INTRODUCTION

The Washington State Charter School Commission (Commission) was created in 2013, after the approval of Initiative 1240, and ratified when Engrossed Second Substitute Senate Bill 6194 became law in April 2016, to serve as a statewide charter school authorizer. The 11-member Commission is tasked with running a process to approve new charter schools, and effectively monitor the schools it authorizes through ongoing oversight. Per the Charter School Act, the Commission has established its strategic vision for authorizing to guide its work:

The Washington State Charter School Commission seeks to authorize high-quality schools that will significantly improve student outcomes, particularly for at-risk students. The Commission will hold schools accountable for student learning using multiple measures of student achievement.

The Commission seeks to build a diverse portfolio of school delivery models that expands the authority of teachers and school leaders and encourages and accelerates the identification and use of best practices in teaching and learning. It also seeks to develop, test, and document innovative, new ideas that can be replicated in other Washington schools.

The Commission expects schools to have authentic and sustainable connections to the communities they serve. These connections are evidenced by strong commitments from community and business stakeholders, systems for ensuring cultural sensitivity, responsiveness to all students and their families, and effective, engaged governance boards.

Note: at-risk students are defined in RCW 28A.710.010(2):

“At-risk student” means a student who has an academic or economic disadvantage that requires assistance or special services to succeed in educational programs. The term includes, but is not limited to, students who do not meet minimum standards of academic proficiency, students who are at risk of dropping out of high school, students in chronically low-performing schools, students with higher than average disciplinary sanctions, students with lower participation rates in advanced or gifted programs, students who are limited in English proficiency, students who are members of economically disadvantaged families, and students who are identified as having special educational needs.

The Commission is an agency that is guided by its mission, strives to achieve its vision, and aspires to operate in alignment with a set of core values.

Mission

To authorize high-quality charter public schools and provide effective oversight and transparent accountability to improve educational outcomes for at-risk students.

Vision

Foster innovation and ensure excellence so that every student has access to and thrives in a high-quality public school.

Values

Accountability/Responsibility

Transparency

Innovation

High Expectations

The Charter School Act requires the Commission to issue a solicitation for applications (New Charter School Application) to open new charter schools annually. Through the issuance of this New Charter School Application, the Commission seeks applicants to open new high-quality charter schools throughout the State of Washington that are aligned with its strategic vision. Since its inception, the Commission has worked to develop and refine a rigorous, thorough, and transparent new school solicitation process.

DEFINITIONS

The Commission is committed to authorizing schools that are culturally responsive. The Commission requires applicants to demonstrate how they will implement the following concepts throughout their application:

Agency (Student, Teacher, Family)

The Commission understands "agency" to be a recognition that every person has inherent assets shaped by their own unique life experience and should be encouraged and empowered to make choices about and take an active role in shaping their own education. Outcomes improve when people have agency in their education. Therefore, effective schools promote agency in their students, teachers, and the students' families.

Educational Equity

The Washington State Charter School Commission (Commission) is committed to fostering innovation and ensuring excellence so that every student has access to and thrives in a high-quality public school.

As the state's only non-district and statewide charter school authorizer, the Commission's mission is to authorize high-quality charter public schools, especially schools designed to expand opportunities for students who have been underserved, and to ensure the highest standards of accountability and oversight for these schools.

The Commission is committed to closing opportunity gaps between the state’s most and least privileged groups of students within the educational system. It has a moral and legal obligation to cultivate charter schools where socio-economic status and protected groups status such as race, gender, language, sexual orientation, national origin, and disability cease to be a predictor of academic and life outcomes. Educational equity benefits all students and our entire community.

The Commission will align its practices, policies and procedures and support the charter schools it authorizes and oversees to achieve and maintain educational equity.

