it will also be involved in the school's operation. The Board will monitor the school's academic and operational performance; consult with the school in its areas of expertise; help in fundraising and maintaining financial

sustainability; and oversee personnel actions. Board members will act as ambassadors for Green Dot among community leaders, funders, and opinion leaders.

2. How will you know if the school is successful at the end of the first year of operation?

After the first year, a successful school will demonstrate a class-going culture, with improved enrollment, attendance, retention, and safety. All students should be enrolled in a college-track curriculum. Parents and community members will be engaged as partners in ensuring the success of the school. The school should serve the highest-need students within the community.

3. How will you know at the end of four years of the school is successful?

Success after four years will be demonstrated by growth in proficiency and graduation rates, growth and development of teachers, high satisfaction in student and parent surveys, and a pervasive college-going culture.

4. What specific steps do you think the charter school board will need to take to ensure that the school is successful?

The Board will likely need to monitor the school's academic results, enrollment numbers, budgets, and teacher recruitment efforts. The Board will also take a role in fundraising efforts and major policy or personnel decisions.

5. How would you handle a situation in which you believe one or more members of the school's board were acting unethically or not in the best interests of the school?

If I believed a member of the Board were acting unethically or not in the best interest of the school, I would relay my concerns to the Board Chair, who would commission an investigation.

Charter School Board Member Information

To be completed individually by each proposed charter school board member.

All forms must be signed by hand.

Attachment #15 – Green Dot Washington State Board of Directors’ Proposed Code of Ethics and Conflict of Interest Policy

Green Dot Public Schools Washington State would look to adopt the following Code of Ethics and Conflict of Interest Policies.

CONFLICTS OF INTEREST POLICY

GREEN DOT PUBLIC SCHOOLS WASHINGTON STATE

Article I Purpose

The purpose of the conflict of interest policy is to protect Green Dot Public Schools Washington State's ("GDPSWA") interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the GDPSWA or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Article II Definitions

1. Interested Person

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person. If a person is an interested person with respect to any entity in which the organization is a part, he or she is an interested person with respect to all entities.

2. Financial Interest

A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

- a.** An ownership or investment interest in any entity with which the GDPSWA has a transaction or arrangement,
- b.** A compensation arrangement with the GDPSWA or with any entity or individual with which the GDPSWA has a transaction or arrangement, or
- c.** A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the GDPSWA is negotiating a transaction or arrangement. Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial. A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

Article III Procedures

1. Duty to Disclose

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

2. Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

3. Procedures for Addressing the Conflict of Interest

- a.** An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.
- b.** The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
- c.** After exercising due diligence, the governing board or committee shall determine whether GDPSWA can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
- d.** If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in GDPSWA's best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

4. Violations of the Conflicts of Interest Policy

- a.** If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.
- b.** If, after hearing the member's response and after making further investigation as warranted by the circumstances, the governing board or committee

determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Article IV Records of Proceedings

The minutes of the governing board and all committees with board delegated powers shall contain:

- a. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.
- b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

Article V Compensation

- a. A voting member of the governing board who receives compensation, directly or indirectly, from GDPSWA for services is precluded from voting on matters pertaining to that member's compensation.
- b. A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from GDPSWA for services is precluded from voting on matters pertaining to that member's compensation.
- c. No voting member of the governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from GDPSWA, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

Article VI Annual Statements

Each director, principal officer and member of a committee with governing board delegated powers shall annually sign a statement which affirms such person:

- a. Has received a copy of the conflicts of interest policy,
- b. Has read and understands the policy,
- c. Has agreed to comply with the policy, and

- d. Understands that GDPSWA is non-profit and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

Article VII Periodic Reviews

To ensure that GDPSWA operates in a manner consistent with its charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

- a. Whether compensation arrangements and benefits are reasonable, based on competent survey information, and the result of arm's length bargaining.
- b. Whether partnerships, joint ventures, and arrangements with management organizations conform to GDPSWA's written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes and do not result in inurement, impermissible private benefit or in an excess benefit transaction.

Article VIII Use of Outside Experts

When conducting the periodic reviews as provided for in Article VII, GDPSWA may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.

CODE OF ETHICS
FOR SCHOOL DIRECTORS, OFFICERS, AND EMPLOYEES

The Board of Directors recognizes that sound, ethical standards of conduct serve to increase the effectiveness of school Board of Directors and their staff as educational leaders in their community. Actions based on an ethical code of conduct promote public confidence and the attainment of school goals. Therefore, every officer and employee of the school, whether paid or unpaid, including the Board of Directors, shall adhere to the following code of conduct:

1. **Gifts:** An officer or employee shall not directly or indirectly solicit any gifts; nor shall an officer or employee accept or receive any gift having a value of \$75 or more, or gifts from the same source having a cumulative value of \$75 or more over a twelve-month period, whether in the form of money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form, if it could reasonably be inferred that the gift was intended to influence him or her in the performance of his or her official duties or was intended as a reward for any official action on his or her part.

However, the Board welcomes and encourages the writing of letters or notes expressing gratitude or appreciation to staff members. Gifts from children that are principally sentimental in nature and of insignificant financial value may be accepted in the spirit in which they are given.

2. **Confidential information:** An office or employee shall not disclose confidential information acquired by him or her in the course of his or her official duties or use such information to further his or her own personal interest. In addition, he/she shall not disclose information regarding any matters discussed in an executive session of the Board, whether such information is deemed confidential or not.

3. **Representation before the Board:** An officer or employee shall not receive or enter into any agreement, express or implied, for compensation for services to be rendered in relation to any matter before the school board.

4. **Representation before the Board for a contingent fee:** An officer or employee shall not receive or enter into any agreement, express or implied, for compensation for services to be rendered in relation to any matter before the school board, whereby the compensation is to be dependent or contingent upon any action by the school with respect to such matter, provided that this paragraph shall not prohibit the fixing at any time of fees based upon the reasonable value of the services rendered.

5. **Disclosure of interest in matters before the Board:** A member of the Board of Directors and any officer or employee of the school, whether paid or unpaid, who participates in the discussion or gives official opinion to the Board on any matter before the Board shall publicly disclose on the official record the nature and extent of any direct or indirect financial or other private interest he or she has in such matter. The term "interest" means a pecuniary or material benefit accruing to an officer or employee.

6. **Investments in conflict with official duties:** An officer or employee shall not invest or hold any investment directly in any financial, business, commercial or other private transaction that creates a conflict with his or her official duties.

7. **Private employment:** An officer or employee shall not engage in, solicit, negotiate for or promise to accept private employment when that employment or service creates a conflict with or impairs the proper discharge of his or her official duties.

8. **Future employment:** An officer or employee shall not, after the termination of service or employment with the Board, appear before the Board or any panel or committee of the Board, in relation to any case, proceeding, or application in which he or she personally participated during the period of his or her service or employment or that was under his or her active consideration. This shall not bar or prevent the timely filing by a present or former officer or employee of any claim, account, demand or suit against the district on his or her own behalf or on behalf of any member of his or her family arising out of any personal injury or property damage or for any lawful benefit authorized or permitted by law.

Distribution of Code of Ethics

The Executive Director shall cause a copy of this Code of Ethics to be distributed annually to every officer and employee of the school. Each officer and employee elected or appointed thereafter shall be furnished a copy before entering upon the duties of his or her office of employment.

Penalties

In addition to any penalty contained in any other provision of law, any person who shall knowingly and intentionally violate any of the provisions of the Board's code of ethics may be fined, suspended or removed from office or employment, as the case may be, in the manner provided by law.

INTRODUCTION

The GDPS School Leader Effectiveness Framework DRAFT is designed to ensure that every Green Dot school is led by highly effective school leaders and every student graduates from high school ready for success in college and beyond. The framework that follows describes in detail each component of the school leader development system, and how those components will benefit a school leader's professional growth and ultimately increase student achievement. In order to achieve these goals, the Green Dot School Leader Effectiveness Framework DRAFT incorporates the following critical components: School leader rubric, certificated and classified stakeholder surveys and student academic growth as measured by API (Academic Performance Index) and SGP (Student Growth Percentile). Green Dot is committed to developing and supporting school leaders and assuring that they embody the mission and vision of preparing students for college, leadership and life.

Green Dot Core Values

- An unwavering belief in all students' potential
- Passion for excellence
- Personal responsibility
- Respect for others and community
- All stakeholders are critical in the education process

To begin, the School Leader Rubric is a single part of the multiple measures which comprise Green Dot's professional growth and evaluation system. It is designed to support student achievement and professional best-practice through the domains of *Instructional Leadership, People Management, Resource Management, and School Culture*

The school leader rubric aligns with the Interstate Leadership Licensure Consortium (ISLLC) Standards. The rubric provides opportunities for continuous improvement and individual goals that target student achievement, school improvement, and professional growth.

Performances will be measured based on each domain and related standards at one of four levels: *Highly Effective, Effective, Emerging, Entry*.

Performance Levels Defined:

Highly Effective: School Leaders are highly effective when they have built the capacity of their teacher leaders to facilitate, model, and communicate the various aspects of a high performing school.

Effective : School leaders are effective when they have included all components of level "3" practice at a level of quality as described in each indicator.

Emerging: School Leaders are emerging if components of level 3 practices are mostly present but the quality of implementation is inconsistent.

Entry: School Leaders are entry if most components of level 3 practices are missing or the quality of implementation is poor.

Green Dot's School Leader Framework DRAFT provides a guide to expectations for excellent performance for all Green Dot School Leaders.

The purpose of the school leader framework is to create a common language and common definition of excellence among all school leaders. With this common language, formal and informal feedback can be given to administrators about their competency levels and performance. It is also the basis of our formal evaluation system, since evaluation ratings are made by a cluster director for each of his principals and by principals for each of their assistant principals on each of the indicators in this framework; upward feedback is based on this framework as well.

Effective leaders are interested in developing and adapting as needed. To do so, leaders need to reflect on their work, their actions and the ways they address challenging situations. The competency framework forms the lynchpin of a broader system for professional growth, which includes formal evaluation, professional development, informal feedback and coaching, rewards and recognition, career progression, and selection.