Inclusion

Inclusion involves bringing together and harnessing diverse forces and resources in a way that is beneficial to all. Inclusion puts the concept and practice of diversity into action by creating an environment of involvement, respect, and connection — where the richness of ideas, backgrounds, and perspectives are harnessed to create value. Organizations need diversity, equity, and inclusion to be successful.¹

Culturally Responsive Pedagogy

Culturally-responsive pedagogy is the use of cultural knowledge, prior experiences, frames of reference, and performance styles of ethnically diverse students to make learning encounters more relevant to, and effective for, them.²

Cultural Competence

Cultural competence is based on integrating the awareness and learned skills needed to effectively and sensitively educate, work with, and serve people from diverse backgrounds and social identities. These skills enable the educator to build on the cultural and language assets and qualities that young people bring to the classroom rather than viewing them as deficits.³

Cultural competence allows educators to ask questions about their instructional practice in order to successfully teach students who come from different cultural backgrounds.

Developing skills in cultural competence is like learning a language, a sport, or an instrument. The learner must learn, relearn, continuously practice, and develop in an environment of constant change. Cultures and individuals are dynamic – they constantly adapt and evolve.

Cultural competence is:

1. Knowing the community where the school is located,
2. Understanding all people have a unique world view,
3. Using curriculum and implementing an educational program that is respectful of and relevant to the cultures represented in its student body,
4. Being alert to the ways that culture affects who we are,
5. Places the focus of responsibility on the professional and the institution,
6. Examining the negative and disproportionate impact of systems, structures, policies and practices on all students and families particularly those who come from different cultures and background.

ADMINISTRATIVE INFORMATION AND REQUIREMENTS

ELIGIBILITY

This New Charter School Application process seeks applications for schools that plan to open and serve students in the 2021-2022 school year. Applicants may request an additional planning year (school to open in 2022-2023), but the school must provide good cause for delaying the proposed school's opening. This delay, if granted by the Commission, will count as an extension of the school's one year planning delay under RCW 28A.710.160. All applications will be reviewed for the same standards regardless of their intended opening date.

By law, only nonprofit organizations may operate charter schools in the state of Washington. An applicant must be either a public benefit nonprofit corporation as defined in RCW 24.03.490, or a nonprofit corporation as defined in RCW 24.03.005 that has applied for tax exempt status under section 501(c)(3) of the Internal Revenue Code of 1986 (26 U.S.C. Sec. 501(c)(3)). The nonprofit corporation may not be a sectarian or religious organization and must meet all of the requirements for a public benefit nonprofit corporation before receiving any funding under RCW 28A.710.220.

Additionally, contracts for management operation of a charter school may only be with nonprofit organizations. Contracts with education service providers for substantial educational services, management services, or both, must also be with a nonprofit organization. Proof of nonprofit corporation status of such contractors must be provided.

Applications will be reviewed for satisfaction of the eligibility requirements (see Completeness Review). If these eligibility requirements are not met, the application may be summarily rejected.

Please note that the terms "application" and "proposal" are used interchangeably throughout this document.

RESERVATION OF RIGHTS

The Commission reserves the right to reject any and all applications for any reason, reissue the New Charter School Application, or cancel the New Charter School Application, as deemed appropriate by the Commission. **Applicants are expected to review this New Charter School Application closely and monitor any revisions made to the process or content.**

Upon release of this New Charter School Application, all applicant communications must be directed to the New Charter School Application Coordinator. Unauthorized contact with other state employees or representatives may result in disqualification. All oral communications will be considered unofficial and non-binding. WAIVER OF MINOR ADMINISTRATIVE IRREGULARITIES

The Commission reserves the right to waive minor administrative irregularities contained in any application.

ERRORS IN APPLICATION

Applicants are liable for all errors or omissions contained in their applications. Applicants will not be allowed to alter application documents after the deadline. The Commission is not liable for any such errors. The Commission reserves the right to contact the applicant for clarification of application contents, including through the Capacity Interview process.