DESIGN PROCESS & ONGOING FEEDBACK MECHANISM

The school leader effectiveness rubric was designed through a collaborative process that incorporated the perspectives of many school leaders. The School Leader Focus Group has worked over the past two years to develop the framework and rubric, leveraging research and external models. The Education Team provided input at several points along the way and gave final approval. Special thanks to Gordon Gibbings, Sue Jean Foulkes, Alyce Prentice, Damon Hands, Samantha Matamoros, Taiala Regnier, Antonio Garcia, James Marin, Stephanie Mcilroy and Michelle Green for their dedication and endless hours building the framework and designing the rubric.

SCHOOL LEADER MULTIPLE MEASURES

PIE CHART

Recommendation: The School Leader Focus Group and Education Team members (CAO, VP of Education and Cluster Directors) provided ongoing feedback on the type of performance indicators that should be included in the multiple measures pie chart. Both the focus group and Education Team determined that in year one of the school leader evaluation, measures should be limited. This said, both the focus group and Education Team would like to see additional measures included in future pie charts as long as supports can be provided to school leaders to ensure consistency across the organization.

SCHOOL LEADERSHIP STAKEHOLDER FEEDBACK-Certificated

Recommendation: Each certificated staff member will receive the statements below along with the school leader rubric in order to provide a score for each standard in a domain. Additionally, all scores are aligned to the performance levels of the rubric. A comment box is provided in order for the certificated staff member to provide written feedback for each domain. - **Emerging(2):** School Leaders are emerging if components of level 3 practices are mostly present but the quality of implementation is inconsistent.
- **Entry(1):** School Leaders are entry if most components of level 3 practices are missing or quality of implementation is poor.

Attachment #19 – Green Dot Washington State Teacher Evaluation Tools

Teacher Evaluation

Green Dot Washington State would look to develop a multiple measure teacher evaluation system that takes into account classroom observation ratings per Green Dot Public Schools' College-Ready Teaching Framework, student growth data (with the exact model of student growth pending due to the transition in assessments), and stakeholder feedback.

The Washington State Executive Director and the Vice President of National Expansion will seek teacher input in the final design and recommendation.

Attachment #20 – Green Dot Washington State Proof of Commitment for Facilities

While Green Dot Washington State does not yet have a signed facility commitment, we have letters of support on the following pages that should demonstrate we are working with the necessary experts, lenders and developers in order to identify, finance and develop a facility in time for Green Dot's '15-'16 launch. In addition, we've included a tear sheet on one private facility Green Dot is considering pursuing – the former site of Rogers Elementary.

RE: Engagement Letter for Facilities Services

Dear Marco:

This letter hereby confirms Pacific Charter School Development, Inc. ("PCSD") engagement with Green Dot Public Schools ("Green Dot") to locate, secure, and (if necessary) construct new charter school facilities in Tacoma, Washington.

PCSD is a non-profit real estate development company that was created to help high-quality charter schools that operate in underserved communities locate and develop charter school facilities. PCSD is the largest developer of public schools in the nation having built nearly 50 schools serving 20,000 students.

PCSD's initial services will include:

- Site Identification – PCSD will leverage its project management team and brokers to identify off and on market sites that can be pursued for development. PCSD will then vet sites based on preliminary due diligence and client requirements to determine which sites to pursue.
 - Site Due Diligence – PCSD will investigate entitlement, environmental and constructability risks associated with target site to assess availability.
 - Develop Site Concepts – PCSD will work with a local architect to develop preliminary sketches for potential projects.
 - Negotiate Purchase and Escrow Terms for Sites – PCSD will negotiate terms with the seller that will support the purchase and development of the site.

PCSD is pleased to be working with Green Dot and looks forward to our engagement. Please contact me at (213) 542-4711 should you have any questions.

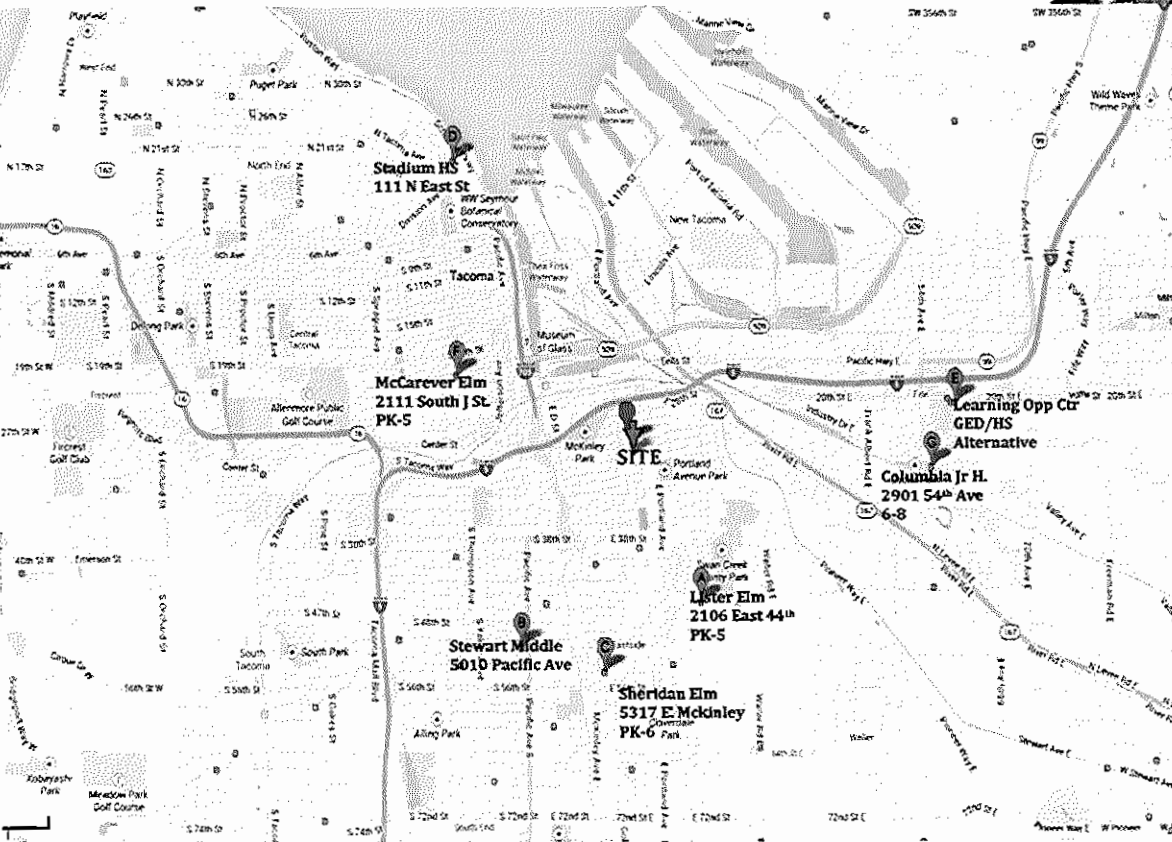

Sincerely,

New Application Budget and Cash Flow Template Instructions

General Instructions and Notes for New Application Budgets and Cash Flows

- Complete ALL SEVEN tabs in GREEN.
- Enter information into the GRAY cells ONLY. All other cells are locked and should remain locked.
- Cells containing RED triangles in the upper right corner contain guidance on that particular line item.
- All 'Notes' and 'Descriptions of Assumptions' columns are editable. Adding as much detail as possible in these columns is encouraged.

School Info Tab

- Enter in the Lead Applicant's name, email and phone number.
- In the row 'Year One' select the fiscal year the school will be in it's first operational year.
- In the row 'School Days' enter in the number of days the proposed school will be open for instruction.

Enrollment Tab

- Enrollment Section; Enter in cells D8 - M20 the anticipated enrollment for the proposed school by grade by year. The first five years are mandatory as those enrollment assumptions will directly impact the five year budget/operational plan.
- Student Population Section; Enter in cells D29 - M60 (gray only) the anticipated percentage of students for each population designation. These percentages entered will automatically generate the number of students anticipated for that designation based on the total enrollment entered.
- Under the Student Population section, certain designations, i.e. Average Daily Membership, contain comments in the cells where the line name exists. These comments are provided for additional guidance.

Personnel Tab

- Column C; Enter in the position title.
- Column D; Select from the drop down a category for which that position falls into. Categories contained in the dropdown align with the '5 YR Budget', 'Start-Up Budget' and 'Cash Flow' tabs.
***PLEASE NOTE** - Before selecting a category be sure to select the '5 YR Budget' tab to see where each category falls under in terms of the Personnel section.*
- Column E; Enter in the starting salary for that given position.
- Column F - J; Enter in the full-time equivalent (FTE) for that particular position for the given year.
- Cells N3 - R3; Enter in the anticipated percentage of salary increases for that given year. The table below row 3 will automatically calculate given the percentage entered, FTE and starting salary indicated.

Assumptions Tab

- Column C; All line descriptions are locked and are to remain locked except those shaded gray and named 'Custom'. Those lines can be edited by the applicant.
- Column E; Select either option 1 or option 2.
Option 1; Will generate a total based on a per pupil basis. For example, if an estimation of \$100 per student is desired, select option 1 in column E for that particular line and in column F (shaded green) enter in \$100. If enrollment is 100 students then the total for that line will be \$10,000 in Year 1.
Option 2; Will generate a total based on the school. For example, if the desired amount for that line is \$25,000 for the year, select option 2 in column E for that particular line and in column F (shaded blue) enter in \$25,000.
- Columns H-L; enter in the percentage increase OR decrease that is anticipated for that particular line from year to year.
*** PLEASE NOTE** - In the 'Payroll Taxes and Benefits' section; percentages entered will be that of total payroll for that particular year and NOT percentage of increase from year to year.*

5 YR Budget Tab

- Nothing needs to be entered into this tab other than assumptions in the 'Descriptions of Assumptions' column, column J. ALL revenues and expenses are automatically calculated based on the 'Enrollment', 'Personnel' and 'Assumptions' tabs.

Start-Up Budget Tab

- Column D; Enter the revenues and expense the proposed school expects to receive and incur during the start-up period.