MISREPRESENTATIONS ON APPLICATION

An application containing a material misrepresentation in the information or documentation submitted may be denied. A material misrepresentation includes, but is not limited to, one that is inaccurate or misleading, or a representation that, if accurately reported, could impact the rating that an applicant would receive on any applicable criteria. If, after a school is authorized, it is learned that the application contained a material misrepresentation, the resulting contract may be deemed null and void by the Commission.

PLAGIARISM

The content of an application must be a product of the applicant’s own efforts and shall not be copied from other sources, with the exception of quotes that are properly attributed. For applications containing material whose original source is not their own, the applicant must properly and completely attribute the material to its primary source and show that it has permission to utilize the material. Plagiarism is strictly prohibited and will result in automatic disqualification of the application. If, after a school is authorized, it is learned that a portion of the application was plagiarized, the resulting contract may be deemed null and void by the Commission.

MINORITY AND WOMEN-OWNED BUSINESS PARTICIPATION

In accordance with RCW 39.19, the Commission encourages participation in applications in response to this New Charter School Application by organizations certified by the Office of Minority and Women’s Business Enterprises (OMWBE), on a direct or subcontractor basis. However, no preference for charters, including such organizations, will be given in the evaluation of applications, no minimum level of OMWBE participation shall be required as a condition for approval of a charter, and applications will not be rejected or considered non-responsive on that basis.

NO OBLIGATION TO CONTRACT

The Commission may deny applications that fail to meet statutory or authorizer requirements (RCW 28A.710.140). The Commission also reserves the right to refrain from contracting with any and all applicants.

WITHDRAWAL OF APPLICATION

Applicants may withdraw an application that has been submitted prior to the Commission Resolution Meeting (identified on the Timeline). To accomplish application withdrawal, a written request (an email attachment is allowed) signed by an authorized representative of the applicant must be submitted to the New Charter School Application Coordinator by 5:00 p.m. PT on June 21, 2020.

Failure to respond to the Commission according to the Timeline, or failure to respond to an inquiry or communication from the Commission to the applicant's designated representative, shall be deemed a withdrawal.

NOTIFICATION OF COMMISSION DECISIONS

All applicants will be notified by email after a decision has been made. The date of notification will be the date the email is sent.

TERMS AND PROVISION OF THE SAMPLE CONTRACT

Submission of an application constitutes acceptance of the solicitation contents and the sample contract constitutes acceptance of all terms and requirements stated therein. The sample contract, which is incorporated by reference, is located on the Commission's website at <https://charterschool.wa.gov/applying/application-information/application-materials/>.

COMPONENTS OF THE APPLICATION PROCESS

Application Orientation

Four in-person New Charter School Application Orientations designed to support prospective charter school applicants will be conducted. The dates and locations of each orientation can be found on the Timeline. The purpose of these day-long orientations is to deepen applicants' understanding of:

1. The requirements and expectations of the New Charter School Application;
2. How applications will be evaluated;
3. The purpose and format of the Capacity Interview and Public Forum; and
4. Changes that have occurred to the New Charter School Application since the last cycle.

For more information regarding the New Charter School Application Orientations, please visit <https://charterschool.wa.gov/applying/application-information/>.

Applicant Questions

Clarifying questions from applicants about the New Charter School Application, its content and/or evaluation standards will be allowed consistent with the *Timeline*. All questions must be submitted in writing (email acceptable) to the New Charter School Application Coordinator. Official written Commission responses will be provided for questions received by the deadlines, and will be posted at <https://charterschool.wa.gov/applying/application-information/>. Questions received after the deadline will be answered at the Commission's discretion. For this reason, applicants are encouraged to read the application and pose any and all questions well in advance of the deadline.

Applicants submitting questions will not be identified. Verbal responses to questions will be considered unofficial and non-binding. Only written responses posted to the Commission website listed above will be considered official and binding.

Applicants are encouraged to review the requirements of this New Charter School Application carefully, and submit any comments and recommendations to the New Charter School Application Coordinator. Where application requirements appear to prohibit or restrict an organization's participation, an explanation of the concern as well as suggested alternative language should be submitted in writing to the New Charter School Application Coordinator by the deadline for Applicant Questions and Comments in the Timeline.