Cash Flow Tab

- Columns D - J; Enter the revenues and expenses the proposed school anticipates receiving and incurring during the start-up phase in the corresponding months. The amounts received and incurred, as a whole, should tie out to the figures entered into the 'Start-Up Budget' tab. Overview

In building out the Green Dot Washington State School Budget, we looked at comparable costs in existing Green Dot California schools, worked with the Washington State Charter School Association (WSCSA) and EdTec to develop our assumptions. The budget represents our best knowledge of revenue and costs to date.

Green Dot would like to open up a small cluster of schools in Washington State over the next five years, pending the success of the first school. In addition to the services and support provided by the Green Dot National/Home Office, we will also open a Regional Office in Washington State to support the schools' academic, financial and operational needs.

Green Dot Washington State – School Model

Attachment #24

Key Assumptions – Revenue

- Number of Students: Green Dot plans to operate an independent phase-in middle school (grades 6-8) in Washington State. We plan to phase in one grade at a time.
 - Our school budget assumes an enrollment of 600 students (150 per grade). Our proposed student-to-teacher ratio in Washington State is approximately 20:1 at scale.
 - Green Dot has assumed an attendance rate of 95% based on the experience of Green Dot's middle independent schools in California.
- Per Pupil Funding - Basic Education Program: \$5,297 per student for Washington State Schools per the Washington State Charter Commission's guidance. The model does assume any increase in per pupil funding.
- Average Daily Membership: Based on enrollment experience in Green Dot California schools, we are assuming an Average Daily Membership (ADM) of 98%, which drives the total amount of per pupil funding available.
- Transportation: \$381 per student based on the assumptions from the Washington State Charter School Commission. To be conservative, we have assumed all students require transportation at this stage. We would amend this assumption once our final facility location is identified.
- Title I Funding: \$400 per FRL student per analysis done by the Charter School Development Center. We are assuming that 82% of our students will qualify for free or reduced priced meals based on student demographics in surrounding areas in Tacoma.
- Learning Assistance Program: \$466 per FRL student based on the assumptions from the Washington State Charter School Commission and assuming that 82% of our students will qualify for free or reduced price meals.

- Special Education Reimbursement: \$5,048 per special education student per the Washington State Charter School Commission up to 12.7% of students. We have assumed a special education population of 15% based on the surrounding districts
- Please note, the Financial Plan Workbook template did not allow for Green Dot to cap state special education reimbursement at 12.7%. Since Green Dot expects to have a special education population of 15%, the financials overstate special education revenue by approximately \$23,000 in Year 1, \$46,000 in Year 2, and \$70,000 in Year 3 and beyond.
- IDEA Reimbursement: \$1,433 per special education student per the Charter School Development Center and assuming that 15% of our students have an Individualized Education Program (IEP) based on student demographics at schools surrounding our target location in Tacoma.
- Transitional Bilingual: \$891 per English Language Learner (ELL) per the Washington State Charter Commission.
- Title III Program (ESL): \$175 per English Language Learner (ELL) based on analysis conducted by the Charter School Development Center.
- Local Levy Funding: We assume that the Tacoma Maintenance & Operations levy will be passed in February of 2018. We assume revenues of \$2,459 per student beginning in May 2019, based on dividing the current Tacoma levy funding of \$82,000,000 by the total TPS enrollment of 33,341 to get a per-pupil average.
- Foundation Funding / Federal Grants: Green Dot anticipates receiving philanthropic commitments to cover initial school start-up costs and network support. Green Dot has secured \$4.2MM from a national foundation in order to support this work. (Evidence attached) We have reached out to local and national foundations and will be applying for federal, state and other public grants to help support our expansion efforts in Washington State.
- School Site Fundraising: We have not included any school site fundraising in the school budget.
- After-school Programming: No revenue is assumed from after-school programming since these programs will likely be funded by in-kind contributions or through a partnership with a local community organization or Green Dot's ability to secure competitive federal grants for this work. The ability for Green Dot to offer after-school programs will depend on the availability of partner organizations and access to funding.
- Breakfast / Lunch / Snack: Green Dot has assumed the standard federal rates for free, reduced and paid breakfast, lunch and snack. Green Dot has predicted that 62% of the population will qualify for free lunch, 20% for reduced lunch and 18% for paid lunch.

	Breakfast	Lunch	Snack
Free	\$1.58	\$2.93	\$0.80

Reduced	\$1.28	\$2.53	\$0.80
Paid	\$0.28	\$0.28	\$0.80

Key Assumptions – Expenses

- Principals will have some discretion to make spending decisions that are aligned to the goals of the school and meet the needs of students, as long as total spending remains within budget.
- Personnel Expenses:
 - Salary and benefits assumptions are listed in the “Personnel” tab of the Budget Workbook.
 - The model does not assume any increases in inflation or salary expenses since we do not assume any increase in per pupil funding rates.
 - Green Dot Washington State will make every effort to ensure that our compensation and benefits policies are competitive with peer organizations. The chart below provides an overview of Green Dot’s proposed compensation structure based on comparable salaries from Green Dot California (so staff members are incentivized to relocate). Salary ranges may be adjusted for local trends.