Applicant Complaints

Applicants are expected to raise any questions, exceptions, or requested additions they have concerning the New Charter School Application requirements early in the New Charter School Application process. Applicants may submit specific complaints to the New Charter School Application Coordinator if the applicant believes the New Charter School Application contains inadequate or improper criteria, or that the application evaluation process unnecessarily restricts competition, or is flawed or unfair. The complaint must be made in writing to the New Charter School Application Coordinator before the due date set forth in the Timeline. The complaint should clearly articulate the basis for the complaint and include a proposed remedy. Complaints already raised may not be raised again during the Protest Procedures described on pages 17-18.

The New Charter School Application process will continue while complaints are being reviewed and responses are presented. Should an applicant complaint identify a change that would be in the best interest of the State to make, the Commission may modify this New Charter School Application accordingly. The modification to the New Charter School Application will be in writing and made in the form of an amendment to the New Charter School Application, and will be posted at <https://charterschool.wa.gov/applying/application-information/application-materials/>

The Commission's decision on a complaint is final and no further administrative appeal is available.

Notice of Intent to Apply (NOI)

Prior to application, the nonprofit organization **must** first submit a Notice of Intent to Apply. The purpose of the NOI is to aid in planning for the Commission, as well as inform the public of the location of the proposed charter school. The NOI is nonbinding, and applicants may choose not to pursue a full application. Please note that after the submission of the NOI, the Commission, as a courtesy, will notify the school districts listed on the NOI. Additionally, the Commission will put out a press release. Applicants should be prepared for media inquiries.

Submission of Application

The formal application to the Commission and is a comprehensive description of the school's educational, organizational, and financial plans. It consists of a narrative and multiple attachments.

Attachments

Throughout the application, specific documents are requested in addition to narrative answers. A comprehensive list of the attachments is provided in Appendix B.

Completeness Review

All proposals will be reviewed for completeness before they are accepted and distributed to the evaluation teams. A proposal will be found to be incomplete if it is missing responses to required application sections, certifications, assurances, attachments, signatures, etc. or is incorrectly formatted. Applicants will be notified of a proposals' completeness or incompleteness per the Timeline. It should be noted that *findings of completion* are not indicative of the *quality* of the proposal. For findings of incompleteness, applicants will have 24-hours to remedy any identified area of incompleteness. Changes or updates will need to be completed within 24-hours of the New Charter School Application Coordinator sending the Completeness Review report. Proposals that remain incomplete after the 24-hour completeness window will be disqualified from further review. Applicants are encouraged to reapply in future years.

Evaluation

A team of trained evaluators use the New Charter School Application Evaluation Rubric to conduct an independent evaluation of written applications. Evaluators also conduct the Capacity Interview. The team is made up of individuals with expertise in education, school operations and, school finances. The Commission strives to create teams with geographic and demographic diversity.

Due Diligence

The decision to approve a proposal to open and operate a charter public school requires a thorough vetting of the applicant and the components of the application. The Commission may engage in due diligence to verify and evaluate the information submitted as part of the evaluation process. Due diligence may include, but is not limited to:

1. Contacting individuals who may have knowledge about the information submitted and/or individuals associated with the applicant organization in order to evaluate the accuracy and validity of the information provided in the application; and
2. Review of information and documentation obtained from external sources in order to evaluate the accuracy and validity of the information provided in the application.

Relevant information gleaned through this due diligence process will be reduced to writing in a due diligence report and provided to the evaluation team and the Commission if there are any concerns regarding the applicant team, board members, organizational partners, or nonprofit entity.

Capacity Interview

Applicants who submit a completed proposal will be invited to an in-person Capacity Interview. The Capacity Interview is an opportunity for the applicant to demonstrate their team’s capacity to open a high-quality charter school, as well as answer specific questions about their proposal. The Capacity Interview is facilitated by the state and national expert evaluators reviewing the applicant’s proposal.

Interviews will be held **ONLY** on the days listed in the Timeline. **Applicants are encouraged to keep the dates entirely open in their calendars.** Applicants will be notified of their assigned interview time as soon as possible. Due to significant logistical challenges, it is highly unlikely that any changes to assigned interview times will be possible.

Public Forum

Applicants who submit a completed proposal must participate in a Public Forum facilitated by the Commission. The Public Forum provides an opportunity for the parents, community members, local residents, and school district board members and staff to learn about and provide input on the proposed charter school. Applicants are required to share with the Commission and the public an overview of their proposed school. The Public Forum will be facilitated by the Commission and held as close as possible to the location of the proposed charter school.

While the Public Forum is not scored, information gleaned from this process may be used to evaluate the applicant. Applicants will be given a notice of their scheduled Public Forum date no later than two weeks after Completeness Review findings are disseminated. Public Forums will **ONLY** be held on these days; applicants are requested to **keep the dates entirely open in their calendars.** Due to significant logistical challenges, it is highly unlikely that any changes to the agreed upon Public Forum will be possible.

Recommendation Report

Based on the applicant’s proposal and Capacity Interview, the evaluation team provide their findings to Commission staff who then prepare an official recommendation report. The report will recommend either approval, conditional approval, or denial of a proposal. The recommendation is then submitted to the Commission for their consideration. The report is also made available to the applicant. The recommendation report is nonbinding and the Commission has final authority to approve or deny a proposal.

Commission Resolution Meeting

Applicants are invited to attend the Commission’s June 25, 2020 meeting where they will be allowed to provide a short presentation regarding their application and then engage in a question and answer session with Commissioners. Commission will pass resolutions approving or denying charter school applications.

Optional Applicant Debriefing Conference

Applicants whose applications were not approved by the Commission may request an optional debriefing conference, with Commission staff, to discuss the evaluation of their application within the date range specified in the Timeline. The request must be in writing (email acceptable) and addressed to the New Charter School Application Coordinator.

The purpose of this debriefing is to discuss the factors considered in the evaluation of the application and address questions and concerns about the applicant's performance with regard to the New Charter School Application requirements. This conference will not include any discussion of, or comparison to applications from any other applicant, nor will it be an opportunity to challenge the evaluation ratings or argue the merits of the application.

Protest Procedures

Only applicants whose applications were not approved by the Commission AND who participate in a debriefing conference may make protests. Upon completion of the debriefing conference, the applicant has five (5) business days to file a formal protest of the New Charter School Application with the New Charter School Application Coordinator.

Protests must be received by the New Charter School Application Coordinator no later than 5:00 p.m. PT on the fifth (5th) business day following the debriefing. Protests may be submitted by email, but must be followed in hard-copy form with an original signature.

In the event a protest may affect the interest of another applicant that also submitted an application, such applicant will be given an opportunity to submit its views and any relevant information on the protest to the New Charter School Application Coordinator.

Applicants submitting protests shall follow the procedures described below. Protests that do not follow these procedures will not be considered. This protest procedure constitutes the sole administrative remedy available to applicants. All protests must be in writing, addressed to the New Charter School Application Coordinator, and signed by the protesting party or an authorized Agent.

1. The protest must state the New Charter School Application issue date, the grounds for the protest with specific facts believed to support the applicant's protest, and complete statements of the action(s) being protested.
2. The protests must contain a description of the relief or corrective action being requested.
3. Only protests stipulating an issue of fact concerning the following subjects will be considered:
 - a. A matter of bias, discrimination, or conflict of interest on the part of an evaluator; and/or

- b.** Non-compliance with procedures described in the New Charter School Application or Commission policy.
- 4.** Protests not based on the issues itemized in item 3 will not be considered.
- 5.** Protests will be rejected as without merit if they address issues such as:
 - a.** An evaluator’s professional judgment on the quality of an application; and/or
 - b.** The Commission’s assessment of its own and/or other agencies’ or communities’ needs or requirements.
- 6.** Upon receipt of a protest, a protest review will be held by the Commission. The Commission will assign responsibility for responding to the protest to a person who was not involved in the New Charter School Application or evaluation process; this person will prepare a recommendation report and submit it to the Commission.
- 7.** The Commission will consider the protest recommendation report, record all available facts, and issue a decision; the decision must be issued within five (5) business days of receipt of the protest. If additional time is required, the protesting party will be notified of the delay.