	Salary / Wages	Count
Principal	\$100,000-\$120,000	1.00

- Social Security: 6.2% of salary as suggested by the Washington State Charter School Commission.
 - Medicare: 1.45% of salary per full-time employee per the Washington State Charter School Commission.
 - State Unemployment: 2.02% of salary per full-time employee per the Washington State Charter School Commission.
 - Workers Compensation: 1.7% of salary per full-time employee per EdTec.
 - Health, Dental and Vision: 11% of salary per full-time employee per EdTec and by analyzing district costs within Washington State.
 - Retirement Benefits: 11% of salary per all employee classes per EdTec and by analyzing district costs within Washington State.
- Green Dot has budgeted Summer Bridge costs of \$5,034 in Year 0 for two weeks of culture-building, diagnostic testing and remediation before the start of the first year. The costs increase to \$13,000 in future years to account for three additional weeks of student remediation.
 - Green Dot assumes a substitute cost of \$100 per student and a teacher stipend cost of \$50 per student.
 - Staff development is assumed at \$100 per school employee to cover conferences and educational publications. The majority of staff development will be provided internally.
 - Green Dot estimates \$2,000 per SPED student to cover education services and consultant costs. This is in addition to SPED employees employed by the school.
- Books, Educational Materials and Supplies:
 - In Years 0,1, and 2 Green Dot Charter Middle School will spend approximately \$50,000 (\$250 per new student) on books, educational materials and supplies. In addition, Green Dot Charter Middle School will spend \$20,000 on reference materials in Year 0. Twenty-five percent of textbooks are assumed to need replacement every year. Five percent of reference materials are assumed to need replacement every year.
 - On an ongoing basis, Green Dot Charter Middle School #1 will spend \$200 per student on testing supplies, office materials and supplies and printing/copying.
 - Each teacher will receive \$500 for classroom materials and supplies per year.

- Other Student Related Expenses:
 - In Year 0, Green Dot Charter Middle School will spend \$50,000 for equipment and supplies for electives and \$25,000 for student recruitment.
 - On an ongoing basis, Green Dot Charter Middle School will budget \$120 per student to electives, general student supplies, student events and field trips and \$15,000 to student recruitment.

- Equipment
 - In Year 0, Green Dot Charter Middle School will spend \$100,000 for classroom equipment, classroom FFE, and Office FFE. Classroom equipment includes smart boards and projectors.
 - In Years 1 and 2, Green Dot will spend \$78,000 and \$68,000 respectively on classroom equipment until the school has reached scale.
 - Estimates for classroom and office furniture, fixtures and equipment (FFE) (e.g., desks, chairs, file cabinets) are approximately \$4,500 per classroom. .

- Technology:
 - Green Dot Charter Middle School will spend approximately \$78,000 in Year 0 on new student and staff computers. On an ongoing basis, Green Dot Charter Middle School will spend on average ~\$150K on computers, laptop carts, educational software, non-educational software and equipment repair.
 - Technology is critical for the intervention courses Green Dot runs as well as online testing will be required for middle schools early in the transition to Common Core assessments.
 - Depending on how much school start-up philanthropy Green Dot receives, Green Dot may either purchase or lease its staff and student computers. Green Dot's laptop refresh policy is every three years.
 - At scale, Green Dot Charter Middle School will have three student computer labs or laptop carts (~90 computers). In addition, we have planned for 40 computers to be placed in various classrooms to provide students with online educational and remediation programs.
 - Administrators, teachers and office staff laptops are included as well.
 - Education technology licenses include programs such as Read 180, System 44 and APEX. Ongoing costs include books and materials that supplement the online educational programs.

- Non-educational software includes expenditures associated to the firewall, student information system, asset tracking software and other data applications.
- E-rate revenues and expenses have not been not included.
- Facilities:
 - We assume a 10% per enrolled student for facilities occupancy cost since Green Dot will partner with the Washington State Facilities Fund.
 - This 10% is applied to all public funds, and will increase on a dollar basis once Green Dot gets a full year of levy funding in 2019-2020. (Only a half year of levy funding is assumed for 2018-2019).
 - Green Dot Charter Middle School will spend approximately \$100,000 each year on utilities (gas, electric, water), routine maintenance and custodial costs.
- Services, Other Operating Expenses:
 - Transportation for Washington State schools is estimated to cost \$350 per student.
 - The federal reimbursement revenue for school food will cover the majority of school food expenditures; Green Dot anticipates a small percentage loss (~3%) from school meals.
 - \$60,000 is allocated towards professional services such as: operation and housekeeping services, security services, insurance, professional/consulting services (e.g., audit, payroll consulting) and legal services in Years 1 and 2. \$70,000 is allocated towards professional services on an ongoing basis.
- Shared Service Fees:
 - Shared Service Fee to Green Dot: In exchange for Washington State Regional Office and National/Home Office services and support, Washington State schools will pay approximately a 9-10% management fee on its public student funding. Green Dot plans to collaborate with Green Dot Washington State schools before determining its ultimate management fee, and this management fee may adapt over time.
 - This shared services fee is on all public sources of funding, but would not include levy dollars until the full levy was available to Green Dot.
- Authorizer Oversight Fee:
 - Authorizer Oversight Fee to the Washington State Charter School Commission: Green Dot has included a 4% authorizer oversight fee on the Basic Education Program per Commission guidance.

Model Sensitivities

The Green Dot Charter Middle School financial model is most sensitive to: 1) the amount of per pupil funding and availability of local levy dollars, 2) school enrollment, 3) facilities costs, and 4) certificated teacher salaries and benefits.

In addition, to ensure positive monthly cash balances, Green Dot has assumed foundation/philanthropic funding to support its start-up costs.

Should these assumptions change, our school projections will be greatly impacted as well.

Funding Contingency

Since the all-in per pupil allotment in Washington State is greater than in Los Angeles, Green Dot Washington State expects to be able to operate effectively even if funds are delayed or lower than expected. However, in the event that state and federal funds are severely delayed or much lower than expected or Green Dot has a large shortfall in enrollment, Green Dot Washington State will use best practices developed through experiences in California to determine contingency budgets for each school.

The Washington State Manager of Finance and Business Affairs will work directly with the Green Dot Washington State Charter Middle School Principal to identify areas in their budgets that can be streamlined to help meet the new budget demands. Some examples of potential measures include:

- Reducing the amount allocated to classroom materials and supplies
- Reducing the amount allocated to office materials and supplies
- Deferring technology upgrades or replacement

Green Dot California schools have access to multiple credit facilities (i.e., revolving lines of credit through Wells Fargo and other lending institutions). Green Dot would establish similar lines of credit for Green Dot Charter Middle School as well.

**Re: U.S. Programs Grant Number OPP1096252
WA Charters CMO Startup**

Dear Mr. Petruzzi:

The Bill & Melinda Gates Foundation (the "Foundation") is pleased to award Green Dot Public Schools ("GDPS") a grant in the amount of \$4,200,000 for the period beginning on the date you sign this agreement (the "Start Date") to June 30, 2016 (the "Grant Period"). This agreement (the "Grant Agreement") contains the terms and conditions of this grant.

Charitable Purpose of the Grant. The charitable purpose of this grant is to support the expansion of Green Dot Public Schools into the state of Washington and the launch of at least one school in 2015-2016, as described in your proposal (the "Proposal") and budget (the "Budget") dated October 11, 2013 (together, the "Project").

Tax Status. GDPS confirms that under the United States Internal Revenue Code of 1986 (the "Code") it is exempt from federal income tax under section 501(c)(3) and is not a private foundation within the meaning of section 509(a) of the Code. You agree to advise us immediately if there is any change in your organization's tax status during the Grant Period.

Use of Grant Funds. Grant funds may only be used for the Project. Any grant funds unexpended or uncommitted at the end of the Grant Period must be promptly returned to the Foundation. Any Budget cost category change of more than 10% must be approved in writing by the Foundation in advance. You may not use the grant funds to reimburse any expenses you chose to incur prior to the Start Date.

Political Campaign/Lobbying Activity. Grant funds may not be used to influence the outcome of any election for public office or to carry on any voter registration drive. There is no agreement, oral or written, permitting the grant funds to be directed to or earmarked for lobbying activity or other attempts to influence local, state, federal, or foreign legislation. You confirm that the amount of funds received from the Foundation each year for this Project, including any other grant funds awarded by the Foundation for the Project, will not exceed the amount budgeted each year for nonlobbying activities. You agree to comply with lobbying, gift and ethics rules applicable to the Project under local, state, federal or foreign law. The Foundation is not retaining or employing you to engage in lobbying activities.

Investment of Grant Funds. Grant funds must be invested in highly liquid investments (such as interest-bearing bank accounts) with the primary objective of preservation of principal so that they are available for the Project. The Foundation requires you to report the amount of any interest or other

income generated by the grant funds, including currency conversion gains (collectively "Interest"). Any Interest must be used for the Project. At the end of the Grant Period, any remaining Interest must be applied to another of your Foundation-funded projects (current or under consideration).

Anti-Terrorism. You confirm that you are familiar with the U.S. Executive Orders and laws prohibiting the provision of resources and support to individuals and organizations associated with terrorism and the terrorist related lists promulgated by the U.S. Government. You will use reasonable efforts to ensure that you do not support or promote terrorist activity or related training, or money laundering.

Anti-Bribery. Grantee shall not offer or provide money, gifts or any other thing of value, directly or indirectly, to anyone in order to improperly influence any act or decision relating to the Project, including by assisting any party to secure an improper advantage. Training and information on anti-bribery act compliance requirements is available here: www.learnfoundationlaw.org.