The final determination of the protest shall:

- 1.** Find the protest lacking in merit and uphold the Commission’s action, denying the protest; or
- 2.** Find only technical or harmless errors in the New Charter School Application and evaluation process and determine the Commission to be in substantial compliance, denying the protest; or
- 3.** Find merit in the protest and provide the Commission options, which may include:
 - a.** Correcting the errors and reevaluating all applications;
 - b.** The reissue of the New Charter School Application and conducting a new process; and/or
 - c.** The making of other findings and the determination of other courses of action as appropriate.

Logic Model

“The program logic model is defined as a picture of how your organization does its work – the theory and assumptions underlying the program. A program logic model links outcomes (both short- and long-term) with program activities/processes and the theoretical assumptions/principles of the program” (W.K. Kellogg Foundation Evaluation Handbook, 1998).

The Commission expects applicants to develop and submit a logic model specific to the proposed school model. Developing a logic model allows an applicant to visually depict their understanding of the challenges ahead, the resources available, and the timetable in which to accomplish their goals.

Fundamentally, a logic model is a systematic and visual way for an applicant to present and share their understanding of the relationship among the resources the applicant has to operate their school, the activities the school will deploy, and the changes the applicant hopes to achieve.

The W.K. Kellogg Foundation has a helpful resource to support groups and individuals in the development of their logic model. To access this resource, please visit the following website: <https://www.wkkf.org/resource-directory/resource/2006/02/wk-kellogg-foundation-logic-model-development-guide>

The Educational Program Terms identify the essential components of the educational program that the applicant considers critical to the school's success *and* for which the applicant is prepared to be held accountable to the Commission and the public. The Commission's oversight and evaluation of the proposed school's educational program will focus on successful implementation of the program's design elements and educational program terms. **Applicants should identify no fewer than three and no more than five Educational Program Terms.**

The Educational Program Terms should be *minimum* expectations. Applicants need not – and should not – include all of the things that they want the school to be. Rather, applicants should include a set of minimum measurable programmatic components that will enable the Commission to objectively validate that the program the proposed school is offering is fundamentally consistent with what the school is advertised to be.

Articulate the Educational Program Terms in a way so that objective measurable evidence that can be used to determine whether the proposed school has met the expectations. Avoid general statements about the school culture or learning environment. **Focus on specific, measurable components** that will establish that culture or learning environment.

The Educational Program Terms will become an attachment to the charter contract. It will not replace the Commission's ultimate focus on performance standards set out in the Academic Performance Framework.

Note: The Educational Program Terms are different from school-specific goals (Section 23) that the proposed school must develop as a part of its Academic Performance Framework, because Educational Program Terms focus on process rather than student outcomes. In other words, the school-specific academic performance goals focus on what students will achieve. By contrast, the Educational Program Terms should capture the essentials of what students will experience. See the Commission's website for examples of Educational Program Terms.

Address the process when student interest in the program exceeds capacity. Applicant must describe how the school will pay for student participation in district sponsored interscholastic programs.

Note: Extracurricular activities may be offered or coordinated by a school, but may not be explicitly connected to academic learning (sports teams or student clubs). Co-curricular activities are an extension of the formal learning experiences in a course or academic program (science fair or learning exhibitions if they are not formally graded or credited).

3. Describe the plan for outreach to families to apprise them of supplemental programming opportunities. Describe how this plan will be inclusive.