Subgrants and Subcontracts. You have the exclusive right to select subgrantees and subcontractors for the Project. The Foundation has not earmarked the use of the grant funds for any specific subgrantee or subcontractor. You, and not the Foundation, are responsible for ensuring that all subgrantees and subcontractors use grant funds consistent with this Grant Agreement and the Proposal. Neither you nor your subgrantees or subcontractors may make any statement or otherwise imply to donors, investors, media or the general public that the Foundation directly funds the activities of any subgrantee or subcontractor. Any agreements with subgrantees and subcontractors you engage to assist with the Project must include the following language: "Your organization has been selected to participate in this Project at our discretion. You may not make any statement or otherwise imply to donors, investors, media or the general public that you are a direct grantee of the Bill & Melinda Gates Foundation ("Foundation"). You may state that Green Dot Public Schools is the Foundation's grantee and that you are a subgrantee or subcontractor of Green Dot Public Schools for the Project."

Payments and Reports. This table shows the deliverables (including reports) and milestones for this grant. Where indicated, the Foundation's payment is contingent on satisfaction of the listed deliverable and/or milestone. The Foundation may authorize changes to the payment and reporting schedules from time to time where appropriate. The Foundation will confirm any such changes in writing.

The Foundation has the right at its discretion to terminate or suspend the grant or withhold payment if (a) the Foundation is not reasonably satisfied with your progress on the Project; or (b) significant leadership or other changes occur that the Foundation believes may threaten the Project; or (c) you fail to comply with any term or condition of this Grant Agreement. On termination, if requested by the Foundation, you agree to promptly return to the Foundation any unspent and uncommitted grant funds (as of the date of termination) previously distributed to you by the Foundation for the Project.

Evaluation. The Foundation values research and evaluation of the projects it funds. You agree to inform the Foundation of any research or evaluation you conduct or commission regarding the Project and to provide to the Foundation a copy of any report or findings from the research or evaluation. The Foundation or its evaluation partner will notify you in writing of your inclusion in any research project undertaken by the Foundation. If you are selected to participate in Foundation-sponsored research or evaluation for the Project, you agree to (a) allow and facilitate the Foundation's evaluation partner to implement an evaluation plan; (b) identify an on-site evaluation coordinator who will serve as a contact; (c) facilitate the collection of data; and (d) permit the Foundation to disseminate the results of the research or evaluation. The Foundation's evaluation partner will provide appropriate privacy and other protections to participants.

Data Collection and Release to Foundation. From time to time, the Foundation may request you or an appropriate entity to: (i) participate in surveys; (ii) respond to requests for information; and (iii) provide certain data to the Foundation for additional research and evaluation during the Grant Period and for a period of five (5) years following the Grant Period. You agree to reasonably comply with such requests and that the Foundation may disseminate such data and research results. Unless otherwise specified in writing, the Foundation will only request data related to individuals that is de-identified or aggregated at a level where such data will not be considered "personally identifiable".

Global Access. You will conduct and manage the Project and the resulting products, services, processes, technologies, materials, software, data and/or other innovations (collectively, "Funded Developments") in a manner that ensures "Global Access." *Global Access* requires that (a) the knowledge and information gained from the Project be promptly and broadly disseminated and (b) the Funded Developments be made available and accessible at an affordable price (i) to people most in need within developing countries or (ii) in support of the U.S. educational system and public libraries, as applicable to your proposed Project. The Foundation is making this grant in reliance on the descriptions and answers provided to the Foundation in your Proposal and during the course of any pre-award and post-award due diligence. Your Global Access obligations will survive the Grant Period.

Grant Announcements, Public Reports and Use of Foundation Name and Logo. The Foundation will include information on this grant in our periodic public reports and may make grant information public at any time on its web page and as part of press releases, public reports, speeches, newsletters, and other public documents. If you wish to issue a press release or announcement regarding the award of this grant, you must obtain advance approval from the Foundation of the press release and the date of release. You also agree to obtain advance approval from the Foundation for any other use of the Foundation's name or logo. The Foundation requests an opportunity to review and comment on subsequent press releases or reports that are directly related to the grant. Please contact the Foundation at Grantee.Comms@gatesfoundation.org at least two weeks before any press release, announcement or other publication date. Further information is available at:

Counterparts; Original. This Grant Agreement, including any amendments, may be executed in counterparts which, when taken together, will constitute one Grant Agreement. Copies of this Grant Agreement will be equally binding as originals and faxed or scanned and emailed counterpart signatures will be sufficient to evidence execution, though the Foundation may require you, the grantee, to deliver original signed documents.

Assignment. This Grant Agreement or any of the rights or obligations under this Grant Agreement may not be assigned without the Foundation's prior written consent. An assignment includes (a) any transfer of the Project; (b) an assignment by operation of law, including a merger or consolidation, or (c) the sale or transfer of all or substantially all of your organization's assets.

Entire Agreement, Severability and Amendment. This Grant Agreement is our entire agreement and supersedes any prior oral or written agreements or communications between us regarding its subject matter. The provisions of this Grant Agreement are severable so that if any provision is found to be invalid, illegal, or unenforceable, such finding shall not affect the validity, construction, or enforceability of any remaining provision. This Grant Agreement may be amended only by a mutual written agreement of the parties.

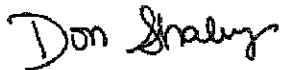

The Foundation's award of this grant does not guarantee that subsequent or additional grants will be made by the Foundation to support Green Dot Public Schools. Any requests for funding are subject to the Foundation's normal review and approval process.
